

ZONING CHANGE REVIEW SHEET

CASE: **C14-2024-0076** – Allandale Car Wash
Redevelopment DB90 Rezoning

DISTRICT: 7

ADDRESS: 7320 Burnet Road

ZONING FROM: CS-MU-V-CO

TO: CS-MU-V-CO-DB90

SITE AREA: 1.4396 acres

PROPERTY OWNER: Seamless GCW, GP, Ltd. (Joe Warnock)

AGENT: Armbrust & Brown, PLLC (Michael J. Whellan)

CASE MANAGER: Marcelle Boudreaux (512-974-8094,
marcelle.boudreaux@austintexas.gov)

STAFF RECOMMENDATION:

The Staff recommendation is to grant general commercial services – mixed use - vertical mixed use building – conditional overlay - neighborhood plan (CS-MU-V-CO-DB90) combining district zoning.

The Conditional Overlay prohibits the following uses: Adult-oriented businesses, Alternative Financial Services, Bail Bond Services, Construction Sales & Services, Custom Manufacturing, Kennels, Limited Warehouse and Distribution, Maintenance and Service Facilities, Outdoor Entertainment, Outdoor Sports and Recreation, Pawn Shop, Service Station (gas), Theater, Vehicle Storage

ZONING AND PLATTING COMMISSION ACTION / RECOMMENDATION:

June 18, 2024: *TO GRANT CS-MU-V-CO-DB90, AS RECOMMENDED BY STAFF.
[L. STERN; B. GREENBERG – 2ND; (9-0). TWO VACANCIES ON THE DAIS.*

CITY COUNCIL ACTION:

July 18, 2024:

ORDINANCE NUMBER:

ISSUES:

In December 2023, Ordinance No. 20220609-080, Ordinance No. 20221201-056 and Ordinance No. 20221201-055 were invalidated. On March 11, 2024, Ordinance No.

20240229-073, was enacted to create the “DB90” combining district, which amended City Code Title 25 (Land Development) to create a new zoning district for a density bonus program that grants 30 feet in height above the base zoning district, to a maximum of 90 feet, and modifies site development regulations including compatibility standards. Subsequently, the applicant submitted this new rezoning application to request the -DB90 combining district.

The conditions establishing prohibited uses in the Conditional Overlay for case number C14-2023-0077 are continued to be recommended in this new rezoning, as requested by the applicant. The Conditional Overlay cannot be modified to include a height restriction, as requested by the applicant.

Zoning and Platting Commission Previous Action

October 17, 2023: *TO GRANT CS-MU-V-CO, WITH ADDITIONAL PROHIBITED USE BY STAFF, ON CONSENT*

[B. GREENBERG; A. FLORES – 2ND] (10-0) C. ACOSTA – ABSENT

October 3, 2023: *APPROVED A POSTPONEMENT REQUEST BY THE NEIGHBORHOOD TO OCTOBER 17, 2023*

[A. FLORES; D. FOUTS – 2ND] (10-0) C. ACOSTA – ABSENT

September 19, 2023: *APPROVED A POSTPONEMENT REQUEST BY THE STAFF TO OCTOBER 3, 2023*

[B. GREENBURG; A. FLORES – 2ND] (8-0) S. BOONE, C. THOMPSON - ABSENT

September 5, 2023: *APPROVED A POSTPONEMENT REQUEST BY THE STAFF TO SEPTEMBER 19, 2023*

[L. STERN; D. FOUTS – 2ND] (8-0). A. FLORES, H. SMITH, R. JOHNSON – ABSENT; ONE VACANCY ON THE DAIS.

City Council Previous Action

November 30, 2023: *Approved CS-MU-V-CO combining district zoning as Platting and Zoning Commission recommended with staff amendment for prohibited use. VOTE: 10-0, Council Member R. Alter absent.*

Prior Rezoning Case C14-2023-0077

Ordinance No. 20231130-104, approved November 30, 2023

CASE MANAGER COMMENTS:

The subject property is located at 7320 Burnet Road and is zoned general commercial services (CS). Currently there is an Automotive Washing use (self-service car wash) on one tract that consists of 1.44 acres. The tract takes frontage on Burnet Road. There are Restaurant, Building Maintenance Service, and Automotive Repair Service uses to the north (CS-1; CS). Single family homes are to the west with frontage on Daugherty Street (SF-2).

