ORDINANCE NUMBER:

ISSUES: There are not any issues at this time.

CASE MANAGER COMMENTS:

The subject rezoning area is approximately 0.35 acres located at the intersection of Burnet Road and Richcreek Road. The site has access from both Burnet and Richcreek Road. To the north is a motorcycle repair shop (CS). Immediately to the west is a small apartment complex (CS) while Burnet Road is directly to the east. Across Burnet Road is a retail store (CS-V-CO-NP). Commercial uses, including automotive repair services and consumer repair services, are located to the south. (CS). ***Please refer to Exhibits A (Zoning Map) and A-1 (Aerial-View)***

The applicant has requested (CS-MU-V) combining district zoning to develop 50 multifamily units and 2,000 square feet of retail.

Staff is recommending (CS-MU-V-CO) due to the property having access and frontage on Burnet Road, a major arterial roadway. The vertical mixed use building designation allows for residential and commercial development. The provision of additional housing options is a priority of the City of Austin. A diverse range of commercial and multifamily residential uses currently exist along the Burnet Road corridor. The property is also supported by three Capital Metro bus stops within a quarter mile, including one MetroRapid route.

BASIS OF RECOMMENDATION:*1. The proposed zoning should be consistent with the purpose statement of the district sought*

General commercial services (CS) district is the designation for a commercial or industrial use of a service nature that has operating characteristics or traffic service requirements that are incompatible with residential environments.

Mixed Use Combining District (MU) is intended to provide for and encourage development and redevelopment that contains a compatible mix of residential, commercial, and institutional uses within close proximity to each other, rather than separating uses.

Vertical mixed use building (V) combining district may be applied in combination with any commercial base zoning district and allows for a combination of office, retail, commercial and residential uses within a vertical mixed use building.

The purpose of a conditional overlay (CO) combining district is to modify use and site development regulations to address the specific circumstances presented by a site.

2. The proposed zoning should promote consistency and orderly planning.

Across Burnet Road to the east and southeast of the property is (CS-V-CO-NP) zoning. (CS-MU-V-CO-NP) zoning is designated to encourage a variety of development that is consistent with this area. CS zoning is to the north, south, and to the west.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	CS	Parking lot; Previous Auto Sales
<i>North</i>	CS	Motorcycle Repair Shop
<i>South</i>	CS	Auto Services; Commercial Services
<i>East</i>	CS-V-CO-NP; CS-CO-NP	Retail Store
<i>West</i>	CS; SF-2	Multifamily; Single family residences

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Shoal Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

Zoning district impervious cover limits apply in the Urban Watershed classification.

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 s.f. cumulative is exceeded, and on site control for the two-year storm.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

PARD – Planning & Design Review

Parkland dedication will be required for the new applicable uses proposed by this development, multifamily and retail with CS-MU1 zoning, at the time of subdivision or site plan, per City Code § 25-1-601. Whether the requirement shall be met with fees in-lieu or dedicated land will be determined using the criteria in City Code Title 25, Article 14, as amended. Should fees in-lieu be required, those fees shall be used toward park investments in the form of land acquisition and/or park amenities within the surrounding area, per the Parkland Dedication Operating Procedures § 14.3.11 and City Code § 25-1-607 (B)(1) & (2). If the applicant wishes to discuss parkland dedication requirements in advance of site plan or subdivision applications, please contact this reviewer: thomas.rowlinson@austintexas.gov. At the applicant's request, PARD can provide an early determination of whether fees in-lieu of land will be allowed.

Site Plan

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 feet or less from property used or zoned as SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

The site is subject to compatibility standards. Along the west, southwest and north property lines, the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- No parking or driveways are allowed within 25 feet of the property line.
- A landscape area at least 25 feet wide is required along the property line. In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
- For a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, height limitation is 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property line.
- An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less from adjoining SF-3 property.
- A landscape area at least 15 feet in width is required along the property line if tract is zoned MF-3, MF-4, MF-5, MH, NO, or LO.

- Additional design regulations will be enforced at the time a site plan is submitted.

Austin Transportation Department – Engineering Review

The Austin Strategic Mobility Plan (ASMP) calls for 58 feet of right-of-way for Richcreek Rd. It is recommended that 29 feet of right-of-way from the existing centerline should be dedicated with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

The Austin Strategic Mobility Plan (ASMP) calls for 120 feet of right-of-way for Burnet Rd. It is recommended that 60 feet of right-of-way from the existing centerline should be dedicated with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

A traffic impact analysis is not required.

Austin Water Utility

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance.

Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin.

All new development within the proposed project will be subject to City Code Chapter 25-9 and any future amendments relating to reclaimed water connections, water benchmarking, and mandatory onsite water reuse.

The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

External Email - Exercise Caution

Dear Commissioner Garrett,

Related to the 7500 Burnet zoning case (which is on the 12/19/23 Zoning & Platting Commission agenda), my client has terminated the private restrictive covenant that your inquired about via our case manager, Nancy Estrada (see attachment 1). Also attached is proof of no tax exemption for 2023. I hope these two documents help address any confusion. Since we have support from the Allandale Neighborhood Association, we hope that this case can get acted upon by the commission on 12/19.

Dear owner:

Your organization is currently receiving tax exempt status as a Low-Income Housing organization as defined by Sec 11.1825 of the Texas Property Tax Code. The exemption claimed in the previous year must be applied for annually, per Sec 11.43(d) of the Texas Property Tax Code. You must file a completed application form before May 1. Pursuant to Section 11.43(e), of the Texas Property Tax Code, "...if a person required to apply for an exemption in a given year fails to file timely a complete application form, the person may not receive the exemption for that year." **We did not receive an application for the tax year 2023, so therefore the exemption has been removed.**

If you choose to challenge this determination, you have 30 days from the receipt of this notice to submit a written protest to the Appraisal Review Board. Upon a timely filed protest, a hearing will be scheduled before the Appraisal Review Board and you will be notified of the date and time of that hearing.

If you have any questions regarding this matter, please call at 512-834-9138.

Sincerely,

FROM: Nancy Estrada
Planning Department

DATE: December 14, 2023

RE: **UPDATED – C14-2023-0048 – 7500 Burnet Road Rezoning**

The following provides additional information for the above referenced rezoning case. The applicant has requested (CS-MU-V) combining district zoning for the development of 50 multifamily units and 2,000 square feet of retail. The intent of the vertical mixed use building (-V) combining district zoning would be to provide a development with affordable housing per the City of Austin requirements.

The Staff recommendation is to grant general commercial services – mixed use – vertical mixed use building – conditional overlay (CS-MU-V-CO) combining district zoning.

External Email - Exercise Caution

Hello,

Zoning is created for a reason and changing the zoning affects nearby home values negatively, endangers residents walking in the streets, and should not be allowed. Why is this case being considered in the Allandale neighborhood? What is the point of zoning plans if they can just be changed by a simple application of a company looking to make money off that change? The Allandale neighborhood does not support this zone change and would be negatively affected.

There is no room for any parking near this location, the nearby streets are already full each day with employees and customers of the surrounding commercial businesses and the school 100 ft away. Having a building with that many units vertically will negatively affect the Allandale neighborhood and cause over congestion and extreme parking issues and unsafe street conditions surrounding the school on Richcreek Rd. Children and homeowners frequent these streets and sidewalks and can not have an excess of 50+ additional cars pulling in and out and endangering their path to education. There will also be privacy concerns for such a tall building near a community that has height restrictions.

Thank you,
Amber Scott
