SITE AREA: 88.298 acres

PROPERTY OWNER: Optimist Club of Town & Country Round Rock

AGENT: Thrower Design, LLC (A. Ron Thrower)

CASE MANAGER: Sherri Sirwaitis (512-974-3057, sherri.sirwaitis@austintexas.gov)

STAFF RECOMMENDATION:

Staff recommends GR-CO, Community Commercial-Conditional Overlay Combining District, zoning. The conditional overlay will prohibit the following uses on the property: Bed & Breakfast Residential (Group 1 and Group 2), Short Term Rental, Administrative & Business Offices, Art Gallery, Alternative Financial Services, Art Workshop, Automotive Rentals, Automotive Repair Services, Automotive Sales, Automotive Washing (of any type), Bail Bond Services, Business or Trade School, Business Support Services, Commercial Off-Street Parking, Communication Services, Consumer Convenience Services, Consumer Repair Services, Drop-Off Recycling Collection Facility, Exterminating Services, Financial Services, Food Preparation, Food Sales, Funeral Services, General Retail Sales (Convenience and General), Hotel-Motel, Indoor Entertainment, Medical Offices (Exceeding 5,000 sq/ft of gross floor area), Medical Offices (Not exceeding 5,000 sq/ft of gross floor area), Off-Site Accessory Parking, Outdoor Entertainment, Pawn Shop Services, Pedicab Storage & Dispatch,

Personal Improvement Services, Personal Services, Pet Services, Plant Nursery, Printing & Publishing, Professional Office, Research Services, Restaurant (General and Limited), Services Station, Software Development, Special Use Historic, Theater, Custom Manufacturing, College & University Facilities, Community Recreation (Public), Counseling Services, Cultural Services, Hospital Services (General and Limited), Private Primary Educational Services, Public Primary Education Services, Private Secondary Educational Services, Public Secondary Educational Services and Safety Services.

ZONING AND PLATTING COMMISSION ACTION / RECOMMENDATION:

January 16, 2024: Postponed to February 6, 2024 at the applicant's request by consent (8-0, W. Floyd and A. Flores-absent); B. Greenberg-1st, D. Fouts-2nd.

February 6, 2024: Postponed to February 20, 2024 at the applicant's request by consent (8-0, L. Stern-absent); B. Greenberg-1st, A. Flores-2nd.

February 20, 2024: Postponed to March 5, 2024 at the staff's request by consent (6-0); B. Greenberg-1st, A. Flores-2nd.

March 5, 2024: Approved staff's recommendation of GR-CO zoning by consent (6-0, S. Boone, K. Garrett and L. Stern-absent); B. Greenberg-1st, A. Flores-2nd.

CITY COUNCIL ACTION:

ORDINANCE NUMBER:

ISSUES: N/A

CASE MANAGER COMMENTS:

The property in question consists of 88.29 acres that is a legally platted lot (known as Lot 1, Block A of the Town & Country Park Addition Subdivision) and is developed with an Outdoor Sports and Recreation use (Town & Country Sports - Miracle Field). The property was annexed by the city in 2010 through Ordinance No. 20101118-031. However, it does not have permanent zoning and is currently designated as I-RR, Interim-Rural Residence. There is floodplain (Lake Creek) running through the property from the northwest to the southeast. The tracts of land to the north are located within the county and developed with a multifamily complex (Springs at Lakeline Apartment Homes). To the east, there are townhomes (Parmer Village Townhomes) zoned MF-4 and single-family residences in the county. The lots to the south and west, are designated I-SF-2 and are developed with single family and duplex residences.

In this request, the applicant is asking for GR-CO zoning to establish permanent zoning on the site to accommodate both Outdoor Sport and Recreation and Indoor Sports and Recreation uses (*please see Applicant's Request Letter – Exhibit C*). The proposed zoning will permit the existing baseball fields and associated surface parking on the property and will allow for new construction of a building that will accommodate an office and Indoor Sports and Recreation use (basketball court).

The staff recommends the applicant's request for GR-CO, Community Commercial-Conditional Overlay Combining District, zoning. The property meets the intent of the GR district as it will provide recreational services to meet neighborhood and community needs. This lot is accessible as it has three frontage points (Briarwick Drive, a Level 3/minor arterial roadway, that connects with Amberglen Boulevard, another Level 3/minor arterial roadway, that connects with W. Parmer Lane, a Level 4/principal of major arterial, to the east; Morris Road, a Level 1/local, residential collector, that leads out out to Anderson Mill Road, a Level 4/major arterial roadway, to the south and Meadow Heath Drive, a Level 1/local residential collector to the west). The proposed GR-CO zoning will allow for a reasonable use of the property as applicant has proposed a conditional overlay that will prohibit more intensive commercial uses from being developed at this location adjacent to residential homes. The proposed zoning will allow for a reasonable use of the property as it will bring the existing Outdoor Sports and Recreation use into conformance with use regulations in the City of Austin Land Development Code.

The applicant agrees with the staff's recommendation.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

Community Commercial district is intended for office and commercial uses serving neighborhood and community needs, including both unified shopping centers and individually developed commercial sites, and typically requiring locations accessible from major traffic ways.

Conditional Overlay combining district may be applied in combination with any base district. The district is intended to provide flexible and adaptable use or site development regulations by requiring standards tailored to individual properties.

2. *The proposed zoning should allow for a reasonable use of the property.*

The proposed GR-CO zoning will allow for a reasonable use of the property as it will bring the existing Outdoor Sports and Recreation use into conformance with use regulations in the City of Austin Land Development Code. In addition, establishing permanent zoning on the site will permit the development of new recreational uses to provide additional services to the surrounding community.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	I-RR	Outdoor Sports and Recreation (Town & Country Sports - Miracle Field)
<i>North</i>	County	Multifamily (Springs at Lakeline Apartment Homes)
<i>East</i>	MF-4, County	Townhomes (Parmer Village Townhomes), Single-Family Residences
<i>South</i>	MF-2, I-SF-2	Undeveloped, Single-Family Residences, Duplex Residences
<i>West</i>	I-SF-2	Single-Family Residences, Duplex Residences

	Industrial Land: Preserves or enhances industrial land.
2	Total Number of "Yes's"

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Lake Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is a floodplain within or adjacent to the project location. Based upon the location of the floodplain, offsite drainage should be calculated to determine whether a Critical Water Quality Zone exists within the project location.>

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2-year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Fire

Approved. No comments.

Parks and Recreation

There are no parkland dedication requirements associated with this proposed land use.

Site Plan

A site plan will be required for any new development other than single-family, two-family or duplex residential.

Any new development is subject to the design standards in Subchapter E of the Land Development Code. Additional comments will be made when the site plan is submitted.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 ft. or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations. For example, intensive recreational uses (including all ball fields and recreational buildings) may not be located within 50 feet or less from property in an SF-5 or more restrictive zoning district.

In the event that demolition or relocation of existing buildings is proposed, the applicant is responsible for requesting demolition or relocation permits at the appropriate stage of the development process. The City Historic Preservation Office will review all proposed building demolitions and relocations. If a building meets city historic criteria, the Historic Landmark Commission may initiate a historic zoning case on the property.

Transportation

The adjacent street characteristics table is provided below:

Name	ASMP Classification	ASMP Required ROW	Existing ROW	Existing Pavement	Sidewalks	Bicycle Route	Cap Metro (within 1/4 mile)
Briarwick Drive	Level 3/ Minor or Major Arterial	116 feet	87 feet	33 feet	Yes	No	No
Morris Drive	Level 1/ Local, Residential Collector	58 feet	70 feet	40 feet	No	No	No
MeadowHeath Drive	Level 1/ Local, Residential Collector	58 feet	60 feet	24 feet	No	No	No

A Neighborhood Traffic Analysis is required and will be performed for this project by ATD staff. Results will be provided in a separate memo. LDC 25-6-114. NTA requires three (3) consecutive 24-hour tube counts, preferably on Tuesday, Wednesday, and Thursday, during a non-holiday week when school is in session. Staff will contact the applicant to discuss the

location of the tube counts. Results will be provided in a separate memo. LDC 25-6-114. NTA fees will be added in AMANDA. This comment will be cleared once the Memo is approved and the fees are paid.*

***On October 12, 2023, the Transportation Planner, Sean Conway, confirmed with the engineers in the Transportation and Public Works Department that an NTA is not required in this instance.**

FYI – 116 feet of feet of right of way is required for BriarWick Drive in accordance with the Austin Strategic Mobility Plan. LDC 25-6-55. Please contact Williamson County regarding any potential required right-of-way dedication.

Water Utility

No comments on zoning change.

FYI: The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance.

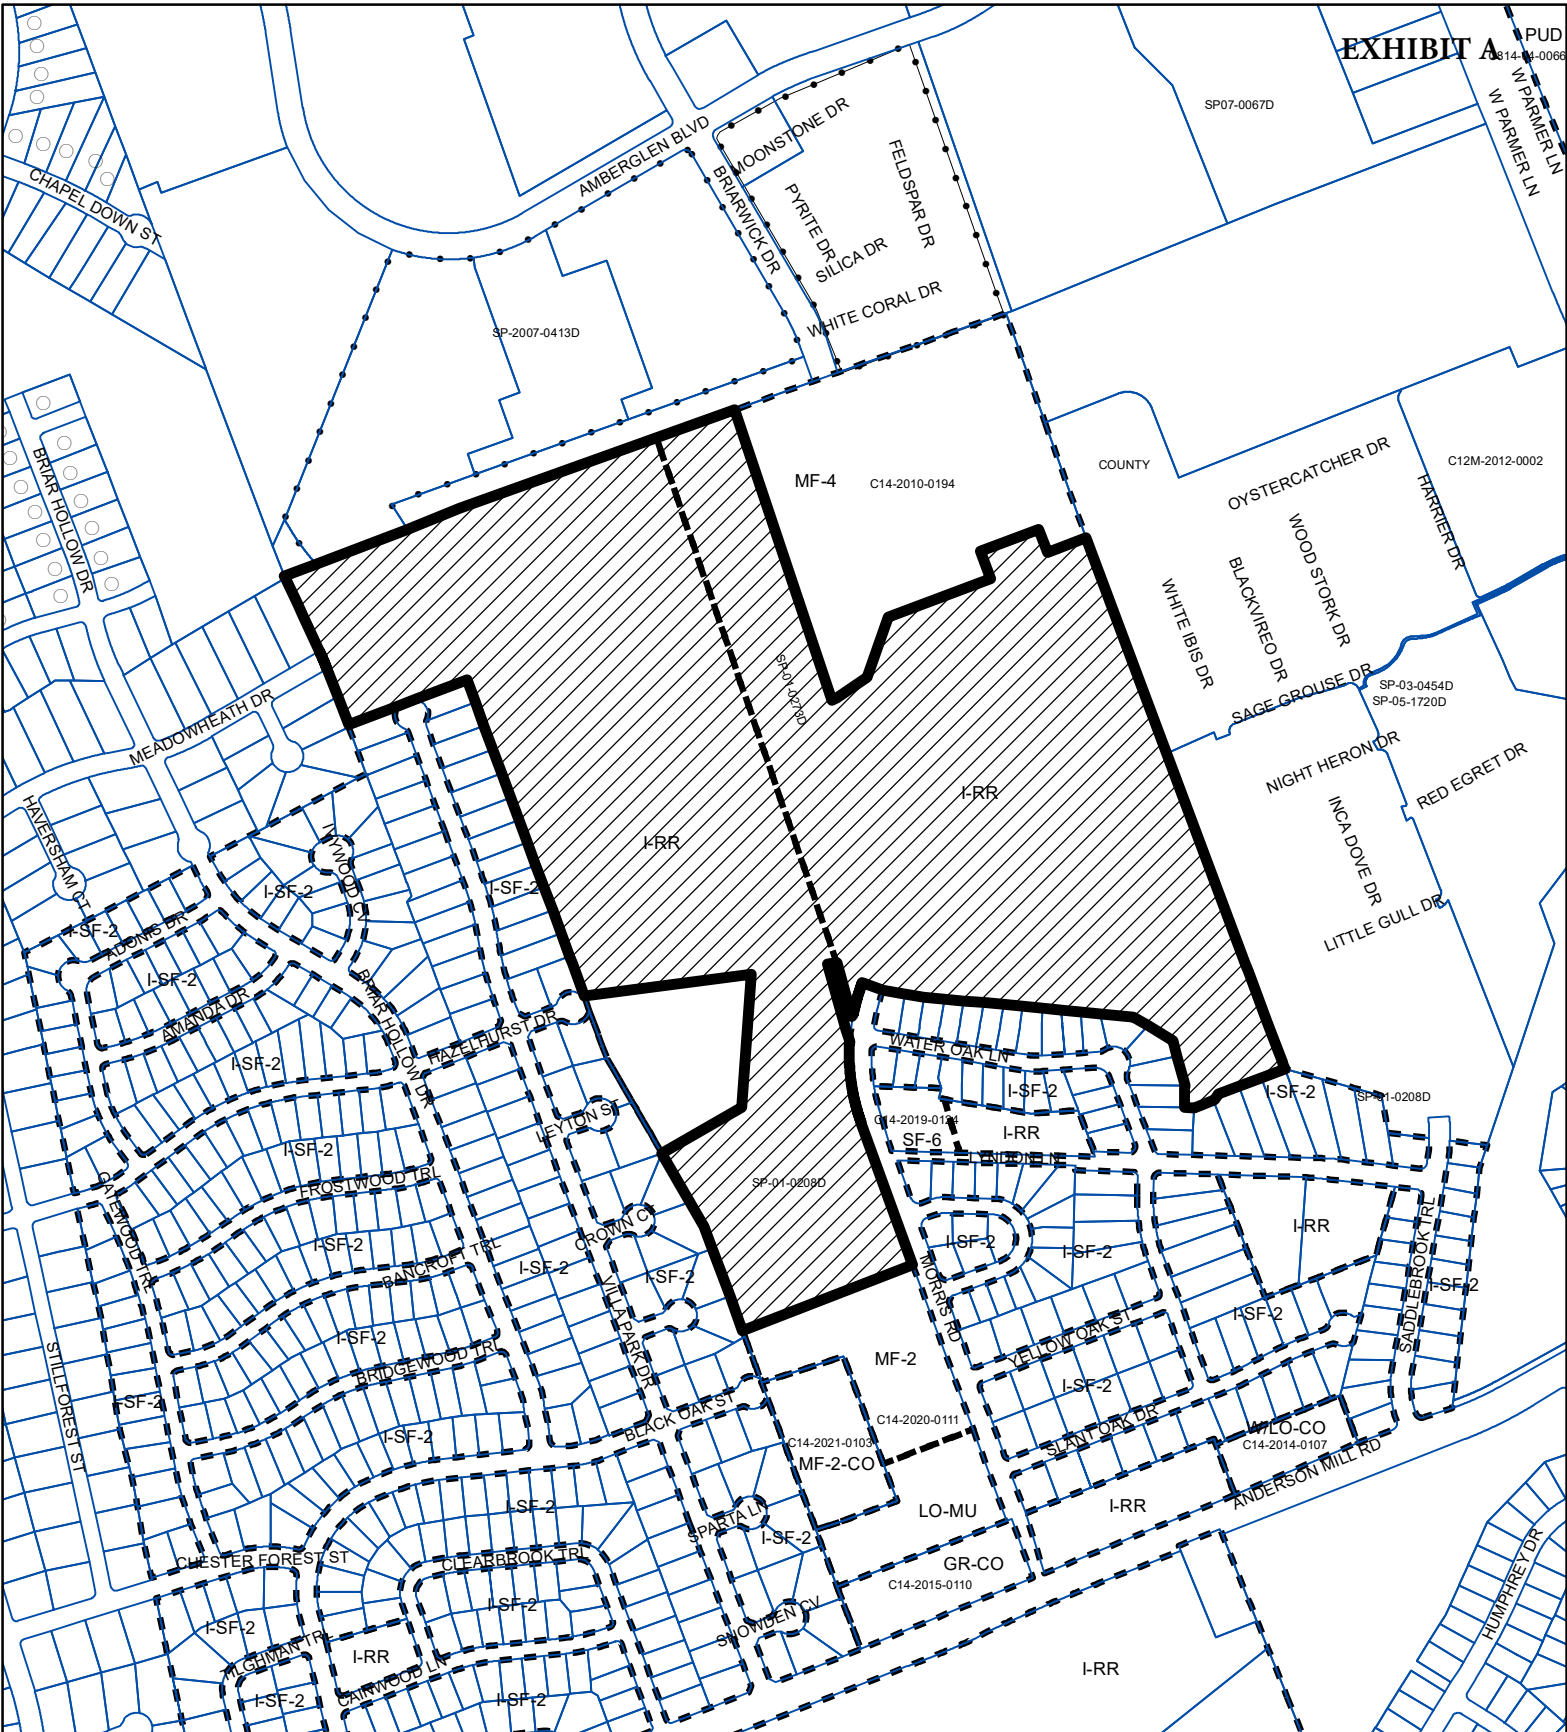

Depending on the development plans submitted, water and or wastewater service extension requests may be required.

All new development within the proposed project will be subject to City Code Chapter 25-9 and any future amendments relating to reclaimed water connections, water benchmarking, and mandatory onsite water reuse.

All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

Re: Rezoning Application – Optimist Club Recreation – 13504 ½ Briarwick Drive, 9100 Meadowheath Dr.,
13332 Villa Park Dr., 13300-134011 Morris Road

Dear Mrs. Middleton-Pratt:

On behalf of the Owner(s) of the property referenced above, we respectfully submit the enclosed rezoning application. The subject lands are legally platted as Lot 1, Block A of the Town & Country Park Addition subdivision, comprised of 88.29 acres. The land is located within Council District 6, represented by Mackenzie Kelly and is owned by the Optimist Club.

