

ZONING CHANGE REVIEW SHEET

CASE: C14-2023-0067

DISTRICT: 7

(Student Union Addition and New Gymnasium - Hyde Park Schools)

ADDRESS: 11400 N Mopac Expressway Service Road South Bound

ZONING FROM: SF-2

TO: GO

SITE AREA: Tract 1: 1.099 acres

Tract 2: 0.305 acres

1.404 acres (61,154 sq. ft.)

PROPERTY OWNER: Hyde Park Baptist School Inc. (Dr. John Turner)

AGENT: Masterplan (Karen Wunsch)

CASE MANAGER: Sherri Sirwaitis (512-974-3057, sherri.sirwaitis@austintexas.gov)

STAFF RECOMMEDATION:

Staff recommends GO, General Office District, zoning.

ZONING AND PLATTING COMMISSION ACTION / RECOMMENDATION:

August 1, 2023: Approved staff's recommendation of GO district zoning by consent (7-0, C. Thompson, R. Johnson and K. Garrett-absent); A. Flores-1st, B. Greenberg-2nd.

CITY COUNCIL ACTION:

September 14, 2023

ORDINANCE NUMBER:

ISSUES: N/A

CASE MANAGER COMMENTS:

The property in question consists of two tracts that make up 1.404 acres within the overall 59.54 acre area owned by Hyde Park Schools that is zoned SF-2. The current land use on the site is classified as Private Primary and Private Secondary Educational Facilities, Religious Assembly and Day Care. The school property is surrounded by single-family residences to the north and south and parkland to the west, Quarries Park – a 13-acre recreation lake used for fishing and canoeing. There is a rail line bordering the property to the east. The applicant is requesting two footprint tracts of GO zoning to construct a new three-story gymnasium building and a new four-story addition to the main educational building (*please see Applicant's Request Letter – Exhibit C*).

The staff recommends GO, General Office District, zoning for these tracts within the overall property. This site meets the intent of the 'GO' district as it will provide a use that serves community and city-wide needs. The rezoning of these tracts of land will allow for the development of a new gym and an addition the existing school on the facility grounds. These educational facilities will provide services to the surrounding residential areas to the north and south and to the surrounding community. The property is located adjacent to the North Burnet/Gateway Station Regional Center and is within 0.50 miles from a recreation area/park. There are Capital Metro Bus Routes (Nos. 980 and 985) and an Urban Trail Network (Northern Walnut Creek Trail to Stonelake Connector) along N. Mopac Expressway to the east.

The applicant agrees with the staff's recommendation.

BASIS OF RECOMMENDATION:

1. *The proposed zoning is consistent with the purpose statement of the district sought.*

General office (GO) district is the designation for an office or commercial use that serves community and city-wide needs. A building in a GO district may contain one or more different uses.

The proposed GO tracts will provide for an expansion educational facilities on this site that will serve the surrounding community.

2. *Zoning should allow for reasonable use of the property.*

GO zoning will permit the development of a new gymnasium and an addition to the existing school facility on this site that is located adjacent to the North Burnet/Gateway Station Regional Center as designated by the Imagine Austin Comprehensive Plan. There are transportation options in this area as there are Capital Metro bus routes (Nos. 980 and 985) and an urban trail network (Northern Walnut Creek Trail to Stonelake Connector) along N. Mopac Expressway to the east.

Environmental

The site is located over the North Edwards Aquifer Recharge Zone. The site is in the Walnut Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family (minimum lot size 5750 sq. ft.)	50%	60%
Other Single-Family or Duplex	55%	60%
Multifamily	60%	70%
Commercial	80%	90%

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2-year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Fire

No comments.

Parks and Recreation

There are no parkland dedication requirements associated with this application.

Site Plan

Site plans will be required for any new development other than single-family or duplex residential.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Compatibility Standards

The site is subject to compatibility standards due to the SF-2 lots it abuts on the north, south, and west property lines.

Transportation

There is a proposed Urban Trail adjacent to this site (W. Braker Lane to Duval Road), along the eastern property boundary easement required is a minimum of 20 ft as this allows for a 12 ft trail (minimum trail width per the urban trails plan) and room for maintenance activity. This is the same for Tier I and Tier II trails. This may be required at Site Plan.

