MEMORANDUM

To: Transportation Engineering Division Files

From: Dipti Borkar-Desai, P.E., North Area Supervising Engineer
Transportation Engineering Division
Austin Transportation and Public Works

Date: February 02, 2026

Subject: School Zone Engineering Study for Pond Springs Elementary School

The Transportation Engineering Division (TED) of Austin Transportation and Public Works (ATPW) conducted this school zone engineering study to determine if the existing reduced speed school zones are appropriate on Elkhorn Mountain Trail, Oro Valley Trail, and Pheasant Rock Road for students attending Pond Springs Elementary School.

Prior to annexation of this area by the City of Austin, Williamson County implemented a speed limit of 20 miles per hour during certain times on Elkhorn Mountain Trail, Oro Valley Trail, and Pheasant Rock Road for students attending Pond Springs Elementary. These school zones have been in place for several years.

The following information was collected and analyzed for this determination.

Proximity of the School Crossing to the School

The Pond Springs Elementary is located on Elkhorn Mountain Trail with side frontage along Oro Valley Trail and Pheasant Rock Road. Development in the vicinity of this school includes single-family homes.

Existing crosswalks in the vicinity of the school are as follows:

- Crosswalks across Elkhorn Mountain Trail at its intersection with Oro Valley Trail and Pheasant Rock Road.
- Crosswalk across Oro Valley Trail at its intersection with Elkhorn Mountain Trail.
- Crosswalks across Pheasant Rock Drive at its intersection with Elkhorn Mountain Trail and intersection with Partridge Bend Drive.

Figure 1 presents the study area and limits of existing speed zones.

Date: February 02, 2026
Subject: School Zone Engineering Study for Elkhorn Mountain Trail, Oro Valley Trail, and Pheasant Rock Road

Presence of Adult Crossing Guard or Student Safety Patrol

ATPW does not have adult crossing guards at this school.

Sight Distance

No major sight distance problems exist within the limits of the school zone.

Sidewalks and Ramps

Sidewalks are present on Elkhorn Mountain Trail, Oro Valley Trail, and Pheasant Rock Road along the school frontage.

Recommendation

TED reviewed the existing school zones limits implemented by Williamson County and determined them to be appropriate. Therefore, we recommend their adoption to reflect existing field conditions as follows:

- Reduced school zone of 20 miles per hour (mph) on Elkhorn Mountain Trail from 57 north of Buckshot Trail to 37 feet south of Tantara Court.
- Reduced speed school zone of 20 miles per hour (mph) on Oro Valley Trail from 33 feet north of Modena Trail to Elkhorn Mountain Trail.
- Reduced school zone of 20 miles per hour (mph) Pheasant Rock Road from 104 feet north of Modena Trail to Elkhorn Mountain Trail.
