

ZONING CHANGE REVIEW SHEET

CASE: C14-2026-0024 – 700 Dawson – Office Use

DISTRICT: 9

ADDRESS: 700 Dawson Road

ZONING FROM: GR-MU-CO-NP

TO: GR-MU-CO-NP, to change a condition of zoning

SITE AREA: 3.74 Acres

PROPERTY OWNER Dawson Overlook, LLC (Michael Black)

AGENT: Armbrust & Brown, PLLC (Michael Whellan)

CASE MANAGER: Reese McMichael (512-974-7633, reese.mcmichael@austintexas.gov)

STAFF RECOMMENDATION:

The Staff recommendation is to grant community commercial – mixed use – conditional overlay – neighborhood plan (GR-MU-CO-NP) combining district zoning.

PLANNING COMMISSION ACTION / RECOMMENDATION:

June 9, 2026: *APPROVED APPLICANT'S REQUEST FOR GR-MU-CO-NP. [F. MAXWELL; B. BEDROSIAN – 2ND] (11-0) A. WOODS - ABSENT*

CITY COUNCIL ACTION:

ORDINANCE NUMBER:

ISSUES:

None at this time

CASE MANAGER COMMENTS:

The subject rezoning area consists of approximately 3.47 acres located at the southwest corner of the intersection of Dawson Road and Post Oak Street. Situated on the site is a public event space available for rent known as The High Road on Dawson; this building formerly housed a local chapter of the Elks Lodge.

The current zoning district of this property, established in 2023 by Ordinance No. 20231130-099, is community commercial – mixed use – conditional overlay – neighborhood plan (GR-MU-CO-NP); the conditional overlay in effect for this property establishes a number of

conditions on development and land use for this property, including a prohibition on several land uses that are otherwise allowed under the community commercial district zoning.

Adjacent land uses consists of single family residences to the east, open space (Dawson Pocket Park and multifamily residences to the north, single family residences to the south, and open space (West Bouldin Creek Greenbelt) to the west. ***Please refer to Exhibits A (Zoning Map) and B (Aerial View).***

As for the transportation context of the larger vicinity surrounding this property, the Austin Strategic Mobility Plan (ASMP) identifies Post Oak Street and Dawson Road each as level 1 streets. Capitol Metro operates the 30 bus on nearby Barton Springs Road, as well as the 105 Bus on Bouldin Avenue a block to the east.

The applicant is requesting that Administrative and Business Office, as well as Professional Office, be removed from the list of prohibited land uses established by the existing conditional overlay in affect for this property; the applicant's stated reason for doing so is that the inclusion of an office accessory use on this property would support the ongoing operation of the event space principal use. Currently, there is no proposed construction to augment the existing building, nor site.

Staff is recommending community commercial – mixed use – conditional overlay – neighborhood plan (GR-MU-CO-NP) combining district zoning, to modify the conditional overlay. Administrative and Business Office and Professional Office would be removed from the list of prohibited uses established by the existing conditional overlay.

The applicant is in agreement with the staff recommendation.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The Community Commercial (GR) designation is intended for an office or other commercial use that serves neighborhood and community needs and that generally is accessible from major traffic ways.

The Mixed Use (MU) combining districts is intended for combination with selected base districts, in order to permit any combination of office, retail, commercial, and residential uses with a single development.

The Conditional Overlay (CO) combining district may be applied in combination with any base district. The districts is intended to provide flexible and adaptable use or site development regulations by requiring standards tailored to individual properties.

The neighborhood plan (NP) district denotes a tract located within the boundaries of an adopted neighborhood plan.

2. *Zoning should allow for reasonable use of the property.*

The applicant's proposal to amend the conditional overlay for this property to no longer prohibit office uses from taking place would not impact the applicant's primary use of this property as an events space – the applicant asserts that permitting office use to occur supports the ongoing events space operations, therefore this rezoning proposal remains within the constraints of the applicant's continuing, reasonable use of their property.