There are Capital Metro Bus Routes (Nos. 980 and 985) and an Urban Trail Network (Northern Walnut Creek Trail to Stonelake Connector) along N. Mopac Expressway to the east.

Water Utility

No comments on zoning change.

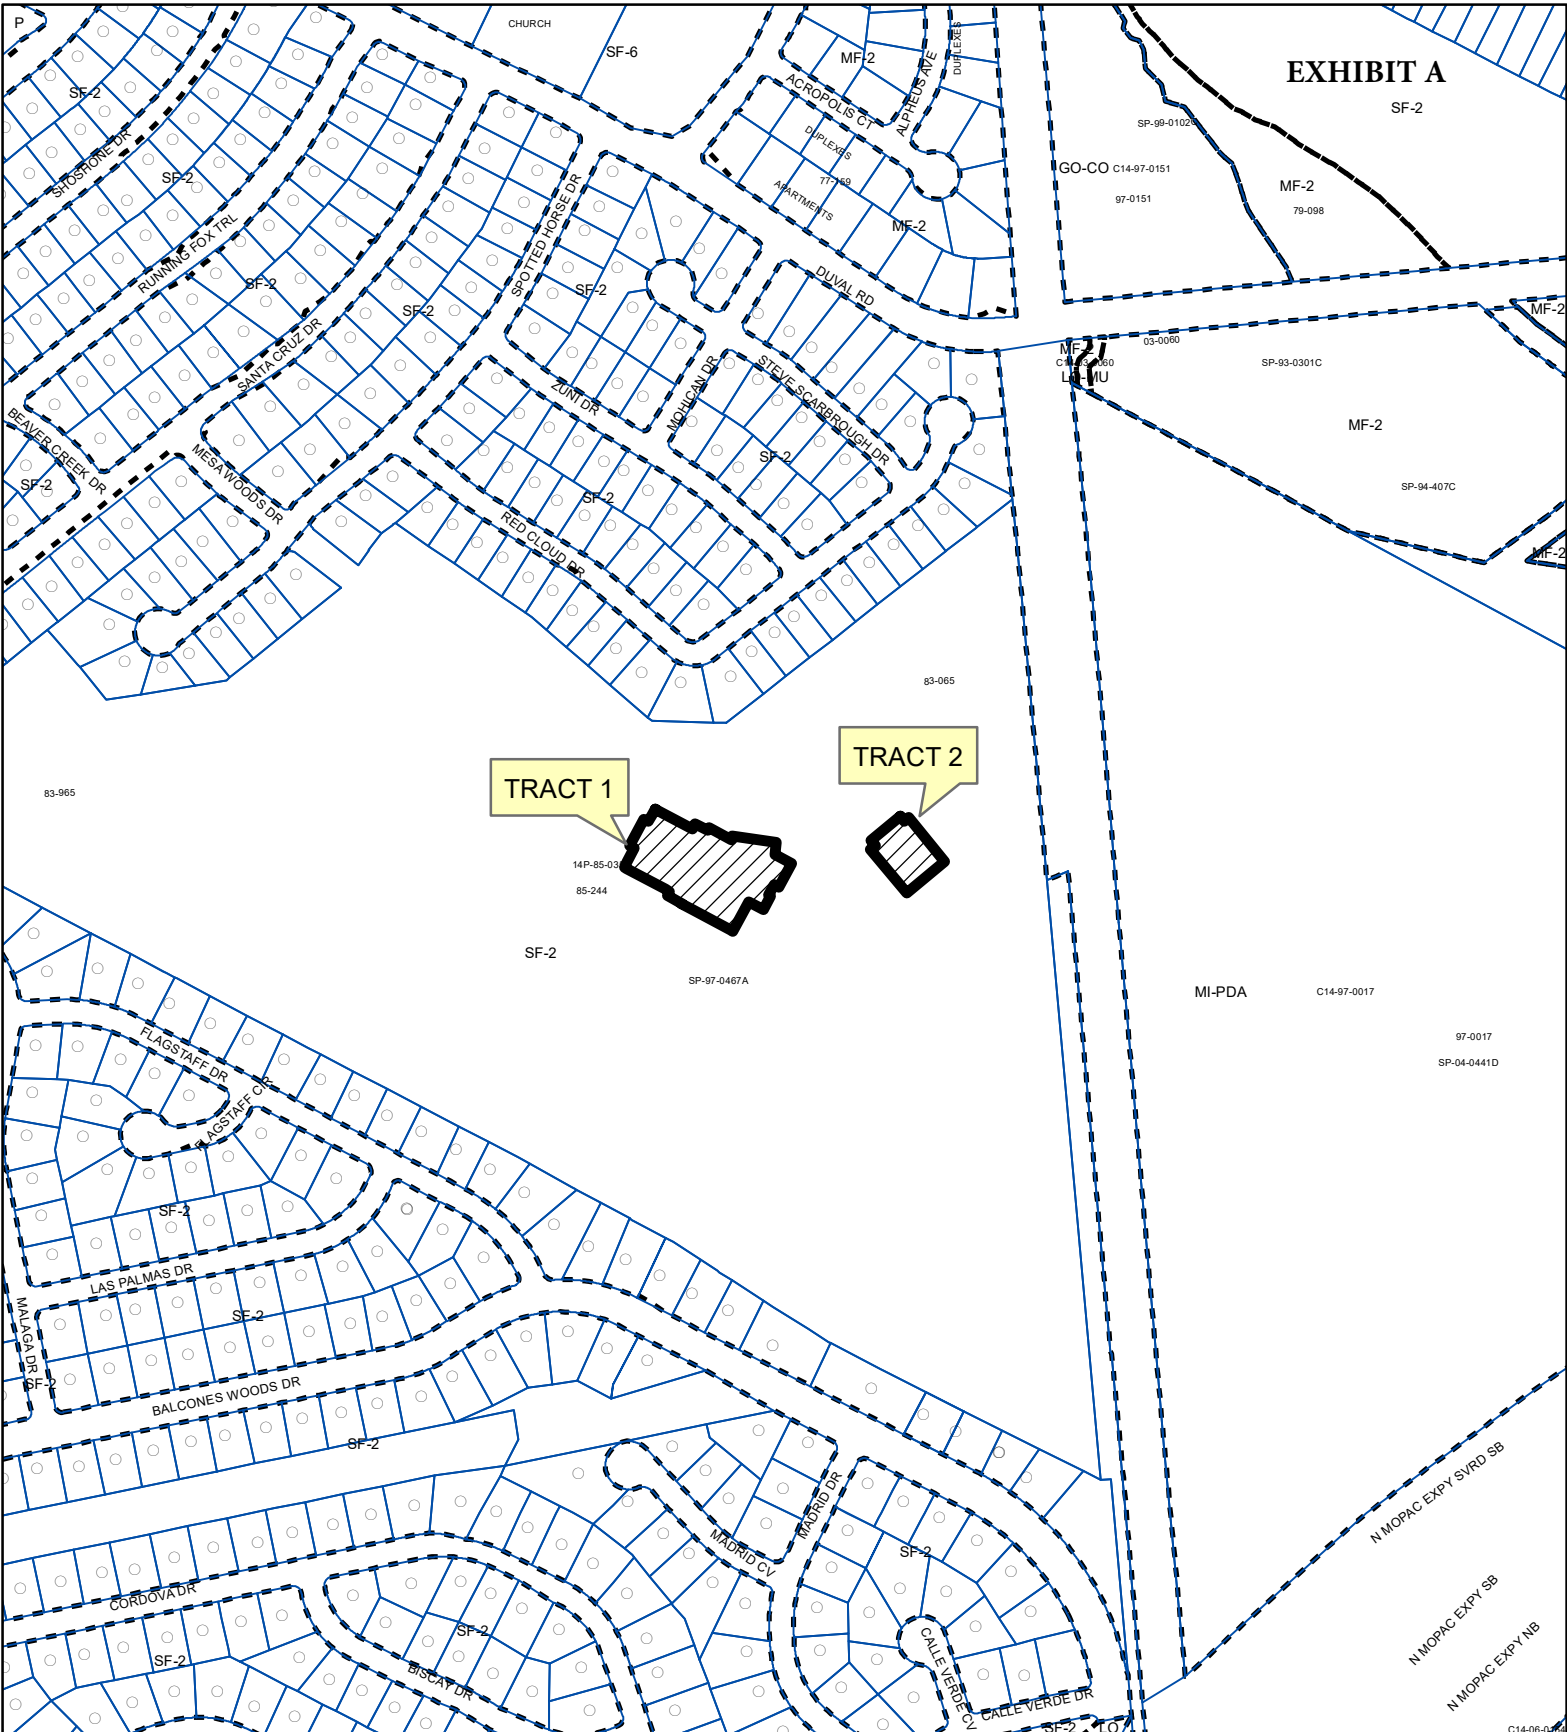

FYI: The landowner intends to serve the site with existing City of Austin water utilities.

Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. For more information pertaining to the Service Extension Request process and submittal requirements contact the Austin Water SER team at ser@austintexas.gov.

From: Karen Wunsch, Masterplan

Subject: Hyde Park Schools Rezone Application for Student Union Addition and New Gymnasium

Date: May 1, 2023

Hyde Park Schools proposes construction of a new, three-story gymnasium building and a new four-story addition to the main educational building. The development standards applicable under the current zoning designation limits the maximum building height to 35 feet or two stories. The purpose of this application is to request a rezone of portions of the subject property to a zoning district that will allow for a maximum height greater than the maximum height of the exiting SF-2 District. Architectural design development drawings of the proposed improvements are included for reference.

The subject property consists of 59.54 acres zoned SF-2 (Single Family Residence – Standard Lot) District. The land use is classified as Private Primary and Private Secondary Educational Facilities, Religious Assembly, and Day Care. Religious Assembly uses are considered a permitted use within any zoning district. The Educational Facilities and Day Care uses are allowed within a SF-2 District only with approval of a CUP (Conditional Use Permit).

