

Mobility Committee | July 17, 2025

Update on Parking Code Modernization, Focus on Compliance

Joseph Al-hajeri, Parking Enterprise Manager

TRANSPORTATION
PUBLIC WORKS

AGENDA

TRANSPORTATION
PUBLIC WORKS

1. Background
2. Continued Parking Enforcement Challenges
3. Potential Benefits of Mailing Parking Citations
4. Implementation Elements
5. Next Steps

BACKGROUND

TRANSPORTATION
PUBLIC WORKS

- Council resolution for increased bike lane enforcement led to Council approval of parking code modernization for 12-3 & 12-5
- Included update to 12-5-56 for the possibility to mail parking-related citations. Staff committed to come to July Mobility Committee with an update.

BACKGROUND

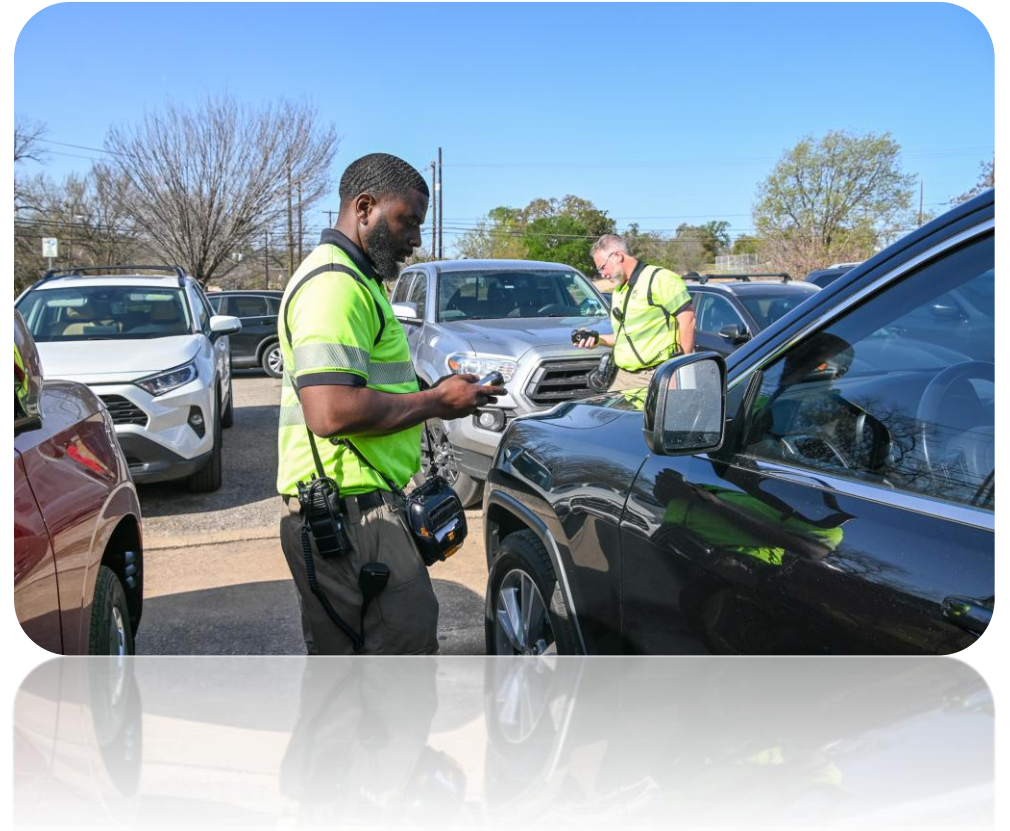

TRANSPORTATION
PUBLIC WORKS

Data on bike lane enforcement

- 270 warnings issued from March through May
- 80 citations provided in June
- 516 bike-lane enforcement resident requests (March through June)

