

SECOND/THIRD READINGS SUMMARY SHEET

CASE: C14-2024-0169 (Zimmerman SF North)

DISTRICT: 10

ADDRESS: 11300 Zimmerman Lane

APPLICANT: Barbara Allen Agnew and Brian Matthew Smith

AGENT: Jackson Walker LLP (Pamela Madere)

CASE MANAGER: Sherri Sirwaitis (512-974-3057, sherri.sirwaitis@austintexas.gov)

REQUEST:

Approve second and third readings of an ordinance amending City Code Title 25 by rezoning property known as 11300 Zimmerman Lane from development reserve (DR) district zoning to townhouse and condominium residence-conditional overlay combining (SF-6-CO) district zoning.

PREVIOUS CITY COUNCIL ACTION:

May 22, 2025: Approved SF-6-CO by consent on 1st reading only (11-0); Z. Qadri-1st, R. Alter-2nd.

ISSUES: N/A

ZONING CHANGE REVIEW SHEET

CASE: C14-2024-0165 (Zimmerman SF South) DISTRICT: 10

ADDRESS: 11301 Zimmerman Lane

ZONING FROM: DR

TO: SF-6

SITE AREA: 6.62 acres

PROPERTY OWNER: Barbara Allen Agnew and Brian Matthew Smith

AGENT: Jackson Walker LLP (Pamela Madere)

CASE MANAGER: Sherri Sirwaitis (512-974-3057, sherri.sirwaitis@austintexas.gov)

STAFF RECOMMENDATION:

Staff recommends SF-6, Townhouse and Condominium Residence district, zoning.

ZONING AND PLATTING COMMISSION ACTION / RECOMMENDATION:

February 18, 2025: Postponed to March 18, 2025 at the applicant's request by consent (8-0, S. Boone, D. Fouts and T. Major-absent); R. Puzycki-1st, A. Flores-2nd.

March 18, 2025: Approved SF-6-CO zoning, with conditional overlay to limit the property to a maximum of 4 units per acre (Vote: 6-2-1, F. Portu and L. Stern-No, D. Fouts-absain, C. Thompson, R. Puzycki and W. Floyd-absent); B. Greenberg-1st, C. Tschoepe-2nd.

CITY COUNCIL ACTION:

April 24, 2025: Postponed to May 8, 2025 at the request of the neighborhood by consent (11-0); J. Vela-1st, V. Fuentes-2nd.

May 8, 2025: Postponed to May 22, 2025 at the neighborhood's request by consent (11-0); M. Siegel -1st, P. Ellis-2nd.

May 22, 2025: Approved SF-6-CO by consent on 1st reading only (11-0); Z. Qadri-1st, R. Alter-2nd.

June 5, 2025

ORDINANCE NUMBER:

ISSUES:

On May 5, 2025, the neighbors filed a petition in opposition to any category other than DR zoning. The staff reviewed the petition and it is currently invalid at currently stands at 9.44% (*please see Petition Information - Exhibit D*).

CASE MANAGER COMMENTS:

The property in question is a 6.62 acre vacant tract of land that takes access to Zimmerman Lane. The area to the north, across Zimmerman Lane, is developed with a single-family residence zoned DR. To the south there is an apartment complex that was zoned PUD as part of the Four Points Centre Planned Unit Development that takes access to North FM 620 Road. To the east, there are single family residences along the southern side of Zimmerman Lane and townhouse/condominium residences along the northern side of Zimmerman Lane that are zoned SF-6-CO. Toward the terminus of Zimmerman Lane, there is a single-family residence zoned DR and an undeveloped area zoned SF-1. The property to the west, is zoned MF-2 and is undeveloped. There is also undeveloped land on the northern side of Zimmerman Lane zoned MF-2-CO. The lot at the northeast corner of N. FM 620 Road, is developed with a convenience storage/vehicle storage use (Longhorn Boat & Camper Storage) zoned SF-2 that was constructed prior to annexation by the city. In addition, the lot at the southeast corner of Zimmerman Lane and N. FM 620 Road, is developed with a service station (Shell) and a restaurant use (Rudy's Country Store and Bar-B-Que).

