CASE MANAGER COMMENTS:

The property in question is a 1.81 acre area fronting McNeil Drive that is zoned CS-CO. It currently contains an outdoor food trailer court with surface parking. The lots to the east are developed with a restaurant use (Taqueria Jessica) zoned SF-3, a construction sales and services use zoned CS-CO and a surface parking area for religious assembly use zoned LI-CO. To the north, across McNeil Drive, is a retail sales use (Advance Auto Parts) zoned GR-CO and a one-story office/warehouse park zoned LI-CO. To the south, there is SF-2 zoning fronting U.S. Highway 183 Service Road North Bound that is developed with an office/warehouse center. The lots to the west contain a restaurant (The Water Tank Bar) and office uses zoned GR, LI, SF-3. In this request, the applicant is asking to rezone this property to CS-1 for Tract 1, the food court area, and CS-CO for Tract 2, the surface parking and warehousing area. The applicant has said that the purpose of this rezoning is to allow patrons of the food court to purchase alcoholic beverages on-site and take them to the various food truck eating areas for consumption, along with their food.

The staff recommends CS-1-CO, Commercial-Liquor Sales-Conditional Overlay Combining District, zoning for Tract 1 and CS-CO, General Commercial Services-Conditional Overlay Combining District, zoning for Tract 2. The proposed conditional (CO) will prohibit Adult Oriented Businesses on both tracts. The property meets the intent of the CS and CS-1 base districts as it is located within a commercial area fronting an arterial roadway. The lots surrounding this site to the north, east and west are zoned with GR, CS-CO and LI-CO. There are commercial and office uses to the north, south, east and west. The proposed zoning will permit the applicant to utilize the property for commercial uses that are consistent with surrounding land use patterns in this area.

The site under consideration is within the designated '183 & McNeil Neighborhood Center', as identified on the Growth Concept Map in the Imagine Austin Comprehensive Plan. There are public transportation options in this area as there are sidewalks and a bike lane along McNeil Drive and there is a Capital Metro bus stop within 0.25 miles at the intersection of McNeil Drive and Research Boulevard.

The applicant agrees with the staff's recommendation.

BASIS OF RECOMMENDATION:

- 1. The proposed zoning should be consistent with the purpose statement of the district sought.*

General commercial services (CS) district is the designation for a commercial or industrial use of a service nature that has operating characteristics or traffic service requirements that are incompatible with residential environments.

Commercial-Liquor Sales district is intended predominately for commercial and industrial activities of a service nature which typically have operating characteristics or traffic service requirements generally incompatible with residential environments, and specifically includes liquor sales as a permitted use.

Conditional Overlay combining district may be applied in combination with any base district. The district is intended to provide flexible and adaptable use or site development regulations by requiring standards tailored to individual properties.

*2. The proposed zoning should promote consistency and orderly planning.*

The General Commercial Services district would be compatible and consistent with the surrounding land use patterns because there is GR, LI, GR-CO, LI-CO, CS-CO zoning adjacent to the property to the north, east and west of this site.

*3. The proposed zoning should allow for a reasonable use of the property.*

The proposed zoning districts would allow for a fair and reasonable use of the site. The Commercial Liquor Sales district and General Commercial Services district are appropriate for this property as it is located within the designated '183 & McNeil Neighborhood Center', identified on the Growth Concept Map in the Imagine Austin Comprehensive Plan adjacent to public transportation options.

EXISTING ZONING AND LAND USES:
