

ZONING CHANGE REVIEW SHEET

CASE: C14-2025-0045 (8234 Ferguson Cutoff)

DISTRICT: 1

ADDRESS: 8234 Ferguson Cutoff

ZONING FROM: I-RR

TO: LI-CO

SITE AREA: 1.74 acres (77,711 sq. ft.)

PROPERTY OWNER: AAA Auger Holdings Inc., Kyle Rother

AGENT: Civiltude LLC, Amy Nunnellee

CASE MANAGER: Beverly Villela (512-978-0740, Beverly.Villela@austintexas.gov)

STAFF RECOMMENDATION:

Staff recommends granting Limited Industrial Service – Conditional Overlay (LI-CO) combining district zoning. See the *Basis of Recommendation* section below. The Conditional Overlay will:

Prohibit the following uses:

- Resource Extraction
- Recycling Center
- Laundry Services
- Service Station
- Automotive Rentals
- Automotive Repair Services
- Automotive Sales
- Automotive Washing (of any type)
- Scrap and Salvage

ZONING AND PLATTING COMMISSION ACTION / RECOMMENDATION:

July 15, 2025: APPROVED STAFF'S RECOMMENDATION FOR LI-CO.

[D. FOTUS; B. GREENBERG – 2ND] (7-0) A. FLORES, L. OSTA LUGO, L. STERN - ABSENT

CITY COUNCIL ACTION:

September 11, 2025:

ORDINANCE NUMBER:

No.

ISSUES: N/A

CASE MANAGER COMMENTS:

The property in question is approximately 1.74 acres in size and is developed with a warehouse. It is currently designated as interim rural residence (I-RR) and is located along

Ferguson Cutoff, a Level 2 street per the Austin Strategic Mobility Plan. The surrounding properties to the north, south, and west are zoned limited industrial service with conditional overlay (LI-CO), and are developed with similar warehouse and industrial uses. To the east, the site is adjacent to public land associated with the Big Walnut Creek Nature Preserve, and the southeast portion of the site is across from land located in the City's extraterritorial jurisdiction (ETJ).

The applicant is requesting limited industrial service with conditional overlay (LI-CO) zoning in order to accommodate a limited warehouse use. The requested zoning would maintain consistency with surrounding industrial and commercial zoning patterns, and the conditional overlay will prohibit a selection of automotive, salvage, and heavy industrial uses to help ensure compatibility with the adjacent nature preserve.

Staff is recommending the requested LI-CO zoning as it aligns with nearby zoning and land use and supports the preservation of industrial land. The property is located within 0.25 miles of public transit and bike lanes, within walking distance of schools, a recreation area, and a health clinic, and lies just 0.16 miles from the Manor–Springdale–Cameron Activity Corridor.

The applicant is in agreement with the staff recommendation.
Please refer to Exhibits A (Zoning Map) and B (Aerial View).

BASIS OF RECOMMENDATION:

- 1. The proposed zoning should be consistent with the purpose statement of the district sought.*

The limited industrial service (LI) district is intended as an area primarily for commercial services and limited manufacturing uses, generally on moderately sized sites.

- 2. Zoning changes should promote compatibility with adjacent and nearby uses.*

The proposed LI zoning promotes compatibility with the surrounding properties, which are predominantly zoned LI-CO and I-SF-2 and are developed with warehouse uses. The rezoning would maintain the area's commercial and light industrial character while accommodating a new use that complements existing businesses.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	I-RR	Warehouse
<i>North</i>	LI-CO	Warehouse
<i>South</i>	LI-CO	Warehouse
<i>East</i>	ETJ and P	Undeveloped and Big Walnut Creek Nature Preserve

<i>West</i>	LI-CO and I-RR	Warehouse and Undeveloped

Drainage

The developer is required to submit a pre- and post-development drainage analysis at the subdivision and site plan stage of the development process. The City’s Land Development Code and Drainage Criteria Manual require that the Applicant demonstrate through engineering analysis that the proposed development will have no identifiable adverse impact on surrounding properties.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Walnut Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Fire

No comments on zoning change.

PARD – Planning & Design Review

Parkland dedication fees may apply to any future site or subdivision applications resulting from this rezoning. As of January 1, 2024, new commercial non-residential uses are not subject to parkland dedication requirements at the time of site plan and subdivision.