The subject tract is zoned "I-RR" and the request is to establish permanent zoning of "GR-CO" zoning to accommodate both Outdoor and Indoor Sports & Recreation uses. The property is currently used for Outdoor Sports & Recreation use with 33 baseball fields and associated/customary parking and improvements. The rezoning will bring use of the property into compliance with zoning regulations and will allow for new construction of a building that will accommodate an Indoor Sports and Recreation use, intended for indoor sports courts (basketball).

The Conditional Overlay will prohibit the following uses:

Automotive Rentals

Automotive Repair Services

Automotive Sales

Automotive Washing (of any type)

Bail Bond Services

Drop-Off Recycling Collection Facility

We respectfully request support for the requests made. Please contact our office should you have need for additional information. Thank you for your time and attention to this application.

Kind regards,

P.O. BOX 41957, AUSTIN, TEXAS 78704

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to participate in a public hearing, you are not required to participate. This meeting will be conducted both online and in-person at which you will have the opportunity to speak FOR or AGAINST the proposed development or change. Contact the case manager for further information on how to participate in the public hearings. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

Staff is conducting a pilot program to receive case-related comments online which can be accessed through this link or QR code:
<https://bit.ly/ATXZoningComment>.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before the public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice. Correspondence and information submitted to the City of Austin are subject to the Texas Public Information Act (Chapter 552) and will be published online.

Comments: Under no way do we want this change!
The traffic for TC Redfield is already a headache for everyone in the area. The traffic is just like a parade up and down Meadows West every Saturday and Sundays, it is even worse. Morris Rd is worse, people that live in the area cannot get to their homes due to the parking problem. How do you propose the traffic problem, access?

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to participate in a public hearing, you are not required to participate. This meeting will be conducted both online and in-person at which you will have the opportunity to speak FOR or AGAINST the proposed development or change. Contact the case manager for further information on how to participate in the public hearings. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.
