

## NEIGHBORHOOD PLAN AMENDMENT REVIEW SHEET

**NEIGHBORHOOD PLAN:** East Cesar Chavez

**CASE#:** NPA-2023-0002.01

**DATE FILED:** July 14, 2023

**PROJECT NAME:** Christ Church Planning

**PC DATE:** August 13, 2024  
June 25, 2024  
June 11, 2024  
May 28, 2024  
April 23, 2024  
March 26, 2024  
February 27, 2024  
January 23, 2024  
December 12, 2023

**ADDRESS/ES:** 112 and 206 Medina Street, 1001, 1005, 1010, and 105 San Marcos Street

**DISTRICT AREA:** 3

**SITE AREA:** 1.3 acres

**OWNER/APPLICANT:** Christ Church of Central Austin

**AGENT:** Thrower Design, LLC (Victoria Haase and Ron Thrower)

**CASE MANAGER:** Maureen Meredith **PHONE:** (512) 974-2695

**STAFF EMAIL:** Maureen.Meredith@austintexas.gov

**TYPE OF AMENDMENT:**

### Change in Future Land Use Designation

**From:** Recreation & Open Space, Single Family and Civic  
**To:** Mixed Use

### Base District Zoning Change

**Related Zoning Case:** C14-2024-0010 (southern tract)  
**From:** SF-3-NP **To:** CS-DB90-CO-NP

**Related Zoning Case:** C14-2024-0017 (northern tract)

**From:** SF-3-NP

**To:** CS-MU-V-CO-NP

**NEIGHBORHOOD PLAN ADOPTION DATE:** December 14, 2000

**CITY COUNCIL DATE:** October 10, 2024      **ACTION:** (action pending)

**PLANNING COMMISSION RECOMMENDATION:**

*August 13, 2024* – After discussion, approved the Applicant’s request for Mixed Use land use. [R. Johnson- 1<sup>st</sup>; F. Maxwell – 2<sup>nd</sup>] Vote: 8-4 [C. Hempel, A. Azhar, G. Anderson, N. Barrera-Ramirez, R. Johnson, F. Maxwell, D. Skidmore and A. Woods voted aye. G. Cox, A. Haynes, J. Mushtaler and A. Phillips voted nay. P. Howard absent.

*June 25, 2024* – Postponed to August 13, 2024 on the consent agenda at the request of the Applicant. [R. Johnson – 1<sup>st</sup>; F. Maxwell – 2<sup>nd</sup>] Vote: 7-0 [G. Cox and A. Phillips were off the dais. C. Hempel, A. Azhar, A. Haynes and J. Mushtaler absent].

*June 11, 2024* –Postponed to June 25, 2024 on the consent agenda at the request of Staff. [A. Azhar – 1<sup>st</sup>; F. Maxwell – 2<sup>nd</sup>] Vote: 10-0 [J. Mushtaler off the dais. G. Cox and N. Barrera-Ramirez was absent].

*April 23, 2024* – Postponed to May 14, 2023 on the consent agenda at the request of staff. [G. Anderson – 1<sup>st</sup>; A. Woods – 2<sup>nd</sup>] Vote: 10-0 [G. Cox, J. Mushtaler and A. Phillips off the dais] NOTE: Errant postponement date, so case was renotified for June 11, 2024.

*March 26, 2024* – Postponed to April 23, 2024 on the consent agenda at the request of Staff. [A. Azhar – 1<sup>st</sup>; F. Maxwell – 2<sup>nd</sup>] Vote: 10-0 [G. Anderson off the dais. P. Howard and A. Phillips absent].

