Additional Backup Information:

The budget amendment for \$750,000 will increase the total funds available to renovate these three stations to \$28,950,000 and allow the project to move forward.

A reimbursement resolution is a separate, but related item on this Council agenda. A reimbursement resolution is required by federal and State law whenever a bond issuer plans to use bond proceeds to retroactively reimburse itself for expenditures the issuer already incurred. The use of a reimbursement resolution is approved in the City's financial policies and allows the City to start projects to be funded with bonds before the City's next scheduled general obligation bond sale. The City typically schedules its annual issuance of general obligation debt in late summer to coordinate with the budget cycle.
