

**ZONING CHANGE REVIEW SHEET**

CASE: C14-2024-0062 – Express Auto Spa

DISTRICT: 2

ADDRESS: 3152 E. State Highway 71 Service Road Eastbound

ZONING FROM: I-RR

TO: CS

SITE AREA: 2.03 acres

PROPERTY OWNER: Quickie Inc., Wassim Agha

AGENT: CWPD (Alan Jacob)

CASE MANAGER: Nancy Estrada (512-974-7617, nancy.estrada@austintexas.gov)

STAFF RECOMMEDATION:

**The Staff recommendation is to grant general commercial services (CS) district zoning.**

ZONING & PLATTING COMMISSION ACTION / RECOMMENDATION:

**August 6, 2024:** *APPROVED CS DISTRICT ZONING AS STAFF RECOMMENDED, BY CONSENT*

*[D. FOUTS; R. PUZYCKI – 2<sup>nd</sup>] (7-0) B. GREENBERG – NAY ON ITEMS 4, 5, 11;  
A. FLORES, L. STERN – ABSENT; TWO VACANCIES ON THE DIAS*

CITY COUNCIL ACTION:

**September 12, 2024:**

ORDINANCE NUMBER:

ISSUES: None at this time.

CASE MANAGER COMMENTS:

The subject rezoning area is 2.03 acres located on the eastbound service road of State Highway 71. It is situated east of Austin-Bergstrom International Airport and slightly west of FM 973. The site is currently an undeveloped tract that is zoned interim-rural residence (I-RR).

There is a convenience store and fuel station directly to the west (CS-CO). The Austin Transitional Center as well as several county facilities such as the Travis County correctional facility, Travis County softball facility and the Sheriff’s office are located to the south (P). There is undeveloped land and another Travis County facility to the east (P-CO).

***Please refer to Exhibits A (Zoning Map) and A-1 (Aerial Exhibit).***

The Applicant is requesting to rezone the site to general commercial services (CS) district zoning and is proposing an express automatic car wash. The property is located within the Airport Overlay Zone (CCLUA; AO-3); however, commercial and industrial uses are permitted within this area.

Staff is recommending (CS) district zoning due to its location along a freeway as well as being near the intersection of two major arterial roads, East State Highway 71 and FM 973.

**BASIS OF RECOMMENDATION:**

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*

The proposed general commercial services (CS) district zoning is intended for commercial or industrial uses that typically have operating characteristics or traffic service requirements generally incompatible with residential environments. The CS district is best suited for uses located at intersections of arterial roadways or arterials with collector status.

2. *Zoning changes should promote an orderly and compatible relationship among land uses.*

Staff is recommending (CS) district zoning for the subject property based on the following considerations: 1) its location on a major arterial roadway with direct access to the eastbound frontage road of East State Highway 71, 2) commercial uses are appropriate within the Airport Overlay Zone, and 3) there is existing (CS) zoning located both to the west and east of this property.

**EXISTING ZONING AND LAND USES:**

	ZONING	LAND USES
<i>Site</i>	I-RR	Undeveloped
<i>North</i>	N/A	E. State Highway 71
<i>South</i>	P; County	Austin Transitional Center; Travis County softball facility; Travis County Correctional facility; Travis County Sheriff’s office
<i>East</i>	P-CO; CS-CO; I-RR; GR	Undeveloped; Travis County Probation unit
<i>West</i>	CS-CO	Convenience store; Fuel station; Multifamily; Hotel

Drainage

The developer is required to submit a pre- and post-development drainage analysis at the subdivision and site plan stage of the development process. The City’s Land Development Code and Drainage Criteria Manual require that the Applicant demonstrate through engineering analysis that the proposed development will have no identifiable adverse impact on surrounding properties.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Colorado River Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

PARD – Planning & Design Review

As of January 1, 2024, new commercial non-residential uses are not subject to parkland dedication requirements at the time of site plan and subdivision.

Site Plan

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Airport Overlay

The site is located within Austin-Bergstrom Overlay {CCLUA; AO-3}. No use will be allowed that creates electrical interference with navigational signals or radio communications between airport and aircraft, make it difficult for pilots to distinguish between the airport lights and others, result in glare in the eyes of pilots using the airport, impair visibility in the vicinity of the airport, create bird strike hazards or otherwise in any way endanger or interfere with the landing, taking off, or maneuvering of aircraft intending to use the Austin-Bergstrom Airport. Height limitations and incompatible uses with each Airport Overlay zone are established in the Airport Overlay Ordinance. Airport Hazard Zoning Committee review may be required prior to Planning Commission Hearing.

