ORDINANCE NUMBER:

ISSUES: N/A

CASE MANAGER COMMENTS:

The site under consideration is currently developed with an automotive repair use that takes access to FM 1825 Road. The property received an interim (I-SF-2) land use designation upon annexation. The surrounding areas to the north, south and west are zoned GR-CO. There is an automotive washing use (Mister Car Wash) to the north and a surface parking area to the south. To the west there is a retail center, with restaurant uses, retail sales (Ashley Furniture) and an indoor entertainment (Cinemark Tinseltown Movie Theater). Across FM 1825 Road to the east, there is a retail use (Bloomin Across Texas Florist) in the county. In this request, the applicant is seeking a permanent commercial zoning designation for the property.

The staff recommends GR, Community Commercial District, zoning for the site under consideration. The property meets the intent of the district as it fronts onto a major arterial roadway, FM 1825 Road. GR zoning will permit uses that will provide services for the residential neighborhood to the east and surrounding community needs. The proposed zoning is compatible with adjacent zoning patterns as there is GR-CO zoning to the north, south and west of the site. GR zoning will bring the existing Automotive Repair use into conformance with use regulations in the Code.

The applicant agrees with the staff's recommendation.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

Community commercial (GR) district is the designation for an office or other commercial use that serves neighborhood and community needs and that generally is accessible from major traffic ways.

The property meets the intent of the GR district as it fronts onto an arterial roadway, FM 1825 Road, and will provide services for the surrounding area.

2. *The proposed zoning should promote consistency and orderly planning.*

The proposed zoning is compatible with surrounding zoning and uses as there is GR-CO zoning to the north, south and west and retail uses to the east in the county across FM 1825 Rd.

The site under consideration is located 0.15 miles from 1825 Strip Neighborhood Center and 0.40 miles north of Wells Branch Parkway Activity Corridor, as designated by the imagine Austin Comprehensive Plan.

3. *The proposed zoning should allow for a reasonable use of the property.*

The proposed GR-CO zoning will allow the applicant to bring the existing commercial use on the site into conformance with City of Austin Land Development Code use regulations. It will also permit the applicant to redevelop the site with office, civic and commercial uses along a Level 3/major arterial roadway.

There is public transit located within 0.25 miles as there is a Capital Metro Bus Route to the west along the Interstate Highway Northbound frontage road.

**EXISTING ZONING AND LAND USES:**

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Harris Branch Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Fire

No comments.

Parks and Recreation

There are no parkland dedication requirements for the proposed land use following from this rezoning application, namely automotive services.

Site Plan

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

This tract is already developed, and the proposed zoning change is a footprint within the existing development.

Transportation

Application incomplete. Please fill out and submit the required TIA determination worksheet (link to portal below). Once this is filled out and signed by a City engineer, a full review can be performed.