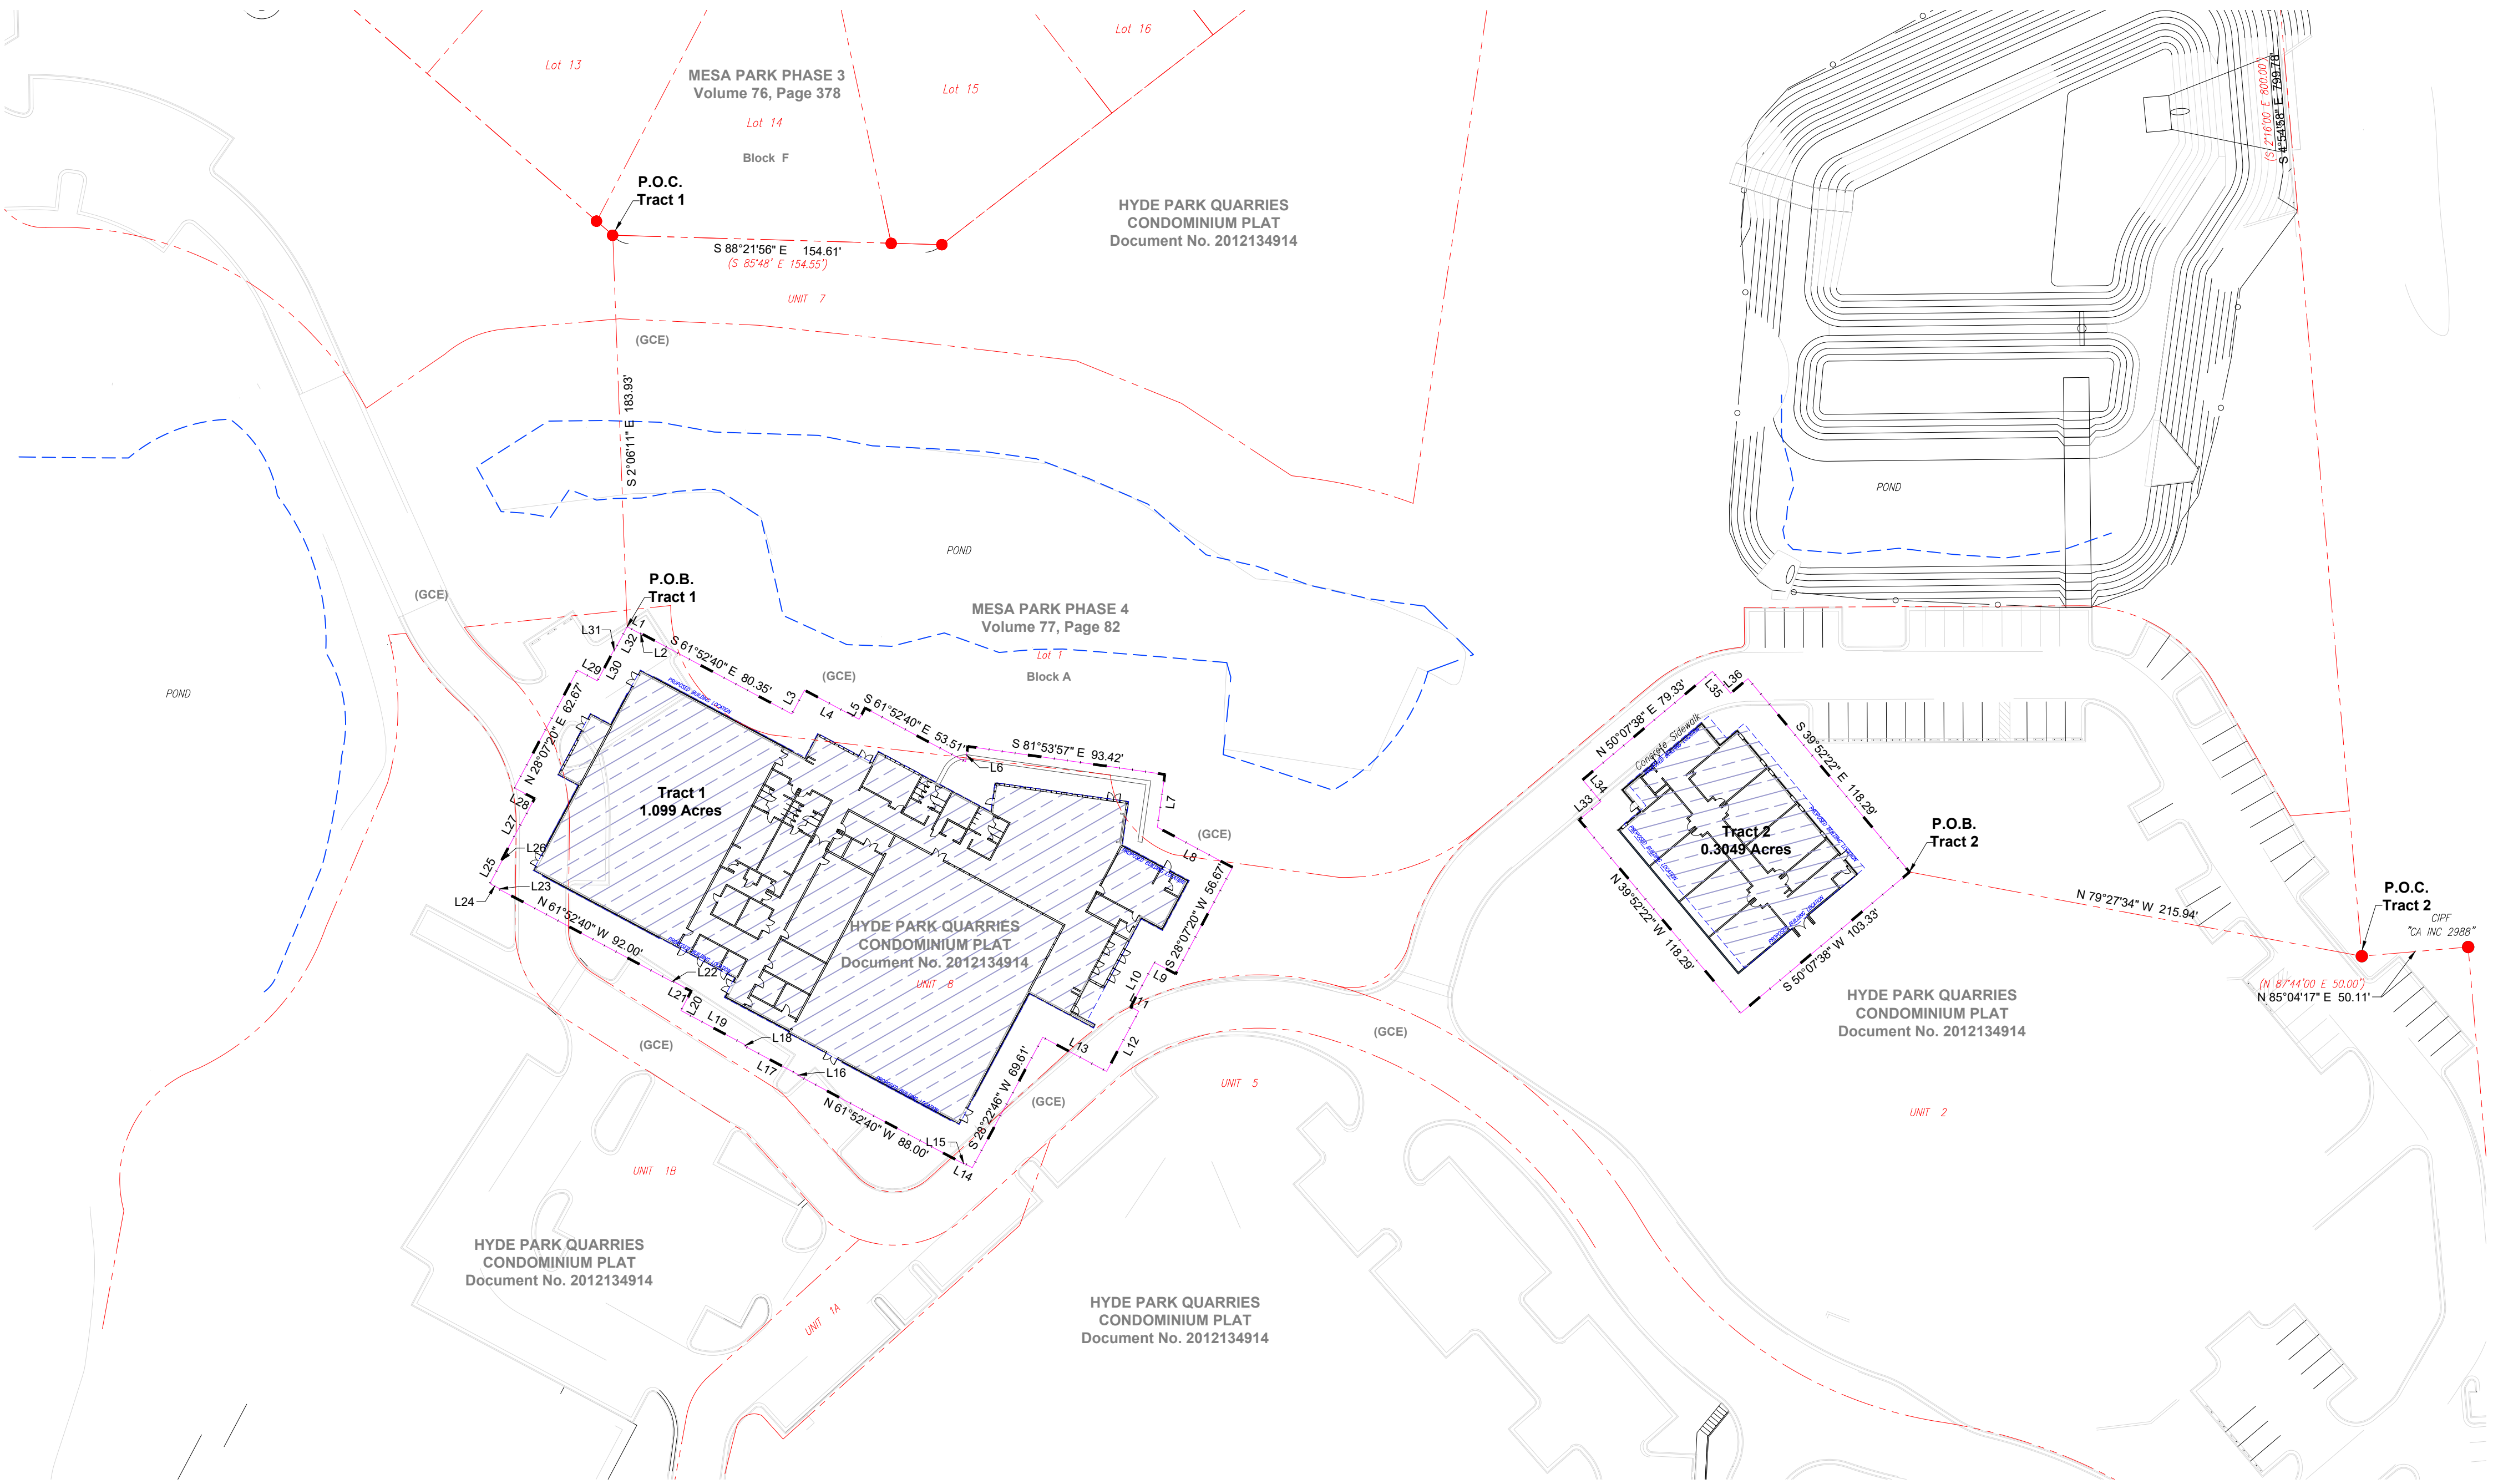

The site plan associated with the subject property is comprised of two components, a land use component and a construction component that were reviewed concurrently and approved in November 2000. The Land Use Component and CUP Site Plan is approved as SPC-99-2019A, and the Construction Component Site Plan is approved as SPC-99-2019B.

During the initial project planning phase, planners from the Development Services Department were consulted to determine the best strategy for obtaining the desired goal of additional height allowances for the proposed improvements. Ultimately, it was decided that a “footprint” zoning from SF-2 District to GO District would have a high likelihood for success, as it offers minimal impact on the existing site plan and surrounding property owners.

Thank you for your consideration and assistance with this rezoning request. I look forward to working with you and members of the community to amend the zoning in a manner that allows for Hyde Park Schools to satisfy the long-term needs of the campus, while