Additional Backup Information:

This budget amendment provides funding to the Austin Fire Department to provide additional appropriation related to other Council Items on this council meeting agenda regarding discussion and possible action to approve a proposed four-year collective bargaining agreement with the Austin Fire Association establishing pay and benefits. The cost of this amendment includes increases of \$4,933,047 for pay scale adjustments, effective beginning on the first pay period after November 20, 2025, \$448,459 for a one-time \$370 lump sum payment for each sworn position, and \$1,657,200 for the addition of 22 entry-level Firefighters to the department's authorized strength, offset by reductions of \$1,250,000 from savings in sworn overtime associated with returning to the 53-hour work week schedule in March 2026 and a \$125,000 reduction from the removal of the sick leave buyback program. This action does not change the projected ending balance for the Fiscal Year 2025-2026 General Fund Operating Budget.
