Attachment A: Applicant's Summary Letter
Attachment B: Proposed Revisions to 2006 East Ave PUD (Ordinance No. 20070326-002)

CASE MANAGER COMMENTS:

The East Avenue PUD is located in central Austin at the northwest corner of Concordia Avenue and the southbound IH 35 frontage lanes. There are commercial uses near the intersection of IH 35 frontage road / East 38th Street to the north (CS-MU-NP), a mixed-use development at the southwest corner of the IH 35 frontage road / Concordia Avenue intersection within the East Avenue PUD area (PUD-NP), and two- and three-story multifamily residential buildings along Concordia Avenue and Harmon Avenue. There are single family residences, two-family residences, and multi-family on the west side of Harmon Avenue (SF-3-CO-NP; MF-4-NP). ***Please refer to Exhibits A and A-1 – Zoning Map and Aerial Exhibit.***

The subject property is 1.579 acres located on the west side of North IH-35 Southbound Frontage Road between Duncan Lane and Luther Lane and is identified as **Parcel H**. Seventy-five percent (75%) of the IH 35 service road and Concordia Avenue frontage is required to have ground floor pedestrian-oriented uses by the original Council-approved PUD ordinance in 2007 (Attachment B).

The Applicant's letter states:

*The proposed Amendment requests a modification to Part 7, C, 1. Current language is as follows, with the proposed addition in underlined text: "Seventy-five percent of the ground floor area as depicted on Exhibit C-3 (Ground Floor Pedestrian-Oriented Use Frontages) and shown as cross-hatched areas must be used for the following pedestrian oriented uses: **administrative and business office**, art gallery, food sales, general retail sales (convenience or general), residential uses, restaurant (limited or general); and".*

PROPOSED PUD AMENDMENT

Pedestrian-oriented use: The requested modification is to include an additional use to Part 7, C, 1. The proposed addition in this amendment is to allow "administrative and business office" as a Pedestrian Oriented Use for Parcel H. The proposed request will allow for the use of administrative and business office space within the currently vacant areas.

The proposed addition in this amendment will also allow more than 75% of the Pedestrian Oriented Use for Parcel H to include "administrative and business office" in Part 7, C, 2.

Austin Energy Green Building: Part 8 Q of the existing PUD ordinance will be revised to comply with the Austin Energy Green Building rating system.

Updated ordinance language: The Applicant is also in agreement with Staff to revise language in Part 2 of the ordinance to reflect that development applications are subject to all other rules, regulations, and ordinances of the City, except as otherwise specifically provided by the ordinance. This will bring Parcel H into compliance with current PUD ordinance language.

The proposed modifications to the PUD ordinance and accompanying land use plan are summarized in ***Attachments A and B (Applicant's Summary Letter and Proposed Revisions to Ordinance No. 20070326-002).***

BASIS OF STAFF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

Per the Land Development Code, PUD district zoning was established to implement goals of preserving the natural environment, encouraging high quality, sustainable development and innovative design, and ensuring adequate public facilities and services. The City Council intends PUD district zoning to produce development that achieves these goals to a greater degree than and thus is superior to development which could occur under conventional zoning and subdivision regulations. The PUD provides a canvas for the design of a large-scale project, with the end goal to allow flexibility, and also inform and communicate the possibilities for development.

2. *Zoning changes should promote an orderly and compatible relationship among land uses.*

The proposed PUD amendment still offers a development on the subject property that includes a set of compatible uses. Due to the amount of vacant rentable area in these ground floor retail spaces, the proposed amendment will allow for the use of administrative and business office space within the currently vacant areas; thus, supporting additional pedestrian occupied space along the street area.

Re: East Avenue PUD Amendment Parcel H – Planned Unit Development Amendment application for the 1.579-acre piece of property located at 3300 North Interstate Highway 35 in Austin, Travis County, Texas (the “Property”)

Dear Ms. Truelove:

As representatives of the owner of the Property, we respectfully submit the enclosed Planned Unit Development Amendment application package. The project is titled East Avenue PUD Amendment Parcel H, consists of 1.579 acres, and is located west of Interstate Highway 35, between Duncan Lane and Luther Lane. The Property is currently developed as a 5-story mixed-use development composed of multifamily residential and retail.

The proposed Amendment requests a modification to Part 7, C, 1. Current language is as follows, with the proposed addition in underlined text: “Seventy-five percent of the ground floor area as depicted on Exhibit C-3 (*Ground Floor Pedestrian-Oriented Use Frontages*) and shown as cross-hatched areas must be used for the following pedestrian oriented uses: **administrative and business office**, art gallery, food sales, general retail sales (convenience or general), residential uses, restaurant (limited or general); and”.

The reason for this request is due to the amount of vacant rentable area in these ground floor retail areas. The University Park office building was completed in 2009. Approximately 12,350 square feet of net rentable area has been leased as office since 2011. Despite aggressive marketing and rental fee accommodations, approximately 11,000 square feet of net rentable area is still left in its shell condition since opening in 2009. The University Park PUD originally contemplated mixed uses including automotive sales, hotel, indoor sports and recreation, and theater. The original version of the overall PUD never quite coalesced. Today, all University Park

sites have been developed for residential use except the University Park Office Building. This request will allow for the use of administrative and business office space within the currently vacant areas. Allowing this space to be occupied and not sit dark and empty will bring lights, pedestrians, and interest to the street. This request will not change the buildout of the structure but would allow the spaces to transition back to retail should the market allow for it. This use addition is the only change proposed with this amendment. No new construction or additional entitlements are being requested.

The Property falls within the Central Austin Combined Neighborhood Plan. Maureen Meredith has issued a memo that a Neighborhood Plan Amendment will not be required with this Amendment application.

A Traffic Impact Analysis ("TIA") has been waived via a TIA Determination Form from Justin Good, P.E., dated July 22, 2022 with the note that we must demonstrate compliance with the TIA approved with C814-06-0175 and that the TIA may require an update upon further review.

Please let me know if you or your team members require additional information or have any questions. Thank you for your time and attention to this project.

Very truly yours,