To the south are Administrative and Business office, Restaurant, and Hospital Services (Limited) (CS). Commercial businesses are directly to the east, across and with frontage on Burnet Road (CS-V-CO-NP; CS-CO-NP). *Please refer to Exhibits A (Zoning Map) and A-1 (Aerial).*

The applicant is requesting general commercial services – mixed use – vertical mixed use building – conditional overlay - density bonus 90 (CS-MU-V-CO-DB90) combining district for a proposed development that would include multi-family units requiring an affordable component. A building constructed under density bonus 90 (–DB90) standards allows for a mix of residential uses and commercial uses, and the result is typically retail, restaurants and offices on the ground floor, and residential units on upper levels. The overall project would consist of approximately 300 multifamily units and mix of uses.

A development utilizing the “density bonus 90” incentives is permitted with a base CS district, and must include an affordability component for residential use in order to obtain incentives, including height maximum of 90 feet in the CS district (60 feet base plus 30 feet incentive) and relaxation of development and compatibility standards, such as FAR, setbacks and building coverage. There are several methods of satisfying DB90 development affordability requirements. There are two options for projects including rental units:

- 1) a minimum of 12% of the rental units in a building are affordable for a 40-year period for households earning 60% or less than the Austin-Round Rock Metropolitan Statistical Area MFI; or
- 2) a minimum of 10% of the rental units are affordable for a 40-year period as described above for households earning 50% or less MFI.

There are two options of satisfying DB90 development affordability requirements which include ownership units:

- 1) a minimum of 12% of the rental units in a building are affordable for a 40-year period for households earning 80% or less than the Austin-Round Rock Metropolitan Statistical Area MFI; or
- 2) an in-lieu-fee payment to the Housing Trust Fund, equivalent to the required percentage of the total residential units, including the mix of bedrooms required, at the rate set in the fee schedule at the time of final site plan submission.

A similar rezoning request was previously approved for this property by the Zoning and Platting Commission and City Council. However, the Court’s ruling invalidated the bonuses authorized for a “VMU2” building. The analysis and basis for recommendation for the previous -V combining district is the same for this rezoning request to add the -DB90 combining district.

BASIS OF RECOMMENDATION:

1. *The rezoning should be consistent with the policies and principles adopted by the City Council.*

City Council has provided policy and direction for having more residential density and increased affordability, as well as incentivizing vertical mixed use buildings throughout the City. City Council previously approved rezoning this property to allow for vertical

mixed-use buildings. This request is consistent with the “VMU2” option and Ordinance No. 20240229-073 (new DB90), which replaced the invalidated “VMU2” option.

2. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The general commercial services (CS) district zoning is intended for commercial or industrial uses that typically have operating characteristics or traffic service requirements generally incompatible with residential environments.

Mixed Use combining district (MU) is intended for combination with selected base districts, in order to permit any combination of office, retail, commercial, and residential uses within a single development.

Vertical Mixed Use Building (V) combining district may be applied in combination with any commercial base zoning district and allows for a combination of office, retail, commercial and residential uses within a vertical mixed use building.

The Conditional Overlay (CO) combining district may be applied in combination with any base district. The district is intended to provide flexible and adaptable use or site development regulations by requiring standards tailored to individual properties.

The proposed density bonus 90 (DB90) combining district, in exchange for providing affordable housing units and in combination with commercial base zoning districts, allows a mixture of office, retail, commercial, and residential uses with modifications of compatibility standards and site development regulations including increased building height.

