Additional Backup Information:

The proposed action authorizes the negotiation and execution of a contract with Constructinople, LLC to perform infrastructure improvements serving a residential community within the City of Austin.

These improvements address aging infrastructure and ensure continued wastewater service to residents. The project qualifies as an eligible public facilities and infrastructure activity under the CDBG program and is anticipated to meet the Low-to-Moderate Income Area Benefit national objective.

The improvements will provide a community-wide benefit by supporting essential infrastructure serving residents and preserving existing housing stability within the neighborhood.
