ANALYSIS / ADDITIONAL INFORMATION: The Austin Public Health Department received notice of a grant award of \$150,000. This grant is assistance and capacity-building opportunity that will provide the project resources to identify and address inequities in adult influenza and vaccination coverage among racial and ethnic populations. The project is proposing to onboard 1.0 full-time equivalent (or FTE) staff member to and conduct the Centers for Disease Control and Prevention's (or CDC) Rapid Community Assessment (or RCA) to coordinate a conversation with the community regarding their vaccine needs and decisions, identify areas of intervention, and prioritize potential intervention strategies. The grant period is from August 1, 2023, through July 31, 2024.

The General Fund will not be required to contribute additional funds beyond those currently budgeted to this grant or to the funding of this position. When the grant funds expire, the Austin Public Health Department's need for the position will be evaluated and the position may be denied.
