Subject:	TTC - Item 54

Dear Mayor Watson, Mayor Pro Tem Ellis and Council Members –

On behalf of The Trail Conservancy (TTC) I want to thank Councilmember Pool and her co-sponsors for bringing forth Item 54 in support of aligning our city's long range environmental policy with the Kunming-Montreal Global Biodiversity Framework. As a member of our city's green space stewards, we take our role in environmental sustainability seriously as we work within Town Lake Metropolitan Park to protect, enhance and connect the Butler Hike and Bike Trail.

We are excited to see what recommendations are brought forth and how we can be of support to those positive outcomes.

Thank you for your consideration, and support, of Item 54.

With gratitude –
Heidi Anderson
CEO, The Trail Conservancy

--

Happy Trails!

We've changed our name - please update your address book to my new email address, Heidi@thetrailconservancy.org.
