

ZONING CHANGE REVIEW SHEET

CASE: C14-2025-0042 (9117 Northgate Rezone)

DISTRICT: 4

ADDRESS: 9117 Northgate Boulevard

ZONING FROM: GO-CO-NP

TO: GR-CO-NP

SITE AREA: 1.0662 acres

PROPERTY OWNER: Nuraminco Inc.(Abdul Patel)

APPLICANT/AGENT: Land Answers, Inc. (Tamara Mitchell)

CASE MANAGER: Sherri Sirwaitis (512-974-3057, sherri.sirwaitis@austintexas.gov)

STAFF RECOMMEDATION:

Staff recommends GR-CO-NP, Community Commercial-Conditional Overlay-Neighborhood Plan Combining District, zoning. The conditional overlay will prohibit Automotive Rentals, Automotive Sales, Automotive Washing (of any type) and Service Station uses on the property.

PLANNING COMMISSION ACTION / RECOMMENDATION:

May 13, 2025: Postponed to May 27, 2025 at the neighborhood's request by consent (10-0, P. Howard, C. Hempel and D. Skidmore-absent); F. Maxwell-1st, A. Woods-2nd.

May 27, 2025: Approved substitute motion for staff's recommendation for GR-CO-NP zoning, with conditions in listed in Exhibit E and the addition of General Retail Sales (Convenience) as a prohibited use and Food Sales as a conditional use on the property (10-0, F. Maxwell, C. Hempel - absent); G. Anderson-1st, A. Azhar-2nd.

CITY COUNCIL ACTION:

July 24, 2025

ORDINANCE NUMBER:

ISSUES:

On May 9, 2025, the applicant submitted a letter stating that they were amending their rezoning request to add a list of prohibited uses that they had agreed to with the neighborhood association (*please see Exhibit D*).

CASE MANAGER COMMENTS:

The property in question is a grassy, undeveloped tract of land that slopes steeply to the south. There is floodplain covering the southern boundary of the site with a natural detention/culvert (Little Walnut Creek). There are multifamily residential developments to the north, south and west zoned MF-3-NP. To the south, there is a retail center zoned GR-NP. The applicant is requesting a rezoning from GO-CO-NP to GR-CO-NP to develop a restaurant on this 1.07 acre parcel.

This property is located within the North Austin Civic Association (NACA) Neighborhood Plan. The current and use designation on the FLUM is Commercial land use. Therefore, a plan amendment is not required and the proposed zoning is consistent with the FLUM designation.

The staff is recommending GR-CO-NP, Community Commercial-Conditional Overlay-Neighborhood Plan Combining District zoning. The staff is proposing a conditional overlay to prohibit automotive and service station uses in this case because property contains floodplain and is located adjacent to existing residential developments. The proposed rezoning will allow for additional services within walking distance of higher density residential uses. There is Capital Metro bus service along Northgate Boulevard (Routes 324 & 481) and the site under consideration is located across from a Capital Metro bus stop (#3155 – 9120 Northgate/Rundberg). This property is within 0.07 miles of the Rundberg Lane/Ferguson Activity Corridor and 0.10 miles of the North Burnet/Gateway Station Regional Center.

The applicant agrees with the staff's recommendation.

BASIS OF RECOMMENDATION:

1. The proposed zoning should be consistent with the purpose statement of the district sought.

Community Commercial district is intended for office and commercial uses serving neighborhood and community needs, including both unified shopping centers and individually developed commercial sites, and typically requiring locations accessible from major traffic ways.

Conditional Overlay combining district may be applied in combination with any base district. The district is intended to provide flexible and adaptable use or site development regulations by requiring standards tailored to individual properties.

Neighborhood Plan district denotes a tract located within the boundaries of an adopted Neighborhood Plan.

2. *Zoning changes should promote an orderly and compatible relationship among land uses.*

The proposed rezoning will create a transition in the intensity of permitted uses from the GR-NP zoning to the south to the MF-3-NP uses along Northgate Boulevard to the north. GR-CO-NP zoning will permit the applicant to develop the site with low intensity commercial uses that will provide services to the surrounding residential neighborhood.