The applicant in this case is requesting to rezone this site from DR zoning to SF-6 zoning to develop the property for single-family/condominium use. This tract of land fronts onto Zimmerman Lane, a twenty foot wide collector street that dead ends into a cul-de-sac. Originally, Zimmerman Lane was projected to connect with Forsythia Drive, to the east, as part of the Arterial 8 extension. Arterial 8 (Forsythia Drive) was planned to be a ninety-foot arterial roadway that was to connect Loop 360 to Yaupon Drive. The City of Austin deleted the plans to construct Arterial 8, due in part to BCCP issues and because of the City's purchase of the Stennis Tract. Zimmerman Lane is a county roadway that was annexed by the city of Austin in 1997. There are no planned improvements for this portion of Zimmerman Lane and there will not be a traffic light constructed at the intersection of Zimmerman Lane and F.M. 620 because there is already a light at the intersection of Parke Drive and F.M. 620, to the north. Parke Drive and Zimmerman Lane will not be aligned in the future.

The staff recommends SF-6 zoning for the property in question because the proposed SF-6 zoning is consistent with the previous City Council approved SF-6-CO zoning along Zimmerman Lane to the east. There are existing single-family homes and townhomes located to the east of this site. While there is undeveloped MF-2 zoning to the west of this tract, that takes access to FM 620 Road. In addition, the multifamily complex to the south (Elwood at Lake Travis) that is zoned MF-2 and PUD also takes access to FM 620 Road, not Zimmerman Lane. SF-6 zoning will permit the addition of moderate density residential units on this 20-25 foot wide/Level 2 designated roadway.

BASIS OF RECOMMENDATION:

1. The proposed zoning should be consistent with the purpose statement of the district sought.

Townhouse and Condominium Residence district is intended as an area for moderate density single family, duplex, two family, townhouse, and condominium use, without the spacing and locational requirements for townhouses and condominiums that apply in SF-5. This district is appropriate for areas in which unusually large lots predominate with access to other than minor residential streets, and in selected areas where a transition from single-family to multifamily use is appropriate.

2. *The proposed zoning should promote consistency and orderly planning.*

The proposed SF-6 zoning would be consistent with the SF-6-CO zoning located to the east along Zimmerman Lane and the existing single-family homes and townhomes located directly to the east of this site.

3. *The proposed zoning should allow for a reasonable use of the property.*

SF-6 zoning will permit the addition of moderate density residential units on this 20-25 foot wide roadway. The proposed SF-6 zoning will allow for new housing opportunities in this area of the city near an educational institution, Concordia University, which is located on FM 620 to the north and supporting retail services, Four Points Centre, to the south.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	DR	Vacant
<i>North</i>	DR	Single-Family Residence
<i>South</i>	PUD	Multifamily (Ellwood at Lake Travis)
<i>East</i>	SF-6-CO, SF-2	Single-Family Residences
<i>West</i>	MF-2	Undeveloped

3	Number of "Yes's"

Environmental

The site is located over the Edwards Aquifer Recharge Zone.

This site is in the Bull Creek Watershed of the Colorado River Basin, which is classified as a Water Supply Suburban Watershed by Chapter 25-8 of the City's Land Development Code. This portion is in the Drinking Water Protection Zone, which is not included in the Desired Development zone.

Under the current watershed regulations, development or redevelopment on the Water Supply Suburban portion of this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Net Site Area</i>	<i>% NSA with Transfers</i>
One or Two Family Residential	30%	40%
Multifamily Residential	40%	55%
Commercial	40%	55%

Development within a Water Quality Transition Zone is limited to 18%.

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Fire

No comments.

Parks and Recreation

Parkland dedication will be required at the time of subdivision or site plan application for new residential units, per City Code § 25-1-601, as amended. Whether the requirement shall be met with fees in-lieu or dedicated land will be determined using the criteria in City Code Title 25, Article 14, as amended. Should fees in-lieu be required, those fees shall be used toward park investments in the form of land acquisition and/or park amenities within the

surrounding area, per the Parkland Dedication Operating Procedures § 14.3.11 and City Code § 25-1-609, as amended.

Note that residential units that are certified affordable and income-restricted are exempt from the parkland dedication requirements per City Code § 25-1-601(D)(4).

If the applicant wishes to discuss parkland dedication requirements in advance of site plan or subdivision applications, please contact this reviewer: ann.desanctis@austintexas.gov. At the applicant's request, PARD can provide an early determination of whether fees in-lieu of land will be allowed.

