Comments: The streets are too narrow in our neighborhood for such a large project. This would increase traffic in an already crowded area.

Comments: I feel we are already experiencing many road repairments in Austin. The road of Brockentide was built as a residential area and should have not experienced this amount of repairments. This road is already in shoddy shape and we are already experiencing many road repairments in Austin.

Comments: Parking and traffic are
an issue. The neighborhood can not
withstand the increase in density.
It is unsafe already for child play
& biking. This will create too
much stress environmentally for the
neighborhood. Thank you.
