CASE: C14-2024-0150 – HCISD High School

DISTRICT: 5

ADDRESS: The west side of South Turnersville Road, approximately 1,435 linear feet south of its intersection with Turnersville Road and North Turnersville Road

ZONING FROM: I-RR

TO: LR

SITE AREA: 93.209 acres

PROPERTY OWNER: Hays Consolidated Independent School District (Max Cleaver)

AGENT: Jackson Walker LLP, (Pamela Madere)

CASE MANAGER: Nancy Estrada (512-974-7617, nancy.estrada@austintexas.gov)

The Staff recommendation is to grant neighborhood commercial (LR) district zoning.

CITY COUNCIL ACTION:

December 12, 2024:

ORDINANCE NUMBER:

ISSUES:

None at this time.

CASE MANAGER COMMENTS:

The subject rezoning area consists of approximately 93 acres and is located on the west side of South Turnersville Road, nearly one quarter of a mile south of its intersection with Turnersville Road and North Turnersville Road. It is within the City of Austin's limited purpose jurisdiction and within the Sunfield Municipal Utility District. However, it is **not** included in the Sunfield Planned Unit Development (PUD). It is adjacent to the PUD along the north, west, and southern boundaries.

The property is undeveloped as well as the surrounding areas within the Sunfield PUD. To the west of the PUD area are single family residences. The area to the east across South Turnersville Road consists of undeveloped land, some single-family residences on large tracts, and limited commercial services. ***Please refer to Exhibits A (Zoning Map) and A-1 (Aerial).***

The Sunfield PUD comprises of 482.5 acres and is located east of IH-35. The proposed extension of Main Street within the PUD will border the northern property line of the subject rezoning area. Access is proposed from the future Main Street as well as South Turnersville Road. The Sunfield PUD Land Use Plan includes greenbelt/parkland to the south of the subject property and mixed uses to the west. ***Please refer to Exhibit B.***

The applicant has requested neighborhood commercial (LR) district zoning for the development of a new high school (2800 students) to serve the growing student population of both Travis and Hays counties in this area. The (LR) zoning district will allow Hays County Independent School District (HCISD) to partner with banks, restaurants, and stores on their campus for student job training and to provide campus services. However, HCISD does not intend to sell portions of this site for commercial uses.

Staff is recommending neighborhood commercial (LR) district zoning as the location is appropriate for the proposed civic use of a public secondary educational facility.

BASIS OF RECOMMENDATION:

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The proposed neighborhood commercial (LR) district is intended for neighborhood shopping facilities that provide limited business services and office facilities predominately for the convenience of residents of the neighborhood. The proposed public secondary educational facility will serve the growing student population of both Travis and Hays counties in this area.

2. *Zoning changes should promote compatibility with adjacent and nearby uses.*

The requested (LR) district zoning will allow for the proposed new high school facility as well as permit HCISD to partner with banks, restaurants, and stores on their campus in order to provide student job training and provide campus services. The location is appropriate and compatible with the existing residential neighborhoods in the area and the adjacent Sunfield PUD land uses. The future high school development would serve the surrounding community.

Drainage

The developer is required to submit a pre- and post-development drainage analysis at the subdivision and site plan stage of the development process. The City’s Land Development Code and Drainage Criteria Manual require that the Applicant demonstrate through engineering analysis that the proposed development will have no identifiable adverse impact on surrounding properties.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Rinard and Plum Creek Watersheds of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2-year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Re: Rezoning application- Hays Consolidated Independent School District
("HCISD") Property, S. Turnersville Road, Austin, Texas ("Property")

Dear Ms. Harden:

As the authorized agent of the owner, Hays Consolidated Independent School District ("Owner"), I am submitting this zoning application to permanently zone the Property from "I-RR" Interim Rural Residence to "LR" Neighborhood Commercial in order to develop the Property for a new high school to serve the growing student population of Travis and Hays Counties in this area. This property is as far south as you can go before being in Hays County and the City of Buda.

The Property is limited purpose annexed and is within the Sunfield Municipal Utility District and is not included in the Sunfield PUD. It is bounded by:

- S. Turnersville Road along the eastern boundary; the City of Austin's ETJ is east of S. Turnersville Road
- the proposed extension of Main street will border the northern boundary
- the Sunfield PUD Land Plan includes greenbelt/parkland on the south
- the Sunfield PUD Land Plan includes mixed uses along the west

The LR zoning district is requested in order to allow HCISD to partner with banks/restaurants/stores on their campus for student/job training and campus services. (HCISD is not considering selling pad sites.)

Sincerely,

Pamela Madere