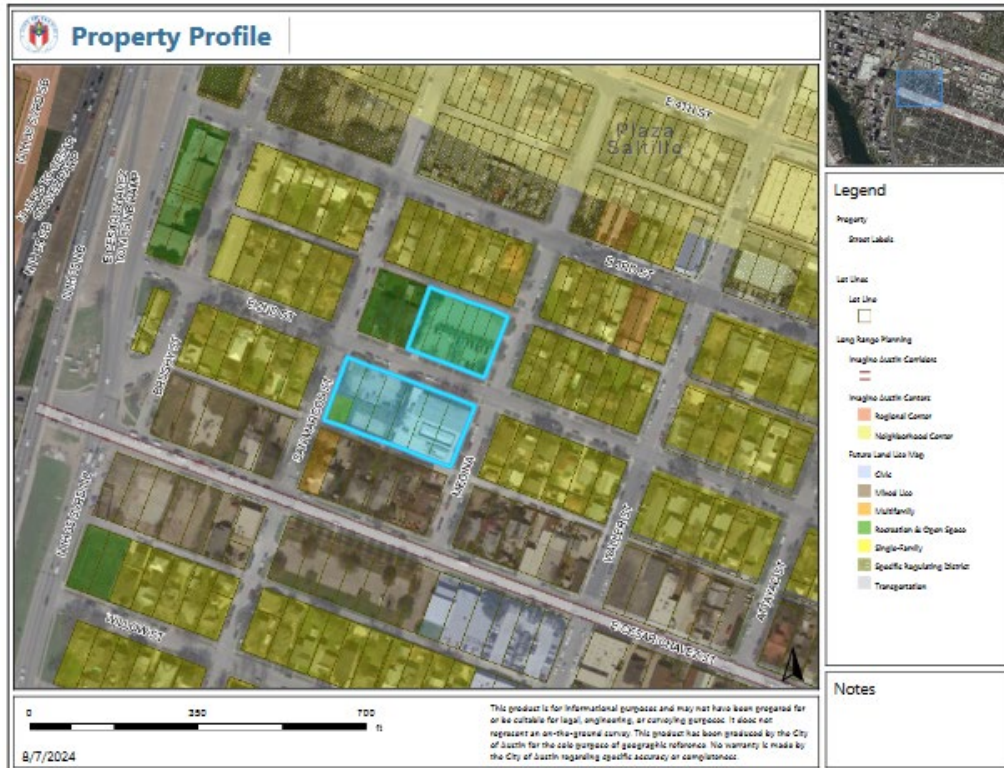

*February 13, 2024*- Postponed to March 26, 2024 on the consent agenda at the request of the Applicant. [A. Azhar – 1<sup>st</sup>; F. Maxwell – 2<sup>nd</sup>] Vote: 12-0 [One vacancy on the dais].

*December 19, 2023*- Postponed to February 13, 2024 on the consent agenda at the request of staff. [A. Woods – 1<sup>st</sup>; A. Phillips – 2<sup>nd</sup>] [Vote: 7-0 [N. Barrera-Ramirez, J.P Connolly, G. Cox, A. Haynes, J. Mushtaler absent].

**STAFF RECOMMENDATION:** To support the Applicant’s request for Mixed Use land use.

**BASIS FOR STAFF’S RECOMMENDATION:** The plan amendment application includes two properties. The northern property is a 0.45-acre tract with a parking lot on an unpaved surface. The surrounding land uses to the north and east are Single Family. To the south is Civic land use with Recreation/Open Space land use to the west. The southern property is a 0.87-acre tract with a church building with ancillary buildings and a parking lot. The surrounding land uses are Recreation/Open Space to the north, Single family to the east, Mixed Use and Multifamily Residential to the south and Single Family to the west. See FLUM map below.

The property is located within ½ mile of the Plaza Saltillo Station metro rail station, and the Plaza Saltillo Neighborhood Center as identified on the Imagine Austin Growth Concept Map. The properties are also located one block north of East Cesar Chavez which is an Activity Corridor. The properties are in an area with robust public transportation options and near an activity center and corridor where Mixed Use land use is appropriate.

## LAND USE DESCRIPTIONS:

### EXISTING LAND USE:

**Recreational and Open Space** - This category allows large public parks and recreation areas such as public and private golf courses, trails and easements, drainage-ways and detention basins, and any other public usage of large areas on permanent open land.

### Purpose

1. Maintain, improve and extend existing parks and recreational facilities;
2. Open spaces that are currently in a naturalistic state should be preserved to the greatest extent possible; and

3. Any undevelopable land should be left as open space.

**Single family** - Single family detached or up to three residential uses at typical urban and/or suburban densities.

**Purpose**

1. Preserve the land use pattern and future viability of existing neighborhoods;
2. Encourage new infill development that continues existing neighborhood patterns of development; and
3. Protect residential neighborhoods from incompatible business or industry and the loss of existing housing.

**Application**

1. Existing single-family areas should generally be designated as single family to preserve established neighborhoods; and
2. May include small lot options (Cottage, Urban Home, Small Lot Single Family) and two-family residential options (Duplex, Secondary Apartment, Single Family Attached, Two-Family Residential) in areas considered appropriate for this type of infill development.