Site Plan

Site plans will be required for any new development other residential only project with up to 4 units.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Transportation

The Austin Strategic Mobility Plan (ASMP) calls for 80 feet of right-of-way for Zimmerman Ln. It is recommended that 40 feet of right-of-way from the existing centerline should be dedicated according to the ASMP with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

The adjacent street characteristics table is provided below:

Name	ASMP Classification	ASMP Required ROW	Existing ROW	Existing Pavement	Sidewalks	Bicycle Route	Capital Metro (within ¼ mile)
Zimmerman Lane	Level 2	80	Varies	20'	No	No	No

Water Utility

No comments on zoning change.

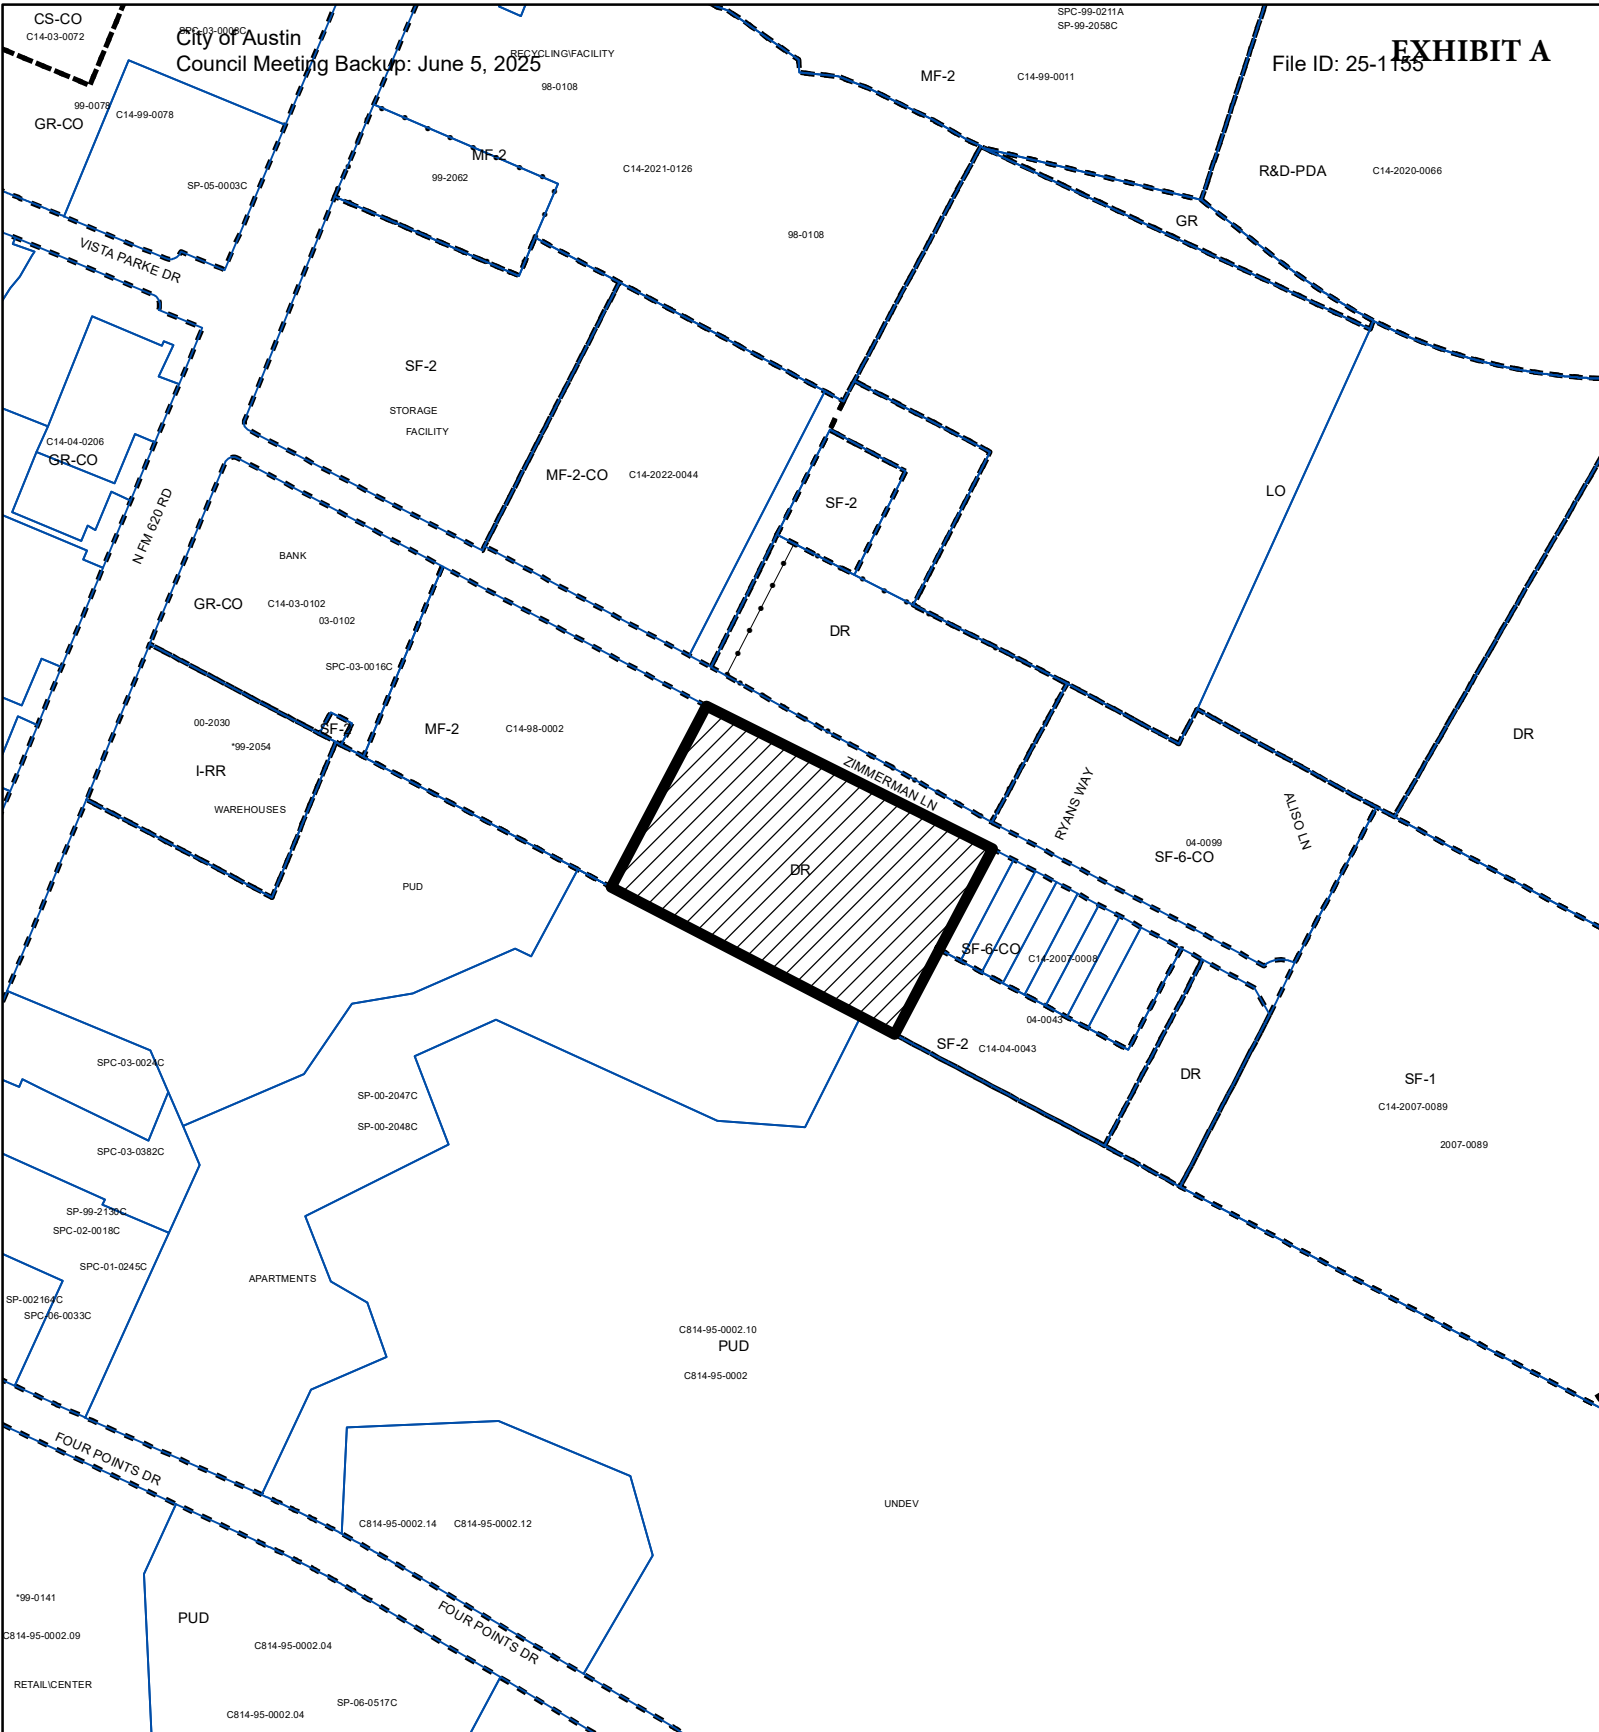

FYI: The landowner intends to serve the site with existing City of Austin water utilities.

Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the

City of Austin. For more information pertaining to the Service Extension Request process and submittal requirements contact the Austin Water SER team at ser@austintexas.gov.

Joi Harden
Zoning Officer
City of Austin Planning Department
6310 Wilhelmina Delco Drive
Austin, TX 78752

Re: Revised Rezoning application- 11301 Zimmerman Lane, Austin, Texas 78726 -
Zimmerman SF South ("**Property**")

Dear Ms. Harden:

As the authorized agent of the owners, Barbara Ellen Agnew and Brian Matthew Smith individually and collectively ("**Owner**"), I am submitting this zoning application to rezone the 6.62 acre Property from "DR" Development Reserve to "SF-6" Townhouse & Condominium Residence order to develop the Property for single-family/condominium use.

