ANALYSIS / ADDITIONAL INFORMATION: For the City to spend money today and reimburse itself from the issuance of debt obligations in the future, a reimbursement resolution is required by state and federal law. The resolution must contain certain information and protect the tax-exempt status of the future issuance. Failure to adopt a qualified declaration of official intent will prohibit the City from reimbursing the cost with the proceeds of tax-exempt obligations. Reimbursement debt generally must be issued 18 months after the later of, the date the expenditure was made, or the date that the project with respect to which the expenditure was made, is placed in service.
