

# Progress Update on APD Open Data Portal

City Council Resolution 20230914-132

# Implementation Progress

Resolution 20230914-132

- Approximately 76% of the datasets required by the resolution have been created and made publicly available
  - 21 datasets are required per the resolution
  - 16 datasets have been made publicly available
  - 5 datasets are awaiting creation and implementation on the open data portal

# Remaining Datasets to Be Added

Resolution 20230914-132

## Sworn / Non-Sworn Assignment

Sworn and Non-Sworn Personnel by Category of Assignment (e.g. patrol, patrol supervisor, academy, administration, 911 call center, airport, etc.)

- a) Count of personnel,
- b) Category of personnel,
- c) Hours worked by Activity Category by individual employee,
- d) Count of total hours worked for month,
- e) Count of total hours worked in each sector for month, and
- f) Activity category for hours worked (patrol, special events, traffic/construction, etc.).

## Needed to Complete Dataset

We are currently able to provide **a** and **b**, but are unable to produce **c – f**. This is because the data resides within UKG, which does not have a data warehouse set up to store the information, preventing us from querying the data.

## Overtime Hours by Individual

Overtime hours worked by Activity Category by individual employee

- a) Overtime hours worked by rate paid (e.g. x1.5, x2, etc.) for month,
- b) Overtime hours worked by sector for month and by rate paid,
- c) Overtime hours worked that was mandatory and discretionary,
- d) Overtime hours worked by shift, and
- e) Activity Category (patrol, special events, traffic/construction, etc.).

## Needed to Complete Dataset

We are currently unable to provide this data because it resides within UKG, which does not have a data warehouse set up to store the information, preventing us from querying the data.

## Citations

Warrant Service Arrests, Other Arrests, and Warnings by Lead Charge. Citations and Tickets shall be added as soon as the Austin Police Department becomes the custodian of record for these data types

- a) Census Block Group of the enforcement actions, and
- b) Demographic data of the enforcement action.

## Needed to Complete Dataset

Municipal Court is currently the custodian of record for citations. A project to identify and implement a new technology solution for citations is still in progress.

Resolution 20230914-132

## Cite and Release

Use of discretionary arrest in lieu of citation for nonviolent misdemeanor offenses when a ticket or citation would be allowed by state law, including the following:

- a) A documented reason for the stop or the arrest,
- b) The reason for the discretionary use of arrest,
- c) The race and ethnicity of the person arrested, and
- d) Census Block Group of the enforcement action.

## Needed to Complete Dataset

Documenting the reason for the discretionary arrest as opposed to a citation is currently captured in the body of the report. Extensive research and process improvements to the Records Management System will be required before the team can assess the data and determine how to extract it. However, manual extraction is possible and is currently underway for calendar year 2025.