protecting the character and satisfying the concerns of the surrounding neighborhoods. If you have questions about the information provided or require additional information, please contact me at 512-202-5542 or karen@masterplantexas.com.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to participate in a public hearing, you are not required to participate. This meeting will be conducted both online and in-person at which you will have the opportunity to speak FOR or AGAINST the proposed development or change. Contact the case manager for further information on how to participate in the public hearings. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

Staff is conducting a pilot program to receive case-related comments online which can be accessed through this link or QR code:
<https://bit.ly/ATXZoningComment>.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before the public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice. Correspondence and information submitted to the City of Austin are subject to the Texas Public Information Act (Chapter 552) and will be published online.

Subject: Hyde Park School Rezoning

[EXTERNAL MESSAGE] This email originated from outside of **Masterplan**.

Dear Mrs. Wunsch

Thank you for inviting us to attend the neighborhood meeting regarding the re-zoning proposal for Hyde Park High School of Austin. It is exciting to be included in the design phase.

I was impressed with the concern for the neighbors and the desire to balance their needs against the needs of our growing school community. The improvements maintain the hiking trails and water areas while creating space for additional classrooms in the current high school and creating a dedicated Athletics center with additional classrooms and an auditorium. I was also pleased to hear

that the school will focus on fundraising to avoid large tuition increases to fund the expansion.

Please feel free to reach out if you would like any additional feedback from HP neighbors like myself.

I look forward to seeing this project come to life and I am glad my dog gets to keep his favorite walking path too!

All the best,

Kathy Burgess

Comments:

We respectfully request that the City of Austin NOT allow Santa Cruz Drive to become a thoroughfare. As it is, we have noticed a continuing and dangerous traffic flow thru our neighborhood.

Thank You.

Eddie Aurispa

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to participate in a public hearing, you are not required to participate. This meeting will be conducted both online and in-person at which you will have the opportunity to speak FOR or AGAINST the proposed development or change. Contact the case manager for further information on how to participate in the public hearings. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

Staff is conducting a pilot program to receive case-related comments online which can be accessed through this link or QR code:
<https://bit.ly/ATXZoningComment>

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before the public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice. Correspondence and information submitted to the City of Austin are subject to the Texas Public Information Act (Chapter 552) and will be published online.