Residential Parking Program (RPP)
survey and Proposed Director Rules

CONTINUED PARKING ENFORCEMENT CHALLENGES

TRANSPORTATION
PUBLIC WORKS

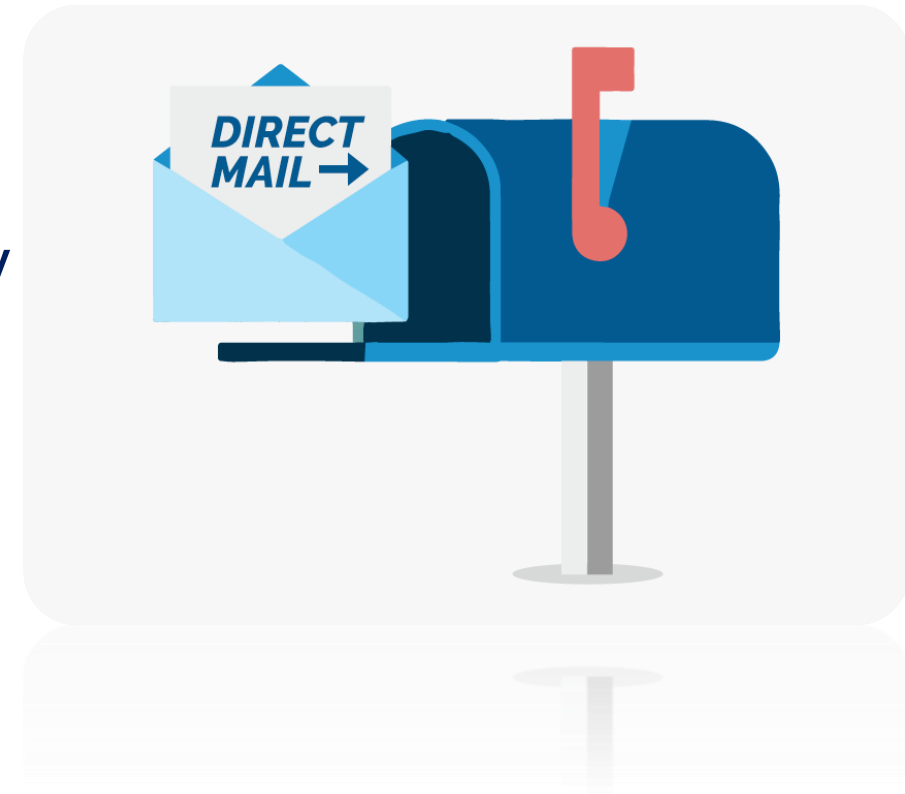

- Significant increase in demand for curb space and new mobility alternatives
- Increasing number of managed parking areas and expanded geographic coverage with bike lane enforcement
- Hazards for public travel and confrontations with enforcement staff
- Misalignment between traditional parking enforcement strategies and modernized code
- Compliance issues with parking regulations

POTENTIAL BENEFITS OF MAILING PARKING CITATIONS

TRANSPORTATION
PUBLIC WORKS

- Increase accountability, safety, and efficiency in parking enforcement
- Limit blockage of travel lanes, maintaining transportation system efficiency
- Conflict reduction between the public and enforcement officers
- Compliance and capacity
- Enforcement consistency

IMPLEMENTATION CONSIDERATIONS

TRANSPORTATION
PUBLIC WORKS

Steps in Mailing Citations

- Identify and verify the violation and vehicle information
- Identify registered owner
- Mail the citation

Municipal Court System Integration

- Municipal Court is still implementing phase 1 of their new court software, and it is not configured for staff to mail out parking citations
- Mailing notices will require third-party integration with the court software

Third Party Vendor Options

- Parking-specific enforcement technology available, can be customized
 - Examples from other cities
- Honor the direction included within prior Council Resolutions (20220915-056 and 20230608-085) related to technology use and data collection and retention, access

PROPOSED NEXT STEPS

TRANSPORTATION
PUBLIC WORKS

Continued collaboration with Municipal Court

- Define desired processes and outcomes
- Determine preferred implementation approach
- Develop procedures to ensure compliance with parking codes

Finalize scope and metrics of a potential pilot

- Define desired features and operational parameters, data requirements
- Establish measurable, reproduceable metrics to evaluate the pilot

Procurement process for third-party vendor

- Identify the right approach to efficiently onboard a vendor
- Research vendors and evaluate products and integration capabilities

Bring back to Council for review and approval