**Civic** - Any site for public or semi-public facilities, including governmental offices, police, fire facilities, hospitals, and public and private schools. Includes major religious facilities and other religious activities that are of a different type and scale than surrounding uses.

**Purpose**

1. Allow flexibility in development for major, multi-functional institutional uses that serve the greater community;
2. Manage the expansion of major institutional uses to prevent unnecessary impacts on established neighborhood areas;
3. Preserve the availability of sites for civic facilities to ensure that facilities are adequate for population growth;
4. Promote Civic uses that are accessible and useable for the neighborhood resident and maintain stability of types of public uses in the neighborhood;
5. May include housing facilities that are accessory to a civic use, such as student dormitories; and

6. Recognize suitable areas for public uses, such as hospitals and schools, that will minimize the impacts to residential areas.

### **Application**

1. Any school, whether public or private;
2. Any campus-oriented civic facility, including all hospitals, colleges and universities, and major government administration facilities;
3. Any use that is always public in nature, such as fire and police stations, libraries, and museums;
4. Civic uses in a neighborhood setting that are of a significantly different scale than surrounding non-civic uses;
5. An existing civic use that is likely or encouraged to redevelop into a different land use should NOT be designated as civic; and
6. Civic uses that are permitted throughout the city, such as day care centers and religious assembly, should not be limited to only the civic land use designation.

### **PROPOSED LAND USE:**

**Mixed Use** - An area that is appropriate for a mix of residential and non-residential uses.

### **Purpose**

1. Encourage more retail and commercial services within walking distance of residents;
2. Allow live-work/flex space on existing commercially zoned land in the neighborhood;
3. Allow a mixture of complementary land use types, which may include housing, retail, offices, commercial services, and civic uses (with the exception of government offices) to encourage linking of trips;
4. Create viable development opportunities for underused center city sites;
5. Encourage the transition from non-residential to residential uses;
6. Provide flexibility in land use standards to anticipate changes in the marketplace;
7. Create additional opportunities for the development of residential uses and affordable housing; and

