**The Austin Geriatric Center, Inc. and DMA Development Company, LLC**

The Austin Geriatric Center, Inc. has been operating the RBJ Tower for more than 40 years. It is intimately familiar with the needs of the development as well as its residents as long-term stewards of that property.

DMA Development Company, LLC is very experienced in the development and construction of complicated real estate developments, having extensive experience with both new construction and renovation, and with all the financial tools proposed for this project. It most recently closed bond financing and began construction on a 240-unit vertical mixed-use development in the Mueller community. This development, Aldrich 51, which is a joint venture with AHFC, utilized 4% LIHTCs and tax-exempt bond financing, and involved structured parking, as does this proposed development.
