Re-lettered to (E) (D) Council authorizes the continued use of the public recreation areas for the number of special event days described in Subsection (C). If a reoccurring special event described in Subsection (C) does not occur in substantially the same form after the effective date of this section, the City Manager may not allow the special event days to be used by a different special event until the number of days used per calendar year is less than maximum established in Subsection (B). **Added new text about a competitive process.**

Re-lettered to (F). Ordinance will allow for multi-day events (E) In addition to the days authorized in Subsection (B)(3), the City Manager may authorize single day non-reoccurring special events to take place at Auditorium and Vic Mathias Shores at Lady Bird Lake Metropolitan Park for a municipal purpose if the total number of special event days does not exceed 25 per calendar year. In evaluating a request described by this subsection, the City Manager must consider the following factors:

- (1) a scheduling conflict at the public recreation area or with adjacent properties;
- (2) traffic congestion;
- (3) potential damage to park property or landscape;
- (4) potential threat to public health, safety or welfare;
- (5) availability of city resources required to permit and to provide services to the special event; and
- (6) availability of other public recreation areas for the special event.

Re-lettered to (G) (F) Nothing in this section limits the City Manager's authority to establish a maximum number of special event days that may be used at other public recreation areas.