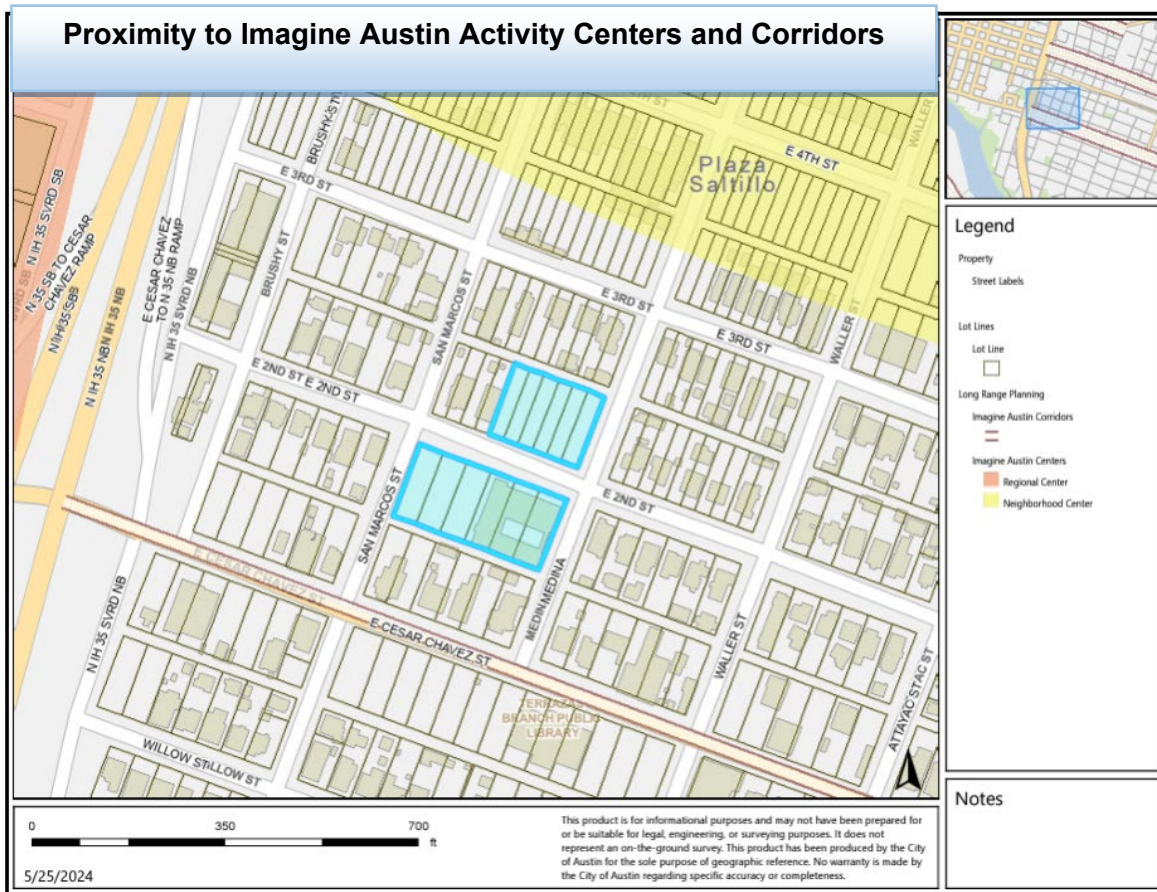

8. Provide on-street activity in commercial areas after 5 p.m. and built-in customers for local businesses.

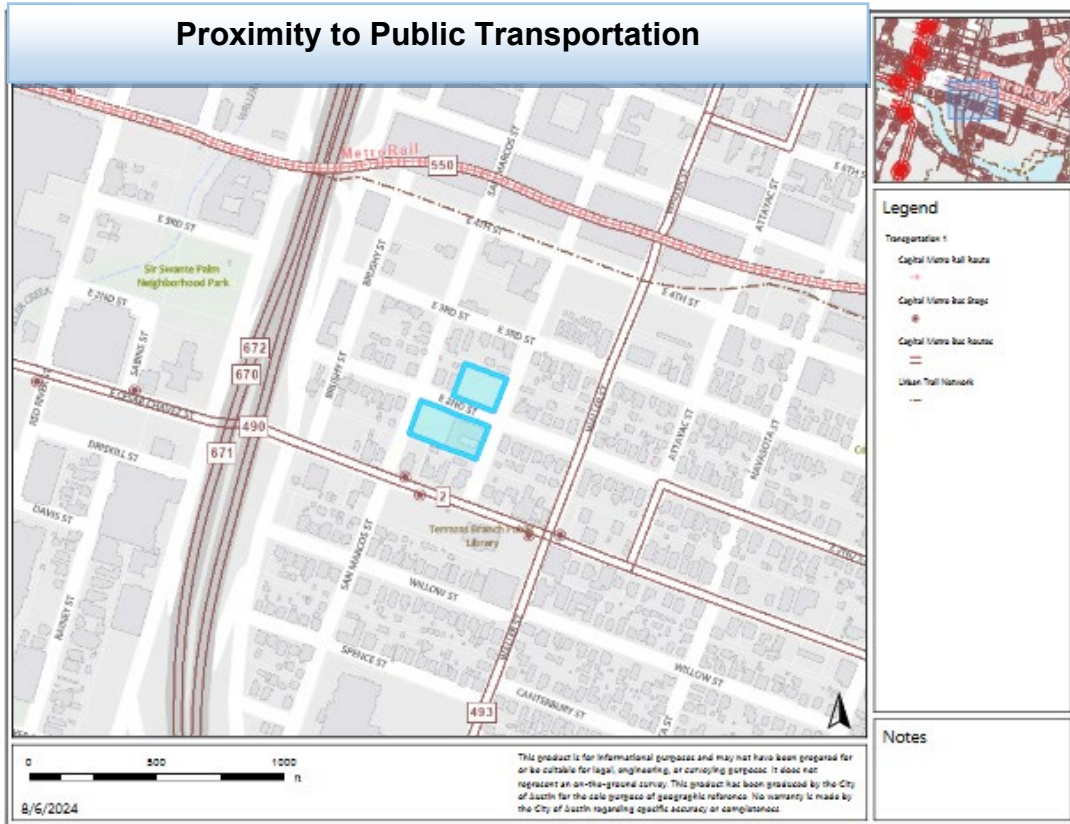

**Application**

1. Allow mixed use development along major corridors and intersections;
2. Establish compatible mixed-use corridors along the neighborhood’s edge
3. The neighborhood plan may further specify either the desired intensity of commercial uses (i.e. LR, GR, CS) or specific types of mixed use (i.e. Neighborhood Mixed Use Building, Neighborhood Urban Center, Mixed Use Combining District);
4. Mixed Use is generally not compatible with industrial development, however it may be combined with these uses to encourage an area to transition to a more complementary mix of development types;
5. The Mixed Use (MU) Combining District should be applied to existing residential uses to avoid creating or maintaining a non-conforming use; and
6. Apply to areas where vertical mixed use development is encouraged such as Core Transit Corridors (CTC) and Future Core Transit Corridors.

