Recommendation for Action

File #: 25-1279, Agenda Item #: 77.

7/24/2025

Posting Language

Authorize a contract for the purchase of trap rock surface aggregates for Transportation and Public Works with Vulcan Construction Materials, LLC. dba Vulcan Materials, for an initial term of three years with up to two 1-year extension options in an amount not to exceed \$10,782,000. Funding: \$539,100 is available in the Operating Budget of the Transportation and Public Works Department, funding for the remaining contract term is contingent upon available funding in future budgets.

Lead Department

Financial Services Department.

Client Department(s)

Transportation and Public Works Department.

Fiscal Note

Funding in the amount of \$539,100 is available in the Fiscal Year 2024-2025 Operating Budget of the Transportation and Public Works Department.

Funding for the remaining contract term is contingent upon available funding in future budgets.

Purchasing Language:

The Financial Services Department issued an Invitation for Bids solicitation (IFB) 6200 KMF1031 for these services. The solicitation was issued on February 10, 2025, and closed on March 11, 2025. Of the two offers received, the recommended contractor submitted the lowest responsive offer. A complete solicitation package, including a tabulation of the bids received, is available for viewing on the City's website. This information can currently be found at

https://financeonline.austintexas.gov/afo/account_services/solicitation/solicitation_details.cfm?sid=142013

MBE/WBE:

This contract will be awarded in compliance with City Code Chapter 2-9 B (Minority-Owned and Women-Owned Business Enterprise Procurement Program). For the goods required for this solicitation, there were no subcontracting opportunities; therefore, no subcontracting goals were established.

For More Information:

Direct questions regarding this Recommendation for Council Action to the Financial Services Department - Central Procurement at: FSDCentralProcurementRCAs@austintexas.gov or 512-974-2500. Respondents to the solicitation and their Agents should direct all questions to the Authorized Contact Person identified in the solicitation.

Additional Backup Information:

This contract will provide surface aggregate utilized in seal coat resurfacing. The seal coat resurfacing process consists of a thin layer of liquid asphalt covered by a layer of aggregate and is one of the most cost-effective

preventative maintenance treatments for streets. The treatment intended preserves the roadway by sealing cracks and providing a new water-resistant wearing surface prolonging the service life of the roadway and preventing future street surface deterioration and pothole formations.

The contract replaces a contract expiring October 26, 2027. Due to the low remaining authority, the existing contract will be replaced before its expiration date. The requested authorization is based on historical spending and departmental estimates of future needs. The recommended contractor is the current provider of these goods.

A delay in contract approval could impact the surface quality and maintenance of City streets.