The Property is not within a neighborhood plan. "DR" zoning is north of Zimmerman Lane which is also proposed to be rezoned to "SF-6" under a separate zoning application (11300 Zimmerman Lane) which we have also filed. "SF-2" zoning is adjacent to the Property on the east, developed with single-family residences adjacent to a conservation lot; "MF-2" zoning along the west developed with apartments and "PUD" zoning along the southern Property boundary which is undeveloped.

We have been in contact with the representative of the HOA from the Woods at Four Points neighborhood adjacent to the 11300 Zimmerman property directly north of this Property.

We look forward to working with you on this zoning application.

Sincerely,

A handwritten signature in blue ink that reads 'Pal Mad'.

Pamela Madere

PETITION

Date: 5/7/2025

Total Square Footage of Buffer: 554650.6915

Percentage of Square Footage Owned by Petitioners Within Buffer: 9.44%

Calculation: The total square footage is calculated by taking the sum of the area of all TCAD Parcels with valid signatures including one-half of the adjacent right-of-way that fall within 200 feet of the subject tract. Parcels that do not fall within the 200 foot buffer are not used for calculation. When a parcel intersects the edge of the buffer, only the portion of the parcel that falls within the buffer is used. The area of the buffer does not include the subject tract.

PETITION

Case#: C14-2024-0165

This product is for informational purposes and may not have been prepared for or be suitable for legal, engineering, or surveying purposes. It does not represent an on-the-ground survey and represents only the approximate relative location of property boundaries.

This product has been produced by the Planning Department for the sole purpose of geographic reference. No warranty is made by the City of Austin regarding specific accuracy or completeness.

PETITION

Date: 4/30/2025

File Number: C14-2024-0165

Address of

Rezoning Request: 11301 Zimmerman Lane
Austin, TX 78726

To: Austin City Council

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than DR.

Residents of The Woods at Four Points, the HOA Board, and Zimmerman Lane neighbors oppose the proposed zoning change at 11301 Zimmerman Lane, citing safety and environmental concerns. Zimmerman Lane is just 20 feet wide, with no sidewalks, streetlights, or public transit, and connects to congested FM 620, a frequent site of accidents. The area is also a fire hazard due to dense brush and its proximity to a preserve. Additional concerns include runoff, environmental compliance, and risks to the Edwards Aquifer and Bull Creek Watershed. Our stance is not "No" but "Not Now" until these issues are addressed.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to participate in a public hearing, you are not required to participate. This meeting will be conducted both online and in-person at which you will have the opportunity to speak FOR or AGAINST the proposed development or change. Contact the case manager for further information on how to participate in the public hearings. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

Staff is conducting a pilot program to receive case-related comments online which can be accessed through this link or QR code:
<https://bit.ly/ATXZoningComment>

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before the public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice. Correspondence and information submitted to the City of Austin are subject to the Texas Public Information Act (Chapter 552) and will be published online.