3. *Zoning should allow for reasonable use of the property.*

The proposed rezoning will allow for reasonable use of a property with development constraints (floodplain), with a CO prohibiting more intensive commercial uses, while maintaining the character of the surrounding residential area.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	GO-CO-NP	Undeveloped
<i>North</i>	MF-3-NP	Multifamily (The Horseshoe Ventura Apartments)
<i>South</i>	GR-NP, LR-NP	Floodplain (Little Walnut Creek), Retail Center (Vigo, Bari Agent, MoneyGram, United Cerebral Palsy, Acima Salon, Luna de Plata Salon, Discoteca Latino, Caritas of Austin North, Las Cascadas Laundry Center, Cricket Wireless), Multifamily (Colony Creek Apartments)
<i>East</i>	MF-3-NP	Multifamily (The Berkley Apartments), Convenience Store (Sunrise Mini Mart)
<i>West</i>	MF-3-NP	Multifamily (Pathways at Northgate, Serena Park Apartments)

	Workforce Development, the Economy and Education : Expands the economic base by creating permanent jobs, especially in industries that are currently not represented in a particular area or that promotes a new technology, and/or promotes educational opportunities and workforce development training.
	Industrial Land : Preserves or enhances industrial land.
Y	Not located over Edwards Aquifer Contributing Zone or Edwards Aquifer Recharge Zone
7	Number of "Yes's"

Drainage

The developer is required to submit a pre- and post-development drainage analysis at the subdivision and site plan stage of the development process. The City's Land Development Code and Drainage Criteria Manual require that the Applicant demonstrate through engineering analysis that the proposed development will have no identifiable adverse impact on surrounding properties.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Little Walnut Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

Zoning district impervious cover limits apply in the Urban Watershed classification.

According to floodplain maps there is a floodplain within or adjacent to the project location. Based upon the location of the floodplain, offsite drainage should be calculated to determine whether a Critical Water Quality Zone exists within the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 sq. ft. cumulative is exceeded, and on site control for the two-year storm.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Fire

No comments.

Parks and Recreation

Parkland dedication fees may apply to any future site or subdivision applications resulting from this rezoning. As of January 1, 2024, new commercial non-residential uses are not subject to parkland dedication requirements at the time of site plan and subdivision.

Site Plan

Site plans will be required for any new development except for residential only projects with up to 4 units.

Any new development is subject to LDC Subchapter E Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Transportation

The Austin Strategic Mobility Plan (ASMP) calls for 58 feet of right-of-way for Northgate Blvd. It is recommended that 29 feet of right-of-way from the existing centerline should be dedicated for Northgate Blvd according to the Transportation Plan with the first subdivision or site plan application. [LDC 25-6-51 and 25-6-55].

There is a proposed Urban Trail running the center of the property, loosely following Quail Creek.

The adjacent street characteristics table is provided below:

Name	ASMP Classification	ASMP Required ROW	Existing ROW	Existing Pavement	Sidewalks	Bicycle Route	Capital Metro (within ¼ mile)

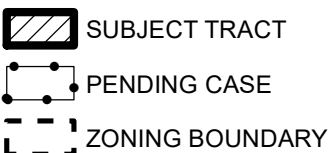

Northgate Blvd	Level 1	58 feet	73 feet	43 feet	Yes	No	Yes
----------------	---------	---------	---------	---------	-----	----	-----

RE: Request for postponement Planning Commission 5/13/2025 Public Hearings for 9117 Northgate Blvd

Sherri Sirwaitis:

It was only last Monday, May 5, 2025, that we received the notice for the May 13th public hearing. We met with Jim Wittliff, President, Land Answers, representing the applicant on Wednesday, May 7, 2025. We discussed our concerns about possible uses, as well as uses we did not support. We asked if he would support our request for a postponement, allowing us time to discuss with the NACA neighborhood association on Thurs, May 15th; Mr Wittliff agreed.

We are hereby requesting postponement of the May 13th Planning Commission public hearings for 9117 Northgate Blvd from 5/13/2025 to 5/27/2025, to allow us time to review the by-right uses under the proposed zoning of **GR-CO-NP** [*Community Commercial - Conditional Overlay - Neighborhood Plan*] and discuss with NACA (neighborhood association) members on Thurs, May 15th.

Please contact me if you have any questions or need additional information. Thank you for your time and assistance with the postponement request.

Respectfully,
Monica Guzmán, Chair
NACA Contact Team