3. *Zoning changes should promote compatibility with adjacent and nearby uses and should not result in detrimental impacts to the neighborhood character.*

This rezoning proposal does not change the primary use of this property as an events space, nor is it associated with any proposed construction or demolition; therefore, ongoing operation of this property will remain within the footprint of the existing building and won't result in changes to land use that would be incompatible with this property's surroundings.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	GR-MU-CO-NP	Club/Lodge

Drainage

The developer is required to submit a pre- and post-development drainage analysis at the subdivision and site plan stage of the development process. The City's Land Development Code and Drainage Criteria Manual require that the Applicant demonstrate through engineering analysis that the proposed development will have no identifiable adverse impact on surrounding properties.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the West Bouldin Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

Zoning district impervious cover limits apply in the Urban Watershed classification.

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 s.f. cumulative is exceeded, and on site control for the two-year storm.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

PARD – Planning & Design Review

Parkland dedication fees may apply to any future site or subdivision applications resulting from this rezoning. As of January 1, 2024, new commercial, non-residential uses are not subject to parkland dedication requirements at the time of site plan and subdivision. Please note that this site abuts existing parkland and trails and further public connections into the parkland would be welcomed.

Site Plan

No comments on zoning change.

Transportation – Engineering Review

TPW-TDS has no objection to the proposed amendment to the conditional overlay.

Transportation assessment/traffic impact analysis and transportation demand management plan shall be required at the time of site plan **if triggered** per LDC 25-6 and TCM 10.2.1. Assessment of required transportation mitigation, including the potential dedication of right of way and easements and participation in roadway and other multi-modal improvements, will occur at the time of site plan application.

The Austin Strategic Mobility Plan (ASMP) calls for 58 feet of right-of-way for POST OAK ST. It is recommended that 29 feet of right-of-way from the existing centerline should be dedicated for POST OAK ST according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

The Austin Strategic Mobility Plan (ASMP) calls for 58 feet of right-of-way for DAWSON RD. It is recommended that 29 feet of right-of-way from the existing centerline should be

dedicated for DAWSON RD according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

The adjacent street characteristics table is provided below:

Name	ASMP Classification	ASMP Required ROW	Existing ROW	Existing Pavement	Sidewalks	Bicycle Route	Capital Metro (within ¼ mile)
POST OAK ST	Level 1 – Local Mobility	58'	37'	25'	No	No	Yes
DAWSON RD	Level 1 – Local Mobility	58'	52'	30'	No	Yes	Yes

Austin Water Utility

No comments on zoning change.

The landowner intends to serve the site with existing City of Austin water utilities.

Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. For more information pertaining to the Service Extension Request process and submittal requirements contact the Austin Water SER team at ser@austintexas.gov.

Subject: Rezoning request for 700 Dawson Rd. (the "Property")

Dear Ms. Harden,

On behalf of Dawson Overlook, LLC (the "Applicant") please accept the attached rezoning application for the Property. The Applicant seeks to maintain the existing GR-MU-CO-NP zoning, while amending the conditional overlay to allow the following uses by right: professional office and administrative and business office.

The Property is the site of the 'High Road on Dawson,' a local club and former Elks Lodge, which has operated here since the 1950s. Several years ago, the Applicant acquired the Property and sought the current GR-MU-CO-NP zoning in order to continue operating it as a local club space. During that rezoning case, the Applicant agreed to prohibit a large list of commercial uses in a conditional overlay.

Today, the Applicant is seeking a narrow change to the conditional overlay to allow some office space on the Property, which would complement the club/lodge use while preserving the extensive restrictions on other more intensive uses.

We believe this narrowly tailored request is reasonable and appropriate and will ensure a good mix of complementary activities on the Property. Thank you for your consideration – and I am available to answer your questions and discuss this application further.

Sincerely,

Michael J. Whellan