## IMAGINE AUSTIN GROWTH CONCEPT MAP

### Definitions

**Neighborhood Centers** - The smallest and least intense of the three mixed-use centers are neighborhood centers. As with the regional and town centers, neighborhood centers are walkable, bikable, and supported by transit. The greatest density of people and activities in neighborhood centers will likely be concentrated on several blocks or around one or two intersections. However, depending on localized conditions, different neighborhood centers can be very different places. If a neighborhood center is designated on an existing commercial area, such as a shopping center or mall, it could represent redevelopment or the addition of housing. A new neighborhood center may be focused on a dense, mixed-use core surrounded by a mix of housing. In other instances, new or redevelopment may occur incrementally and concentrate people and activities along several blocks or around one or two intersections. Neighborhood centers will be more locally focused than either a regional or a town center. Businesses and services—grocery and department stores, doctors and dentists, shops, branch libraries, dry cleaners, hair salons, schools, restaurants, and other small and local businesses—will generally serve the center and surrounding neighborhoods.

**Town Centers** - Although less intense than regional centers, town centers are also where many people will live and work. Town centers will have large and small employers, although fewer than in regional centers. These employers will have regional customer and employee bases, and provide goods and services for the center as well as the surrounding areas. The buildings found in a town center will range in size from one-to three-story houses, duplexes,

townhouses, and rowhouses, to low-to midrise apartments, mixed use buildings, and office buildings. These centers will also be important hubs in the transit system.

**Regional Centers** - Regional centers are the most urban places in the region. These centers are and will become the retail, cultural, recreational, and entertainment destinations for Central Texas. These are the places where the greatest density of people and jobs and the tallest buildings in the region will be located. Housing in regional centers will mostly consist of low to high-rise apartments, mixed use buildings, row houses, and townhouses. However, other housing types, such as single-family units, may be included depending on the location and character of the center. The densities, buildings heights, and overall character of a center will depend on its location.

**Activity Centers for Redevelopment in Sensitive Environmental Areas** - Five centers are located over the recharge or contributing zones of the Barton Springs Zone of the Edwards Aquifer or within water-supply watersheds. These centers are located on already developed areas and, in some instances, provide opportunities to address long-standing water quality issues and provide walkable areas in and near existing neighborhoods. State-of-the-art development practices will be required of any redevelopment to improve stormwater retention and the water quality flowing into the aquifer or other drinking water sources. These centers should also be carefully evaluated to fit within their infrastructural and environmental context.

**Job Centers** - Job centers accommodate those businesses not well-suited for residential or environmentally- sensitive areas. These centers take advantage of existing transportation infrastructure such as arterial roadways, freeways, or the Austin-Bergstrom International airport. Job centers will mostly contain office parks, manufacturing, warehouses, logistics, and other businesses with similar demands and operating characteristics. They should nevertheless become more pedestrian and bicycle friendly, in part by better accommodating services for the people who work in those centers. While many of these centers are currently best served by car, the growth Concept map offers transportation choices such as light rail and bus rapid transit to increase commuter options.

**Corridors** - Activity corridors have a dual nature. They are the connections that link activity centers and other key destinations to one another and allow people to travel throughout the city and region by bicycle, transit, or automobile. Corridors are also characterized by a variety of activities and types of buildings located along the roadway — shopping, restaurants and cafés, parks, schools, single-family houses, apartments, public buildings, houses of worship, mixed-use buildings, and offices. Along many corridors, there will be both large and small redevelopment sites. These redevelopment opportunities may be continuous along stretches of the corridor. There may also be a series of small neighborhood centers, connected by the roadway. Other corridors may have fewer redevelopment opportunities, but already have a mixture of uses, and could provide critical transportation connections. As a corridor evolves, sites that do not redevelop may transition from one use to another, such as a service station becoming a restaurant or a large retail space being divided into several storefronts. To improve mobility along an activity corridor, new and redevelopment should reduce per capita car use and increase walking, bicycling, and transit

use. Intensity of land use should correspond to the availability of quality transit, public space, and walkable destinations. Site design should use building arrangement and open space to reduce walking distance to transit and destinations, achieve safety and comfort, and draw people outdoors.

