ISSUES: N/A

DEPARTMENT COMMENTS:

In this case, the applicant is requesting to amend a public restrictive covenant associated with zoning case C14-85-149 and executed on June 17, 1986. The covenant that was approved with the North Lamar Area Study rezonings states and states that all detached single family dwelling units in the area that the public restrictive covenant covers zoned SF-2 must have a gross floor area of 1,400 square feet, all lots zoned SF-2 shall have a horizontal distance between the side lot lines of at least 65 feet measured at the front lot line and an average area of 7,00 square feet, all detached single family dwelling units zoned SF-2 shall be constructed of not less than 40% masonry, a wooden privacy fence shall be constructed along the eastern property line of lots adjacent to River Oak Lake Estates Section 7, any multiple family development constructed shall not exceed a density of 15 units per acre, the property particularly described in “Exhibit B” shall have only one access driveway onto Parmer Lane, the property particularly described in “Exhibit C” shall have no access driveway onto Parmer Lane and the property particularly described in “Exhibit D” shall only have one access driveway onto Parmer Lane (*please see Redlined Public Restrictive Covenant – Exhibit D*).

Specifically, the applicant’s request is to remove Item #6 which states that, “Any multiple family development constructed shall not exceed a density of fifteen (15) units per acre.” for this property so that they can allow for a denser multifamily project at this location (*please see Applicant’s Request Letter – Exhibit C*).

The staff recommends the applicant’s request to amend this existing public restrictive covenant to delete the conditions that specifically apply to this site. The applicant has also requested a rezoning of this property from GR-CO and MF-2 to GR-MU though related case C14-2024-0101. The proposed GR-MU zoning would permit a residential unit density that would equate with the requirements of the MF-4 zoning district. The City Council has indicated through recent policy and code amendments that their intent to allow for more density along transit corridors. The site under consideration is adjacent to Parmer Lane Activity Corridor, as designated by the Growth Concept Map in the Imagine Austin Comprehensive Plan, and it is accessible from a major arterial/highway and a collector roadway.

The applicant agrees with the staff’s recommendation.

OTHER STAFF COMMENTS:

Comprehensive Planning

The initiation, termination or amending of a Restrictive Covenant is not under the purview of the policies of the Imagine Austin Comprehensive Plan.

Environmental

The RCA revision is approved.

The following comments are for your information:

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Walnut Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Fire

No comments.

Parks and Recreation

Parkland dedication will be required for the new dwelling units resulting from this restrictive covenant amendment. Should fees in-lieu be required, those fees shall be used toward park investments in the form of land acquisition and/or park amenities within the surrounding area, per the Parkland Dedication Operating Procedures § 14.3.11 and City Code § 25-1-609, as amended.

If the applicant wishes to discuss parkland dedication requirements in advance of site plan or subdivision applications, please contact this reviewer: thomas.rowlinson@austintexas.gov.

Site Plan

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

This property is subject to compatibility requirements. On and after July 15th, 2024, this site will need to comply with compatibility requirements based on ordinance # 20240516-004.

Transportation

The Austin Strategic Mobility Plan (ASMP) calls for 154 feet of right-of-way for W Parmer LN. It is recommended that 77 feet of right-of-way from the existing centerline should be dedicated for W Parmer LN. according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

The Austin Strategic Mobility Plan (ASMP) calls for 84 feet of right-of-way for Scofield Farms DR. It is recommended that 42 feet of right-of-way from the existing centerline should be dedicated for Scofield Farms DR. according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

The Austin Strategic Mobility Plan (ASMP) calls for 58 feet of right-of-way for Shag Bark TRL. It is recommended that 29 feet of right-of-way from the existing centerline should be dedicated for Shag Bark TRL. according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

Re: Rezoning and Restrictive Covenant Amendment Applications for 1605 and 1603
W. Parmer and 12424 Scofield Farms Drive in Austin, Travis County, Texas
(TCAD Parcel No. 0260180420 and No. 0260180423) (the "Application")

Dear Ms. Middleton-Pratt:

This firm represents and this letter is submitted on behalf of the owner for the above Application. The site proposed for redevelopment in connection with this Application consists of 7.6 acres (the "Property").

The Property is zoned Community Commercial – Conditional Overlay (GR-CO) and Multifamily Residence Low Density (MF-2). A portion of the Property is currently developed with a church and the remainder is undeveloped. The request is to rezone the Property from GR-CO and MF-2 to Community Commercial – Mixed Use (GR-MU) to allow for a multifamily project. The request includes removing the conditional overlay that was established in Ordinance 980514-C which restricts traffic generation to 2,000 trips per day or less.

A Traffic Impact Analysis (TIA) is not required. The TIA Determination signed by Ramin Komeili on June 25, 2024 is included in the submittal package.

In addition to the rezoning request, a restrictive covenant amendment application is being submitted concurrently with the zoning application. The restrictive covenant, recorded in Volume 9922, Page 591 is associated with City of Austin case number C14-85-149.70. The purpose of the restrictive covenant amendment application is to remove the density limitation of 15 units per acre for multiple family development. A redline of the restrictive covenant is included with this submittal package.

Thank you in advance for your time and consideration of this zoning request. If you have any questions or need additional information, please do not hesitate to contact me at (512) 435-2310.

Very truly yours,
