Council Committee, Boards and Commission Action:

January 10, 2022 - The Electric Utility Commission meeting was cancelled due to lack of quorum.

January 12, 2022 - Recommended by the Water and Wastewater Commission on a 7-0 vote with Chair Lee abstaining and Commissioners Atallah and Williams absent.

Additional Backup Information:

These contracts will provide routine plumbing preventative maintenance and repair services on an as-needed basis for all City departments and over 300 City-owned facilities. Other services provided under this contract are plumbing replacement and installations of like items of similar purpose, projects including additions and modifications to pipe routing, isolation valves, plumbing cleanouts, hydronic plumbing/piping, and emergency repairs. No structural, architectural, or mechanical engineering changes or services will be rendered under this

contract, nor will the contract be utilized for new construction.

These contracts will replace three existing contracts, the earliest of which expires on March 30, 2022. The requested authorization amount was determined using departmental estimates based on historical spend and future usage. The recommended contractors are not the current providers for these services.

If a contract is not secured, plumbing repairs to City facilities may be delayed leading to larger plumbing issues and increased repair expenses.

Strategic Outcome(s):

Government that Works for All, Health and Environment.