Comments: We are at the dead end of Zimmerman on
on the right / narrow street / cannot turn around
fire trucks have to back out. Our land surrounded
by City of Austin Balcones Canyonland (un managed)
land and WILDFIRE RISK in our long term drought
No light on 620 / cannot turn left / no turnaround
to the right TxDOT repeatedly said they will
never put in a light or solution. Multiple accidents
of illegal turn on 620 getting in middle lane illegally
* Need traffic study on 620 middle lane.

Subject: Zimmerman Lane Rezoning Case C14-2024-0169 and Related Cases
Date: Friday, May 2, 2025 3:22:53 PM

External Email - Exercise Caution

Dear Mayor Watson, Council Members, and Ms Sherri Sirwaitis:

2222 Coalition of Neighborhood Associations (2222 CONA) has concerns on this rezoning case that we feel should be addressed. While our registered 501(C)(3) non-profit organization agrees with city staff that SF-6 is an appropriate zoning for this tract with at least 37 multifamily units being planned, we believe that this rezoning change poses serious risks to public safety, environmental integrity, and does not reflect the values or long-term planning priorities of this area.

Zimmerman Lane is a “substandard” city street. It is a narrow, 20-foot-wide substandard collector street with no sidewalks or curbs. It is a “dead end street” with only one entrance and exit via FM 620. Zimmerman Lane’s intersection with FM 620 is an uncontrolled intersection with no possibility of a future traffic signal at this intersection. This is far below the minimum street standards required by City Code §25-4-51. High-density traffic along this overloaded 620 corridor would compromise safety for residents on Zimmerman Lane, Ryans Way, and adjacent neighborhoods. Significant traffic “queueing” on Zimmerman Lane at the FM 620 intersection can be expected at peak traffic times due to the additional proposed multifamily housing and increased vehicular trips per day, VTD, on top of the vehicular traffic from existing residences on this street. At peak traffic hours unrestricted left turns from Zimmerman Lane onto southbound FM 620 would create a dangerous situation with motorists trying to turn left against significant northbound traffic on 620. We recommend that Zimmerman Lane, a substandard street, be brought up to acceptable standards—including improvements such as roadway widening, proper drainage, pedestrian infrastructure, and safe intersection design at FM 620—and that it be considered for inclusion in the future as a Street Impact Fee (SIF) project. We feel that an NTA to evaluate neighborhood traffic impacts is appropriate before city council reaches a final decision on this rezoning case.

Environmental protections are equally at stake. This site is over the Edwards Aquifer Recharge Zone and Bull Creek Watershed—two of Austin’s most environmentally sensitive areas. **It was not flagged in the staff report but it was noted in this Zimmerman link** <https://services.austintexas.gov/edims/document.cfm?id=445742> by Watershed "Environmental - The site is located over the Edwards Aquifer Recharge Zone. The site is in the Bull Creek Watershed of the Colorado River Basin, which is classified as a Water Supply Suburban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Drinking Water Protection Zone. This shows https://www.austintexas.gov/sites/default/files/files/Watershed/watershed_regs_summary_table.pdf shows a 30% impervious cover limit for single family zoning. " Under SF-6 zoning, impervious cover could reach 55%, which could exceed the limits typically recommended. These protections exist to prevent contamination of our drinking water and to safeguard the Bull Creek ecosystem, which is already classified as “impacted” due to existing development.

We also note that in 2022, the City made a more balanced decision for a rezoning on Zimmerman Lane (Case C14-2022-0044), applying a Conditional Overlay that capped the development at 32 units and **limited impervious cover to 30%**. That precedent demonstrates a thoughtful path forward—one that this proposed

rezoning ignores.

We respectfully ask City Council to take our traffic, safety, and environmental concerns under consideration and require a Conditional Overlay that imposes a unit cap, reduces impervious cover, ensures full environmental compliance, and imposes a Street Impact Fee (SIF) to bring this substandard street up to acceptable standards. This area deserves careful planning that protects both our neighborhoods and our aquifer.

Thank you for your consideration and continued service.

Sincerely,

Tom Smith - President, 2222 CONA