Site Plan

Site plans will be required for any new development except for residential only projects with up to 4 units.

Any new development is subject to LDC Subchapter E Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

This site is located within 150 feet of a wildland area, in the Wildland Urban Interface (WUI). Please see this website for more information about construction in the WUI:
<http://www.austintexas.gov/departments/wildland-urban-interface-code>

Austin Transportation and Public Works Department – Engineering Review

A transportation assessment/traffic Impact analysis is unlikely to be required at the time of site plan, but will be required **if triggered**, when land uses and intensities will be known per LDC 25-6-113 and TCM 10.2.1.

The Austin Strategic Mobility Plan (ASMP) calls for 72 feet of right-of-way for Ferguson Cutoff. It is recommended that 36 feet of right-of-way from the existing centerline should be dedicated for Ferguson Cutoff according to the Transportation Plan with the first subdivision or site plan application. *Existing ROW appears sufficient for Ferguson Cutoff but should be confirmed with the first subdivision or site plan application.* [LDC 25-6-51 and 25-6-55].

The adjacent street characteristics table is provided below:

Name	ASMP Classification	ASMP Required ROW	Existing ROW	Existing Pavement	Sidewalks	Bicycle Route	Capital Metro (within ¼ mile)
Ferguson Cutoff	Level 2	72'	72'	21'	No	No	Yes

Austin Water Utility

No comments on zoning change.

FYI: The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance.

Depending on the development plans submitted, water and or wastewater Service Extension Requests may be required. Based on current public infrastructure configurations, it appears that Service Extension Requests (SER) will be required to provide service to this lot. For more information pertaining to the Service Extension Request process and submittal requirements contact the Austin Water SER team at ser@austintexas.gov.

All new development within the proposed project will be subject to City Code Chapter 25-9 and any future amendments relating to reclaimed water connections, water benchmarking, and mandatory onsite water reuse.

All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

Re: 8234 Ferguson Cutoff Rezoning Case (C14-2025-0045)
8234 Ferguson Cutoff, Austin, Texas 78724

Dear Ms. Villela,

On behalf of our Client, Kyle Rother, we would like to request a zoning change on the property located at 8234 Ferguson Cutoff, Austin, Texas 78724. The site is currently zoned I-RR (Interim Rural Residence) and we are requesting that it be rezoned to LI (Light Industrial) to accommodate a limited warehouse use, to replace the current warehousing use.

The zoning surrounding the property is as follows: LI (Limited Industrial) and LI-CO (Limited Industrial – Conditional Overlay) to the north, south and west, and P (Public) to the east. The lot to the southeast across Ferguson Cutoff is within the Extra-Territorial Jurisdiction of the City of Austin and therefore has no zoning.

If you have any questions or require additional information, please contact me at (512) 761-6161.

Sincerely,
Amy Nunnellee, EIT
Sr. Project Coordinator

Re: 8234 Ferguson Cutoff Rezoning Case (C14-2025-0045)
8234 Ferguson Cutoff, Austin, Texas 78724

Dear Ms. Villela,

On behalf of our Client, Kyle Rother, we would like to request a zoning change on the property located at 8234 Ferguson Cutoff, Austin, Texas 78724. The site is currently zoned I-RR (Interim Rural Residence) and we are requesting that it be rezoned to LI-CO (Light Industrial - Conditional Overlay) to accommodate a limited warehouse use, to replace the current warehousing use.

The conditional overlay will prohibit the following uses:

- Resource Extraction
- Recycling center
- Laundry Services
- Service Station
- Automotive Rentals
- Automotive Repair
- Automotive Sales
- Automotive Washing
- Scrap and Salvage Yards

The zoning surrounding the property is as follows: LI (Limited Industrial) and LI-CO (Limited Industrial – Conditional Overlay) to the north, south and west, and P (Public) to the east. The lot to the southeast across Ferguson Cutoff is within the Extra-Territorial Jurisdiction of the City of Austin and therefore has no zoning.

If you have any questions or require additional information, please contact me at (512) 761-6161.

Sincerely,
Amy Nunnellee, EIT