3. *Zoning should promote clearly-identified community goals, such as creating employment opportunities or providing for affordable housing.*

This rezoning authorizes a property to participate in a voluntary density bonus or incentive program that provides modifications to development regulations or other regulatory-related benefits in exchange for community benefits. In exchange for increased development potential, the development is required to comply with affordable housing requirements.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	CS-MU-V-CO	Automotive washing
<i>North</i>	CS; CS-1	Restaurant, Building Maintenance Service, and Automotive Repair Service
<i>South</i>	CS	Administrative and Business office, Restaurant, and Hospital Services

<i>East</i>	CS-V-CO-NP; CS-CO-NP	Commercial businesses

ADDITIONAL STAFF COMMENTS:

Comprehensive Planning

Project Name and Proposed Use: 7320 BURNET ROAD. C14-2024-0076. Project: Allandale Car Wash DB90 Rezoning. 1.4396 acres from CS-MU-V-CO to CS-MU-V-DB90-CO. Existing: car wash. Proposed: indicated as to be determined, with potential for a convenience

storage project, or a mixed-use project as described by applicant. Conditional overlay limits height to 85 ft. If DB90 were granted, the following matter would apply--Density Bonus 90 Combining District (Ordinance No. 20240229-073), which sets affordability minimums on ownership and rental units, and further allows for an increase of up to 30 ft in height above the base zone allowance, with a maximum limit of 90 feet in total height. DB90 additionally releases the site from some base zoning district development standards, including maximum floor area ratio. Note that the undetermined nature of this proposal results in insufficient information for the determination of the Housing Choice, Housing Affordability and Mixed-Use measures in this review.

Drainage

The developer is required to submit a pre- and post-development drainage analysis at the subdivision and site plan stage of the development process. The City's Land Development Code and Drainage Criteria Manual require that the Applicant demonstrate through engineering analysis that the proposed development will have no identifiable adverse impact on surrounding properties.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Colorado River Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

Zoning district impervious cover limits apply in the Urban Watershed classification.

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 s.f. cumulative is exceeded, and on site control for the two-year storm.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

PARD – Planning & Design Review

Parkland dedication will be required for the new residential uses proposed by this development, multifamily with CS-MU-V-DB90 zoning, at the time of subdivision or site plan, per City Code § 25-1-601. Whether the requirement shall be met with fees in-lieu or dedicated land will be determined using the criteria in City Code Title 25, Article 14, as amended. Should fees in-lieu be required, those fees shall be used toward park investments in the form of land acquisition and/or park amenities within the surrounding area, per the Parkland Dedication Operating Procedures § 14.3.11 and City Code § 25-1-609.

If the applicant wishes to discuss parkland dedication requirements in advance of site plan or subdivision applications, please contact this reviewer: thomas.rowlinson@austintexas.gov. At the applicant's request, PARD can provide an early determination of whether fees in-lieu of land will be allowed.

Site Plan

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

There is a site plan currently under review for this property (SP-2024-0050C).

DB90 Rezoning

This site must meet affordability minimums to be eligible for DB90. A signed approval letter from the Housing Department will be required with site plan submittal.

Burnet Road is the Principal Street for this site. Any buildings fronting this street will be required to have 75% of the ground floor as commercial uses.

This site is adjacent to a site that contains one to three dwelling units and is zoned SF-5 or more restrictive. A compatibility buffer 25’ in width, designed to 25-8-700 and 25-2-652(G) will be required.

Austin Fire Department

No Comments.

Austin Transportation Department – Engineering Review

The Austin Strategic Mobility Plan (ASMP) calls for 120 feet of right-of-way for Burnet Rd. It is recommended that 60 feet of right-of-way from the existing centerline should be dedicated according to the ASMP with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

