name change.**

I am an authorized representative of Zion Rest Missionary Baptist Church. Thank you for the opportunity to provide feedback regarding the proposed street name change from Paisano Trail to Zion Rest Lane.

We appreciate the City's consideration of recognizing Zion Rest through this proposed designation and are generally supportive of efforts to acknowledge institutions that have made meaningful contributions to the community.

As the proposal moves forward, we respectfully request consideration of the following items:

1. ☐ Extension of the Street Renaming

Please consider extending the proposed street name change beyond the first 90-degree bend and continuing the designation to Longview Road. This would provide greater continuity and strengthen the connection between the street and the institution being recognized.

2. ☐ Street Improvements and Widening

Given current and future traffic demands in the area, we request that the City evaluate opportunities to widen the roadway where feasible to improve safety for the Mariposa Montessori School, accessibility for residents, visitors, and emergency vehicles.

3. ☐ Sidewalk Connectivity

We request consideration of extending the sidewalk along the corridor to Brodie Lane. Improved pedestrian access would enhance safety for community members, church attendees, and neighborhood residents.

4. ☐ Regular Right-of-Way Maintenance

We ask that the City provide regular maintenance of the street right-of-way, including mowing, vegetation management, and general cleanup to improve appearance, visibility, and public safety.

We appreciate the City's efforts to engage affected property owners and welcome any opportunity to discuss these considerations further. Thank you for your time and attention to these matters.

Optional: provide any comments you have on the proposed street name change.	As a school serving local families, we do not support this proposed street name change. Changing our address would create unnecessary confusion for parents, visitors, emergency services, and vendors, while also requiring significant time and expense to update school records, licensing documents, signage, websites, and communications. We believe the disruption outweighs any potential benefit.
