

**Motion Sheet**

I move to amend item 83 version 2, to amend beginning at line 19:

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

The City of Austin adopts the State of Homelessness Response System report and modeling as a guideline to inform ~~and guide~~ investments in the homelessness response system.

And to insert a new paragraph, beginning at line 24:

**BE IT FURTHER RESOLVED:**

The City Council recognizes that the needs identified in this report are not static. As the community's needs shift and external factors -such as housing costs - fluctuate, regular updates to the plan will be essential. When making initial or future recommendations under this plan, the City Manager is directed to collaborate with ECHO, homeless service providers, Travis County, people who have received services from the homelessness response system, and additional community stakeholders. Additionally, when making these recommendations, the Manager is directed to balance the interventions in a manner that matches clients with the appropriate intervention best suited for their success.
