

I-35 Capital Express Central Project

FEIS-ROD Notice of Availability

Notice

Final Environmental Impact Statement and Record of Decision Available for Public Review

I-35 Capital Express Central Project

From US 290 East to US 290 West/SH 71

CSJs: 0015-13-388

Travis County, Texas

This notice advises the public that the Texas Department of Transportation (TxDOT) has issued a combined final environmental impact statement and record of decision (FEIS/ROD) for the proposed I-35 Capital Express Central Project, and that the combined FEIS/ROD is available for review. The FEIS/ROD identifies the selected alternative and signifies the completion of the environmental review process. The selected alternative would improve I-35 from US 290 East to US 290 West/SH 71 in Travis County, Texas. The FEIS/ROD also includes an evaluation of the project's impacts on parks and historic properties under Section 4(f) of the Department of Transportation Act of 1966.

The FEIS/ROD is on file and available for inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at TxDOT Austin District Office, 7901 N I-35, Austin, TX 78753, (512) 832-7000. It is also available online at My35CapEx.com.

For further information or to request a copy of the FEIS/ROD, please contact Tommy Abrego, P.E., Mobility35 Program Manager, (512) 435-9686, capexcentral@txdot.gov.

The FEIS/ROD is written in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to review the FEIS/ROD, please contact Brad Wheelis, TxDOT Austin District, at (512) 832-7060 no later than 4 p.m. CT, at least three business days before the date on which you would like to review the FEIS/ROD. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.
