Subject: Automobile Traffic at the Austin Pickle Ranch

The Austin City Council is scheduled to review a request from Aquila Properties to rezone the parking garage at 1717 West 6th Street. Among other things this rezoning would allow the Austin Pickle Ranch to reopen at that address.

It has come to our attention that the City Council would like to minimize automobile traffic to the site and surrounding neighborhood. The Austin Pickle Ranch supports these efforts and therefore commits to implementing a reward or incentive program for both customers and employees to encourage non-auto usage to reach the pickleball facility.

Sincerely,

A handwritten signature in blue ink, appearing to read "Daniel Keelan", written in a cursive style.