**BACKGROUND:** The plan amendment application was filed on July 14, 2023.

The applicant proposes to change the land use on the future land use map (FLUM) from Recreation/Open Space, Single Family and Civic to Mixed Use land use.

The applicant proposes to change the zoning on the property from SF-3-NP (Family Residence District – Neighborhood Plan) to CS-MU-CO-NP (Commercial Services district – Mixed Use combining district – Conditional Overlay combining district – Neighborhood Plan) and CS-DB90-CO-NP (Commercial Services district – Density Bonus 90 combining district – Conditional Overlay combining district – Neighborhood Plan). For more information on the proposed zoning, see case reports C14-2024-0010 and C14-2024-0017.

The applicant proposes to make improvements to the Christ Church of Austin with some future plans are to add more space for church programs, parish house, classrooms and meeting space, administrative office, although there are no plans to expand the sanctuary. Other plans are to add and formalize parking with a parking garage, build affordable housing units and possibility some small-scale retail, such as a coffee shop.

**PUBLIC MEETINGS:** The ordinance-required community meeting was virtually held on February 26, 2024. The recorded community meeting can be found here:

<https://publicinput.com/neighborhoodplanamendmentcases>.

Approximately 327 community meeting notices were mailed to people with utility accounts or own property within 500 feet of the subject property, in addition to neighborhood and environmental groups who requested notification for the area. Two City staff members attended, Maureen Meredith and Mark Walters. Victoria Haase and Ron Thrower from Thrower Design, LLC attended, who are the applicant's agents. No one from the neighborhood attended.

Below are highlights from Victoria Haase's presentation:

- The Church owns the properties.
- The north property is currently used as a parking lot, which is 0.45 acres.
- The southern property is where they have the sanctuary, administrative offices and classroom spaces, which is 0.88 acres.
- The future land use map request for the northern tract is a request from Recreation/Open Space to Mixed Use land use.
- The future land use map request for the southern tract is a request from Single Family and Civic to Mixed Use land use.
- The zoning request is to rezone the properties to CS-MU-CO-NP.
- The church is in need for additional space for their church programming, their parish house, classrooms and meeting space, administrative office, etc. Not to expand their

- sanctuary, just to expand their programming and meeting space that they have outside of church hours.
- They would like to add parking and formalize parking, potentially get structured parking.
  - Part of their desire for future development is to provide affordable housing units, with possibly a small retail component, like a coffee shop.
  - The conditional overlay would prohibit a list of uses and have shared this with the East Cesar Chavez Neighborhood Association.

Here were no neighborhood attendees at the meeting so no questions were asked.

***Via Electronic Delivery***

Re: Neighborhood Plan (FLUM) Amendment – 206 Medina, 112 Medina, 105 San Marcos, 1010 E 2<sup>nd</sup> St.

Dear Ms. Middleton-Pratt:

On behalf of the Owner(s) of the property referenced above, we respectfully submit the enclosed package including a Neighborhood Plan Amendment application. The subject lands are comprised of Lots 1-6 and 11-16 of the N.G. Shelley Subdivision and total approximately 1.33 acres. The lands are located within Council District 3, represented by Jose Valesquez and are within the East Cesar Chavez Neighborhood Planning Area.

The lots have a combination of Single Family, Civic and Recreation & Open Space. All the land area has SF-3-NP zoning. The request is to amend the FLUM to *Mixed Use* for all lots. The owner, Christ Church, desires new development for portions of the properties to accommodate church programs and functioning, including formalizing parking. There is consideration for the uses, beyond Civic, in order to assist future needs of the organization and the local community. As specific uses have not been identified at this time, the request is made for Mixed Use FLUM designation in order to accommodate a variety of uses and thus zoning district possibilities.

The properties are located a block north of E. Cesar Chavez, an Imagine Austin Activity Corridor and is just south of the Plaza Saltillo Imagine Austin Center. The area has a variety of uses and access to transit options. The Mixed Use FLUM Designation will allow a variety of uses that will contribute to a complete community.

Please contact our office or me directly should you have need for additional information. Thank you for your time and attention to this application.