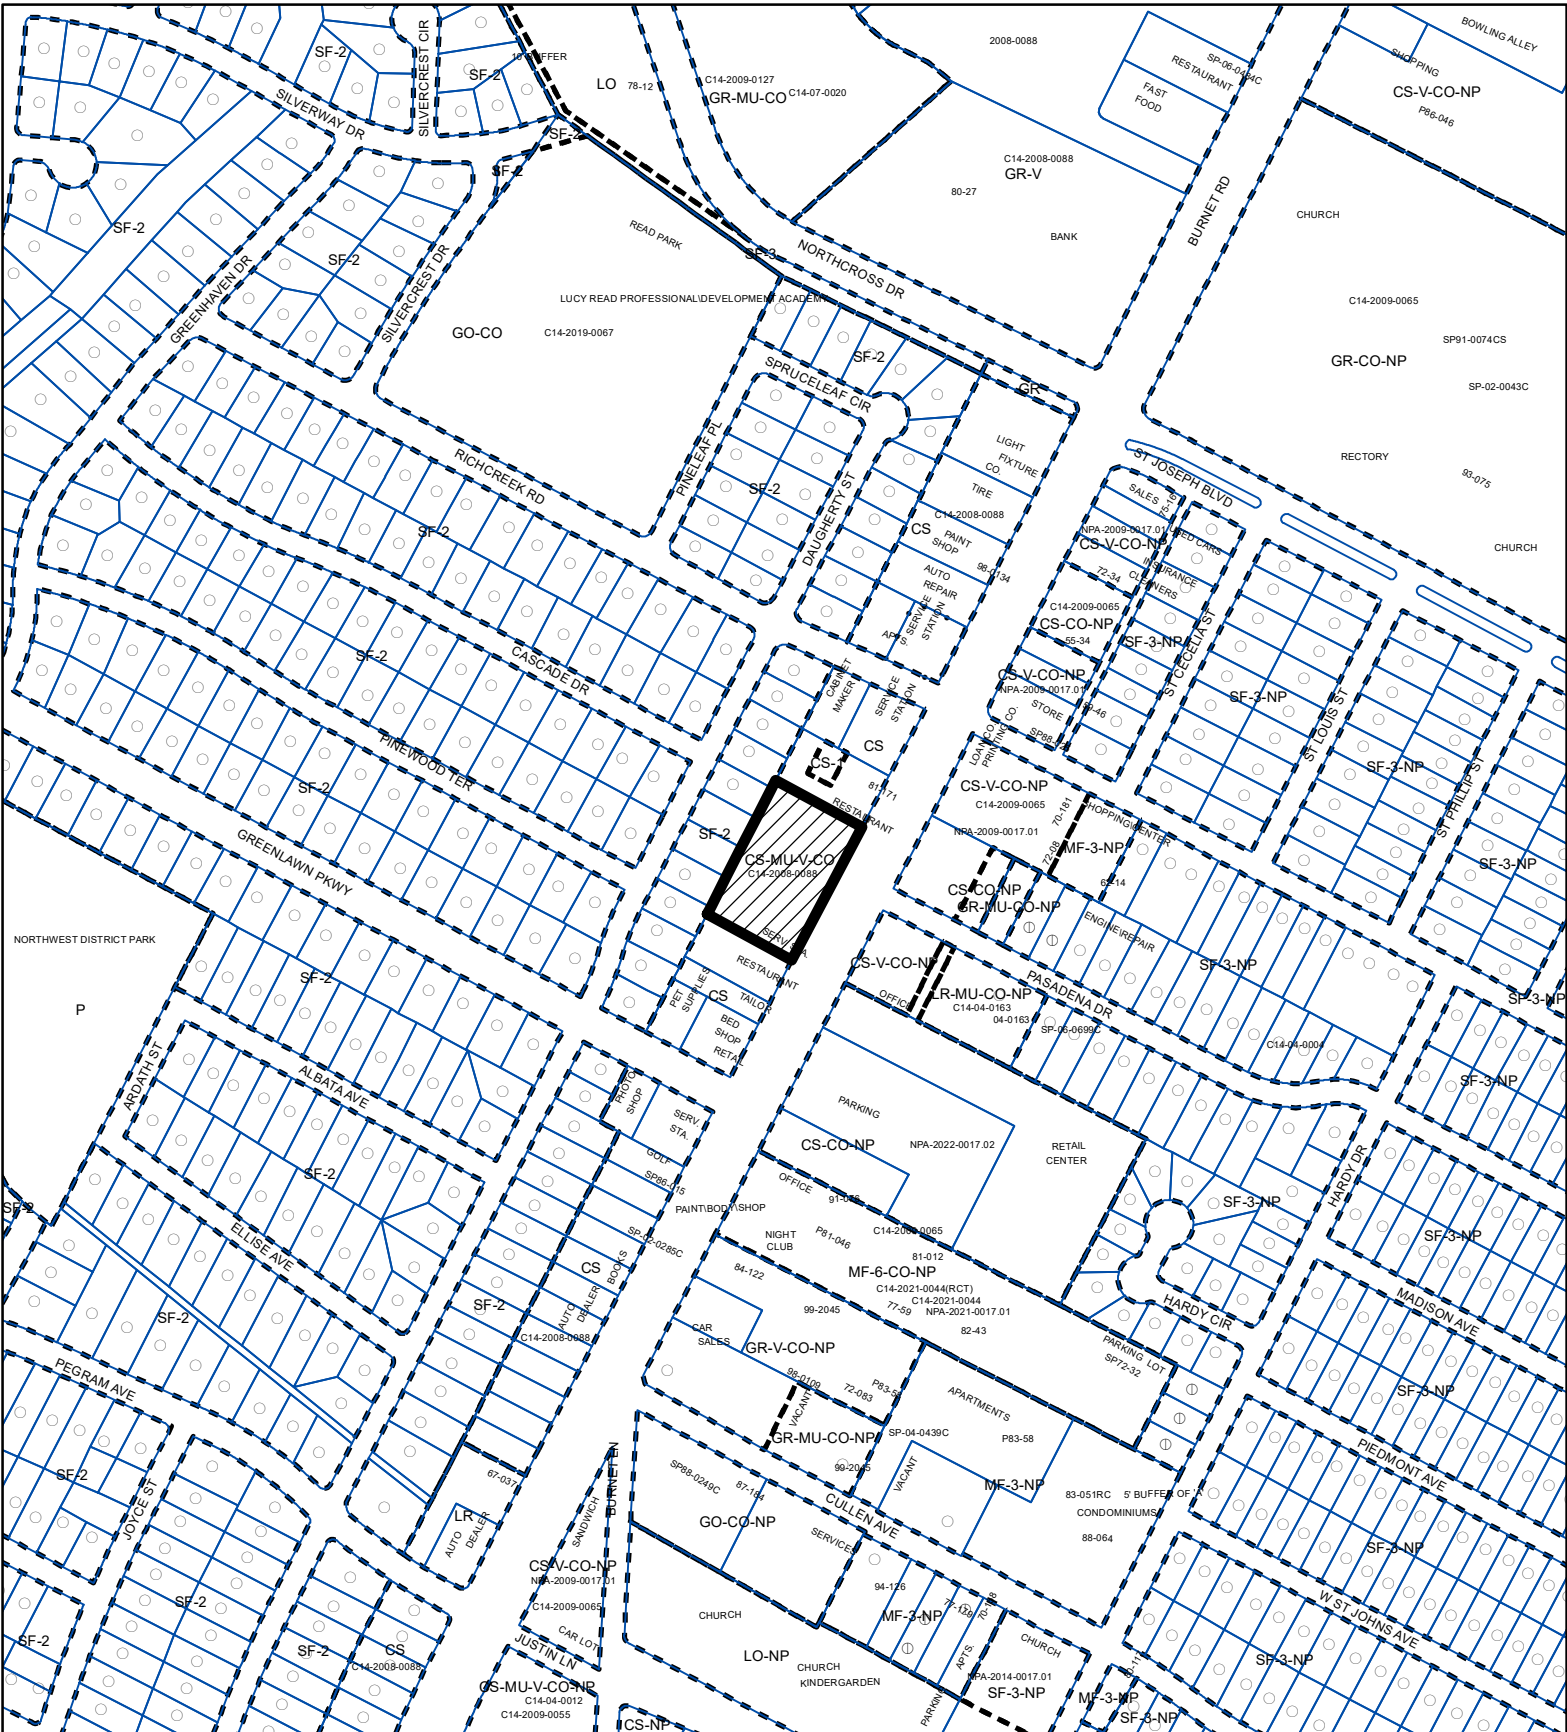

The adjacent street characteristics table is provided below:

Name	ASMP Classification	ASMP Required ROW	Existing ROW	Existing Pavement	Sidewalks	Bicycle Route	Capital Metro (within ¼ mile)
Burnet Rd	Level 3	120’	118’	57’	Yes	No	Yes

Austin Water Utility

Subject: Rezoning for 7320 Burnet Rd. (the "Property")

Dear Ms. Harden,

On behalf of Seamless GCW Ltd. (the "Applicant"), I request that the city rezone the Property to include the Density Bonus 90 Combining District ("DB90"), with a conditional overlay limiting uses as described in Attachment A to this letter. This letter supplements the cover letter dated May 1, 2024.

The Applicant had initially also requested a conditional overlay limiting the height to 85 ft., consistent with a prior agreement with Allandale stakeholders. However, the City has since informed us that they will not apply height limits within conditional overlays combined with DB90. The Applicant acknowledges this and agrees to amend their rezoning request accordingly.

The Applicant also notes that they have separately recorded a private restrictive covenant with neighborhood stakeholders that includes an 85-ft. height limit.

Case Background

Council recently adopted Ordinance No. 20240229-073, which created DB90 as a successor to the invalidated Vertical Mixed-Use 2 program and which initiated rezoning to DB90 for property that Council "rezoned to allow for one or more VMU buildings after June 10, 2022, but before February 29, 2024" (subject to property owners submitting the application materials).

The Applicant is requesting DB90 zoning for a parcel that meets this criterion.

The Applicant previously sought – and Council granted – rezoning for the Property from CS to CS-MU-V-CO, in Case No. C14-2023-0077 (known as the "Allandale Car Wash Redevelopment" case). I have summarized the relevant decision points from that case below:

- June 12, 2023: Applicant applies to rezone the Property to Vertical Mixed-Use ("VMU").
- October 17, 2023: Zoning and Platting Commission recommends approval of rezoning.
- November 30, 2023: Council approves Ordinance No. 20231130-104 rezoning the Property for VMU.

I have attached the relevant staff report and ordinance for the rezoning case described above. The Applicant also requests maintaining the existing conditional overlay that they previously negotiated with city staff and the neighborhood in Ordinance No. 20231130-104.

The same rationale from that VMU case applies to this request for DB90.

Additionally, as noted during the prior rezoning case, the current macroeconomic environment has made financing more difficult and is increasingly uncertain. To that end, the Applicant has a potential site plan in review for a possible convenience storage project (and has reflected that in this rezoning application) – though they want to maintain the ability to shift back to a mixed-use project if one becomes feasible.

We wanted to acknowledge this macroeconomic uncertainty; the application accordingly includes information on both potential future projects. Rezoning the Property to DB90 would encourage the Property to redevelop with a mix of uses and affordable housing, to the extent that the current macroeconomic environment would support such a project.

I appreciate the city's commitment to meeting its housing and transit goals, and to expeditiously creating DB90 as a successor to the former VMU2 program. Please do not hesitate to contact me if you have any questions or need further details about this request.

Respectfully,

A handwritten signature in black ink, appearing to read "Michael J. Whellan", with a long, sweeping flourish extending to the right.

Michael J. Whellan

Attachment A:
Existing Conditional Overlay Provision
Ordinance No. 20231130-104

The following uses are prohibited uses of the Property:

Adult-oriented businesses	Alternative Financial Services
Bail Bond Services	Construction Sales & Services
Custom Manufacturing	Kennels
Limited Warehouse and Distribution	Maintenance and Service Facilities
Outdoor Entertainment	Outdoor Sports and Recreation
Pawn Shop	Service Station (gas)
Theater	Vehicle Storage

External Email - Exercise Caution

Marcelle, the Allandale Neighborhood Zoning Committee requests that some prohibited use be included in a Conditional Overlay for this item.
These are from a list agreed by the applicant last October:

- Kennel
- Bail Bond Services
- Adult-oriented Businesses
- Outdoor Entertainment
- Outdoor Sports & Recreation
- Service Station (gas)
- Custom Manufacturing
- Maintenance & Service Facility

Thank you for your consideration.