Austin Transportation Department – Engineering Review

The adjacent street characteristics table is provided below:

Name	ASMP Classification	ASMP Required ROW	Existing ROW	Existing Pavement	Sidewalks	Bicycle Route	Capital Metro (within ¼ mile)
State Highway 71 East	Level 4 – Major Arterial	TBD; coordination with TxDOT is needed	490'	58'	Yes	Yes	Yes

A Traffic Impact Analysis is not required.

Austin Water Utility

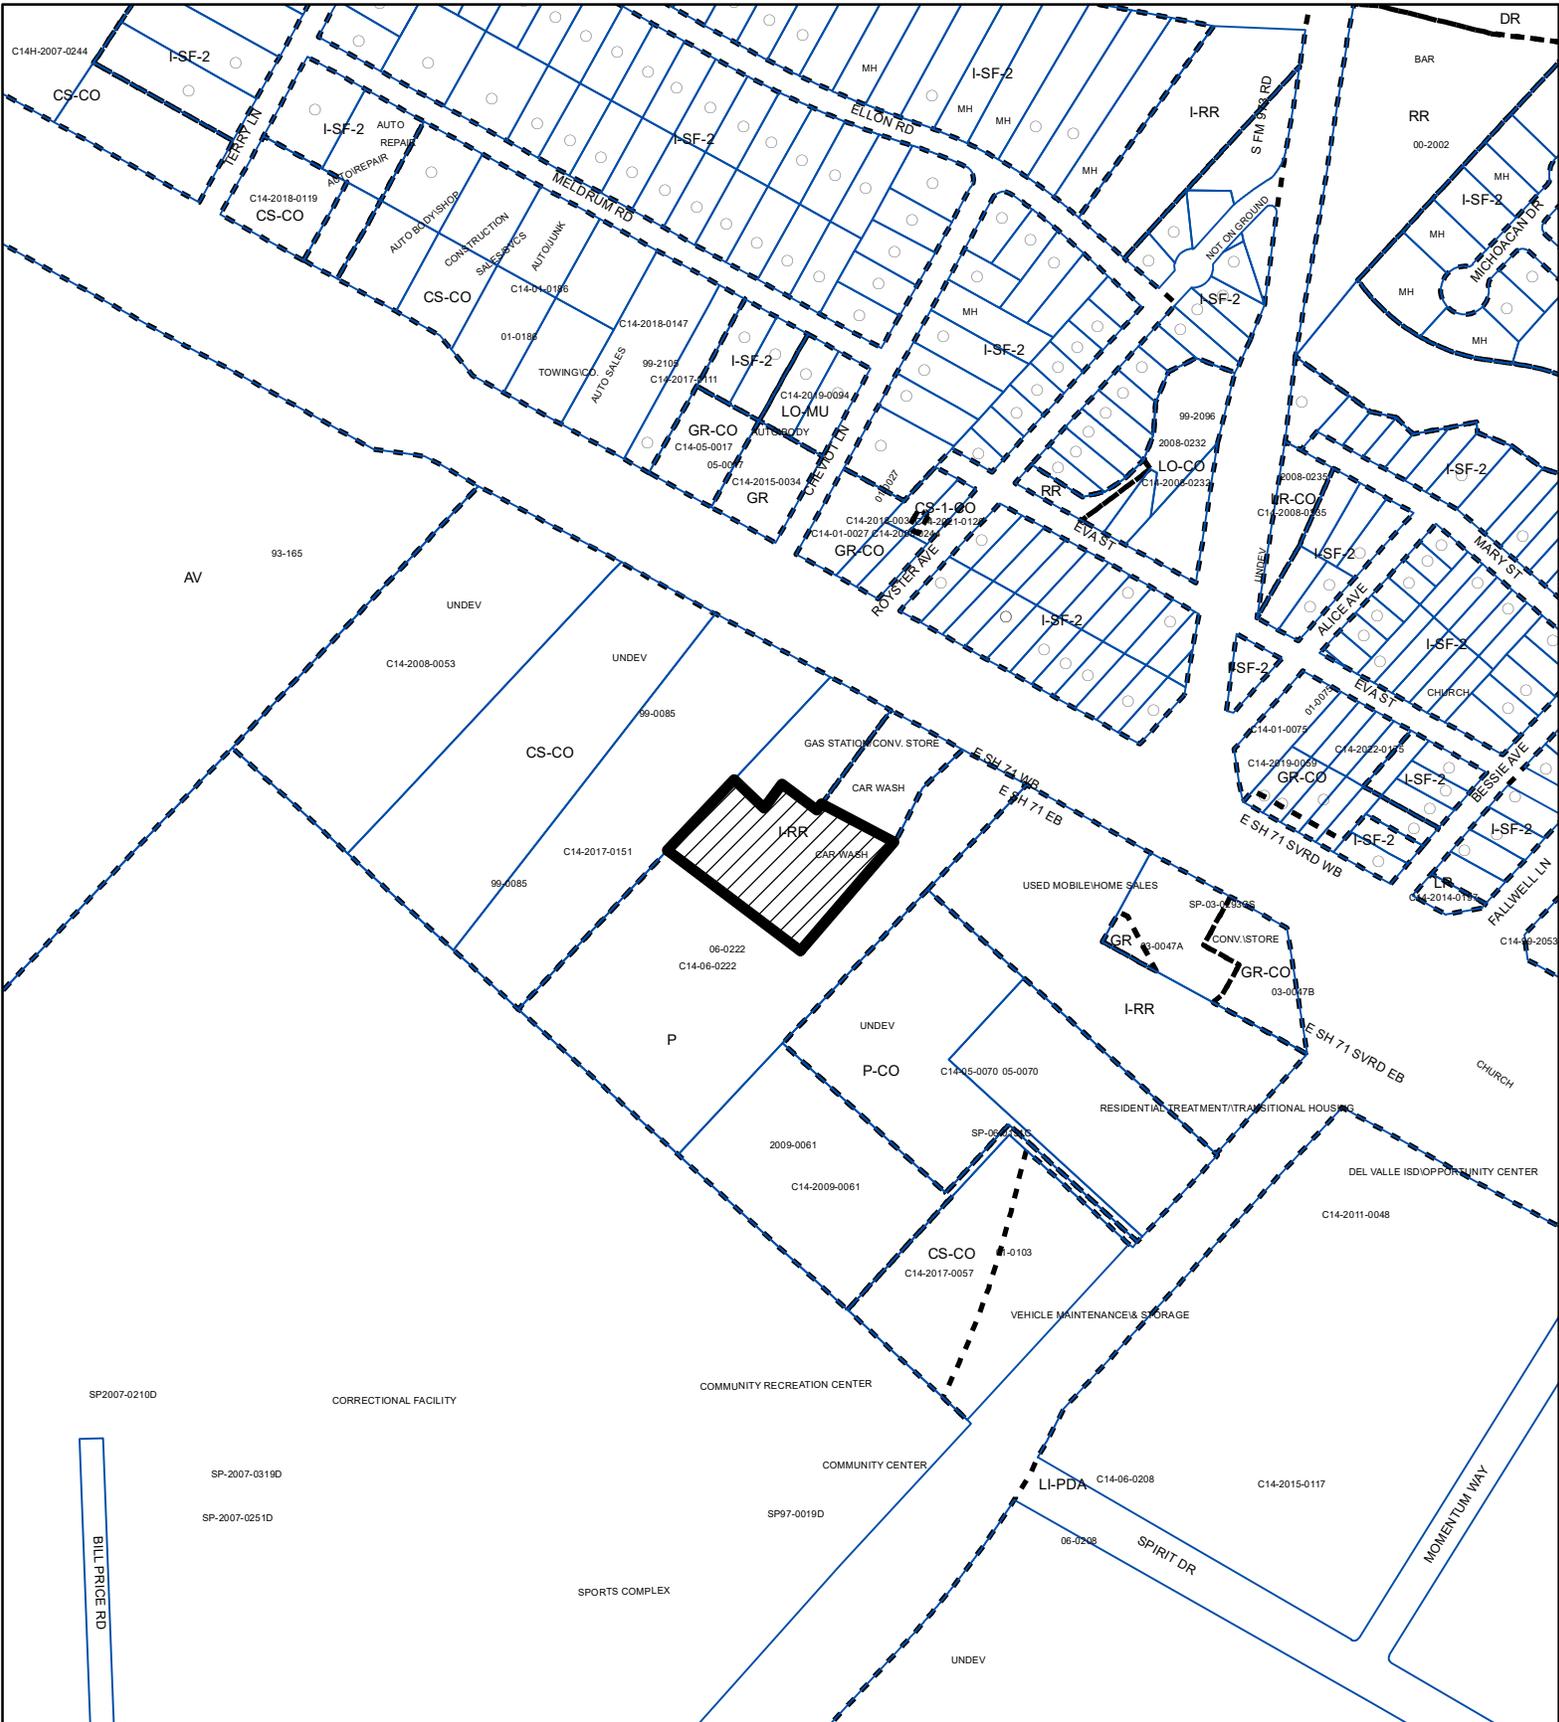

No comments on zoning change.

FYI: The landowner intends to serve the site with existing City of Austin water utilities.

Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. For more information pertaining to the Service Extension Request process and submittal requirements contact the Austin Water SER team at [ser@austintexas.gov](mailto:ser@austintexas.gov).