RE: Application amendment for DB90 Overlay  
C14-2022-0107 – Christ Church Planning - North &  
C14-2024-0010 – Christ Church Planning - South

Dear Ms. Middleton-Pratt,

Pursuant to Ordinance 20240229-073, adopted by the Austin City Council on February 29, 2024, with an effective date of March 11, 2024, the City of Austin is directing additional housing development in areas of Austin where appropriate through the DB90 Overlay. Our position is that this project meets the requirements to receive the DB90 Overlay and therefore, on behalf of the Landowners, we respectfully amend the application to request the addition of the DB90 Overlay. More specifically, the amended request for both cases is CS-DB90-CO-NP.

Further, under Section 25-2-652(F)(3) within the DB90 Ordinance, there is a Mix of Uses requirement related to DB90 projects. While a mix of uses certainly makes for an active street, not all properties can have a mix of uses for varying reasons. Pursuant to Section 25-2-652(F)(3)(e), the rezoning to add DB90 can modify Section 25-2-652(F)(3)(b) that requires the Pedestrian Oriented uses along certain Principal Streets. In this case, the project is located on 3 Urban Roadways – all of which are qualifying Principal Roadways to waive the requirement. The justification to waive the requirement is that the properties are owned by a non-profit organization of which the primary use is church and ground-level access is necessary.

We respectfully request support for the DB90 Overlay and the amendment for ground-level commercial requirements. Please let us know if you have any questions.

Austin, Texas 78702

RE: Application amendment for #C14-2024-0017 – Christ Church Planning - North

Dear Ms. Middleton-Pratt,

On behalf the Landowner, Christ Church of Austin, the request made in rezoning application C14-2024-0017 is hereby amended from CS-DB90-CO-NP to CS-MU-V-CO-NP.

We have been considering solutions to limit the height of a mixed-use development on this tract, in response to East Cesar Chavez's Neighborhood Association's concern for DB90 height adjacent to SF. The rezoning to CS-MU-V-CO-NP will maintain the original list of prohibited uses in the CO and the "MU-V" overlay will limit buildings to no more than 60ft, will require compliance with Compatibility, and will include income restricted/affordable units under the "VMU" program requirements.

Please reach out if you have additional questions.

Thank you for your time,

Sincerely,

A handwritten signature in black ink, appearing to be "V. Haase", written in a cursive style.

Re: Christ Church Planning – NPA-2023-0002.01

Dear Ms. Meredith:

On behalf of the Owner(s) of the property referenced above, we respectfully request postponement of this case from the June 25<sup>th</sup> Planning Commission agenda to the August 13<sup>th</sup> public hearing date to allow additional time to dialogue with the neighborhood regarding the FLUM amendment and rezoning request.

Please contact me if you have any questions.

Kind regards,

**Subject:** Re: Christ Church zoning change NPA-2023-0002.01

External Email - Exercise Caution

Hi Maureen,  
Yes, thank you for accepting my change. Please see below.

I'd like to retract my previous comment because the original ask from Christ Church during public comment was for a basic zoning change to mixed use. They have since changed their ask and are seeking to apply the new DB90, which I am completely opposed to.

Christ Church has communicated to the neighborhood that they are seeking DB90 so that they can save money and build an above ground parking garage instead of the underground parking garage they were originally planning for with the basic mixed use zoning change. They said the plan now is for the first several floors to be parking garage with a few floors of office space and possibly residential units on top. They said a very small retail spot on the ground floor is not out of the question but they have made it clear it is not a priority for them.

Christ Church is completely out of touch with the pain points and needs of the neighborhood. We already have a very serious crime and blight situation happening in the East Cesar Chavez neighborhood. The Christ Church property is near the epicenter of the blight and crime. A huge parking garage without any street activation will only exacerbate the problem.

I ask that the City of Austin deny Christ Church's request to apply DB90 to their zoning change and require significant street activation in their building plans when they reach that step in the process.

Thanks,  
Sara

**Subject:** Oppose NPA-2023-0002.01 / Christ Church of Austin

External Email - Exercise Caution

Hi Maureen,

I am a neighbor from this proposed rezoning to "mixed use" at 112 and 206 Medina and 1001, 1005, 1010 and 105 San Marcos. I would like to object the rezoning to of this property to mixed use.

Can you record my response? I am happy to submit a signature if needed. My address is 1203A E. 2nd St. 78702 and I am the property owner.

Thank you,  
Lauren
